Under the leadership of the working class will be formed in the course of the revolutionary movement, the instruments of power that characterize every socialist revolution and proletarian. The democratic form of the delegates of the people elected in assemblies of mass is higher than any other form of democracy, unmasks and puts in ridiculous farce of bourgeois electoral system. The people are the strength of each transformation; the people, under the leadership of the working class and its party, establishing the revolutionary government, will finally decide all the changes it deems necessary. The revolutionary councils of the people and the factory will decide everything. So will proclaim:

- Enough with the system of elections and the ballot box in which you must vote for parties and people that you can not control and do what they want.
- Enough with the system of parliament recite their farces in which the representatives of the bourgeoisie and revisionism that has been stolen by fraud the votes of the people.
- Enough with the system of MPs who corrupt the public's administration and that can never be taken away from their thrones of power.
- Enough with the taunts system that defend the exploitation and oppression of the people.
- Enough with the system of ministers who decide on the recommendation of the reforms and payment of the big capitalists.
- Enough with the court system that leave free the rich who steal, and imprison the hungry who steal some food and the proletarians who rebel and protest. The revolutionary councils of the people and the factory will send their delegates to form the revolutionary government, deliver to them the will of the people, the delegates will submit to the control of the mass, and resign them whenever they do not respect the people's mandate. Will administer the justice of the people and prevent any corruption in public administration. Exercise the dictatorship of the capitalists and the popular traitors, and prevent them forever to exploit and oppress the people.
