

Pat Buchanan

election laws

- couched in "liberal" garb

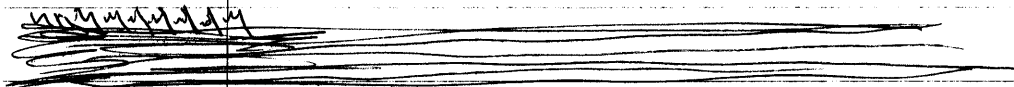

two aspects

① disclosure - name, address, occupation of contributors

federal laws

② public financing - // discriminatory definition of what constitutes a political party

① - must turn over ^{records on all contributors} \$100+ ; keep records on anyone \$10 or more

+ many state + local laws

we have complied to best of our ability - huge job
[going on now] an audit of 1972 [SWP nat'l] report by General Accounting Office

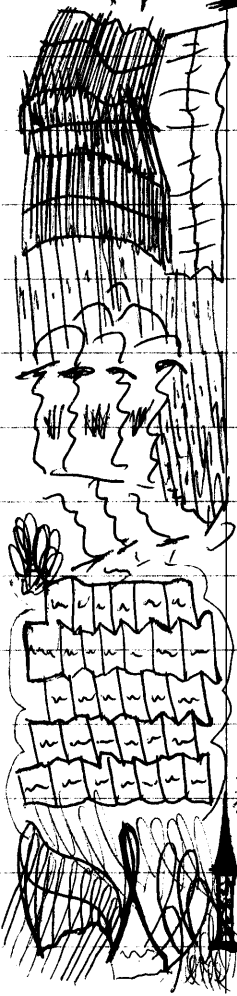

[ACLU] - [SWP] ^{mount legal} challenge to disclosure provisions
↳ ^{wants} willing to do it with us

advantages to ACLU - money ; nationwide network of lawyers

drawbacks to ACLU

1) CODEL - ACLU may take dim view of

2) potential conflicts // this suit + Watergate suit

* review question of disclosure
