Dear Comrades:

On Tuesday, June 19, 1973, an Argentine comrade from the PST spoke at the Los Angeles branch as part of a national tour. We assume that this tour was sponsored and financed by the SWP.

Comrade M., from Argentina, was a welcome sight, as we are always pleased to have first-hand reports from other countries. However, it must be pointed out, that this tour was not merely to represent or report on the PST's activities, but the comrade did speak in favor of the Leninist-Trotskyist Tendency, and against the Internation Majority Tendency.

At the following Sunday's Executive Committee meeting, a motion was made that the SWP sponsor and finance a speaker from Europe, representing the views and supporting the position of the I.M.T. The motion was made in good faith, and with the intention of preserving the fullest democracy, particularly during the pre-convention discussion period.

The branch organizer, Wendy Reisner, suggested that this be done directly to the national office, and said that she felt confident our request would be met.

Therefore, we, the undersigned, request that such a tour be undertaken and sponsored by the SWP.

We feel certain that all comrades would be interested in hearing the IMT position, and having a chance to discuss the world situation with a comrade from Europe.

We look forward to hearing your response as quickly as possible.

Comradely, *EM.*
