To All Organizers

Dear Comrades,

Along with some of the new ideas and changes in the Young Socialist discussed at the last convention there are a couple of things we feel are especially important to stress.

(1) Each local should assign a comrade to be YS director and the enclosed form should be filled out and sent in notifying us who this person is.

(2) Each local YS director is responsible for sending in articles, notes, clippings, photographs, etc. on important local activities ( antiwar movement, free speech fights, election campaigns, etc). In addition the YS director is responsible for sending in ideas and criticisms that YSAers and other YS readers may have about the YS.

(3) Each local YS director is responsible for organizing sales of the YS . Local executive committees and YS directors are urged to discuss ways and plans to sell the magazine on a regular basis. Sales can be made on campus, at antiwar meetings, at meetings of our opponents, at newsstands, etc.

\* The local may decide to have two comrades work on the Young Socialist. One to organize sales and another to be correspondent. If this is done both names should be sent in.

Comradely,

Charlie Bolduc  
Business Manager
