## Debs Prepares to Test Vote Rights This Fall

### Registers and Will Try to Vote Despite Stand of Justice Department

Eugene Debs, brother of Eugene Debs, sends the following important news to the American Appeal: Terre Haute, Ind., Sept. 11.—We have today to enable him to register for the fall elections. You will be interested in knowing that the registration officials were directed to see him and treat him with the utmost courtesy and consideration.

There was some doubt as to whether he would be allowed to register without a challenge, but this was soon dispelled after he appeared at the registration office. There was no objection or protest to his registering as a citizen and voter. It now remains to be seen whether there will be any objection to his voting on election day. We think not, but there should be, there certainly should be prompt action to assert his constitutional right in spite of the government officials who have decided that he must be "pardoned" and take an oath to support the constitution before he would be allowed to vote again.

Representatives of the United States Department of Justice and the Harding-Coolidge administration have recently stated and based their action on the assumption that Debs lost his citizenship as a result of conviction and sentence to prison for violation of the Espionage Act. Harding did not bring with it restoration of his citizenship. The attorney general explicitly stated last summer that Debs would have to be pardoned and take an oath to support the constitution before his rights would be restored.

## Socialists of New York Name Strong Ticket

### Will Be Only Labor Ticket in Field This Year in That City

Socialist party of New York City entered a strong ticket in the local, state and national elections to be held this November. The Socialist ticket is the only labor ticket in the city.

Headquarters of the party announced the full ticket this week with the approach of Tuesday, which is to be Tuesday.

Supplementary statement urged Socialists to be sure to vote primaries to place the candidates below on the Socialist ticket.

The nationally known Socialist ticket will run for Congress in New York City are the following: Samuel E. Beardsley, M. Mailly, Edward F. Cannon, D. Cannon, William M. Cannon, Abraham I. Shipplacoff, James Oneal, Jessie Walcott.

## Low Wages Kill Mothers

Washington.—Maternal death rates in the United States increase in proportion as the husband's earnings fall. A report on the mortality rates of mothers by the children's bureau, study was conducted by Dr. Morse Woodbury, and it covers available information as to why mothers die at childbirth. It finds that deaths among mothers at childbirth are almost wholly preventable.

## Sacco, Vanzetti, Were Railroaded, Says N. Y. World

### Big Metropolitan Daily Makes Statement After Special Investigation

Sacco and Vanzetti, radical labor leaders, who aroused the vengeance of the capitalistic interests of Massachusetts by their activities in behalf of the workers, and were sentenced to death by electrocution for alleged robbery and murder are innocent, and were railroaded to this death sentence, in the opinion of the writer of a series of feature articles now running in the New York World following a special investigation of the case by that newspaper.

The writer, John J. Leary, Jr., gives as reasons for this conclusion, these among other facts: The arrest and conviction of these labor leaders took place in the midst of the notorious Palmer Red raids under the Wilson administration when public passion and prejudice were inflamed to the limit against all radicals and when every radical was presumed to be guilty when charged with any offense.

## Green Pledges Aid of Labor in War on Fascism

### A. F. of L. Leader Suddenly Appears in Anti-Fascist New York Convention

William Green threw the anti-Fascist convention, in session in the Radio school, New York, into a tumult of cheers and applause, when he appeared unexpectedly on the platform and announced that the American Federation of Labor would join with the anti-Fascists to drive Fascism from the face of the earth.

The fact that this convention represented the Communist-led section of the American anti-Fascist movement, and that President Green had occupied the platform and made this explosive pledge, was the occasion of great surprise.

The Socialist members of this organization withdrew recently and organized an anti-Fascist movement opposed to dictatorship, after it became apparent that the Communists were determined to exploit the movement for their own benefit.

"In my official capacity as president of the American Federation of Labor," President Green said, "I transmit to you the sympathy of all American workers for your cause, and I assure you that the American Federation of Labor will stand with you until we have succeeded in driving Fascism from the face of the earth and in making this world one of the people, by the people and for the people."

"Fascism stands for repression," declared Mr. Green, "and the denial of the expression of what is in the human heart. It is an enemy of society and of humanity. The American Federation of Labor shall always oppose the subjection of a people to servitude, such a subjection as seems to be the policy of the Fascist movement."

The national convention of the Anti-Fascist Alliance ended its three-day session after passing a resolution inviting the Socialists to rejoin the Alliance. At the closing session it was openly declared that should the Socialists come back there would be a few places reserved for them on the executive board.

The Socialists were absent and kept silent all through the convention and it is said that nothing can induce them to return to the Alliance so long as the Communists will remain in it.

If Socialists only knew how weak plutocracy was and how it fears that the people would find out and in finding out turn against it, they would arouse with more than their old-time vigors and educate the people to a speedy overthrow of exploitation.

## U. S. Tricked By Mussolini In Debt Deal

### Dictator Shunts Money Loaned to Restore Industry Into His War Chest

London.—A hundred million dollars of American money, loaned to reestablish Italian industry, has been put into Mussolini's war chest. This is the astounding statement which Italian liberals, escaping from their country, have brought to Switzerland, whence it has been telegraphed all over Europe.

When Count Volpi went to Washington last winter to fund the Italian war debt he was accompanied by Alberto Beneduce, head of the Italian Institute of Credit. This is an institution founded in 1912—before Mussolini came to power—to secure capital for Italian development.

Count Volpi pleaded that unless liberal terms were granted on the war debt, Italian industry would be crushed with taxes and unable to raise the capital needed for rehabilitation. Liberal terms were granted. Uncle Sam agreed to accept about 20 cents on the dollar from Italy.

As soon as the settlement was made, Signor Beneduce, as head of the Institute of Credit, began borrowing from private American bankers. It is reported that he secured loans of not less than \$100,000,000.

This sum was advanced to enable Italian industries to buy steel, coal, cotton, rubber and other raw materials, and to finance exports.

But at the very time the loans were made, Mussolini issued a secret decree, turning all those good American dollars into the royal treasury, and giving the industrial concerns lira in exchange, except that they get back enough gold to pay the interest and sinking fund charges.

This decree is dated February 10. Many of the American loans had not been made at that time. They were virtually confiscated to the Fascist war chest before being made.

London financial circles are asking how America will take this performance. It amounts to obtaining money under false pretenses. The deceit is aggravated by the fact that Italy got such lenient terms on her war debt, more than four times as easy as those exacted from Britain and more than twice as easy as those demanded from France.

Yet the Fascist government, after being singled out for special favors, coolly confiscates industrial loans to Fascist purposes.

## Mussolini's Long Arm Would Sieze Italy's Refugees

Rome.—The long arm of the dictator-tyrant, Mussolini, is seen in future attempts to reach inside the borders of other countries and seize and drag to their death many Socialist, Communist, Liberal and Labor refugees from Italy in other lands.

Following the attempt to assassinate Mussolini by an Italian, who is said to have lived in France a number of years, Mussolini has proposed a threat to France and other countries now harboring Italian refugees. He said:

"I will pronounce now some grave words which must be interpreted exactly by reasonable people. We must put a stop to certain culpable, tiresome conditions which we tolerate outside our own frontiers. We would advise responsible governments to take note of this, because otherwise their friendly relations with the Italian people might easily be compromised. We are prepared to act if necessary."

"After mature reflection, I think we must apply new measures—not for myself, because I really love to live in danger, but the peace and glory and work of the Italian people must not be disturbed by a handful of criminals."

There is a good deal of talk from unofficial sources of Italy asking France for the right to extradite all active anti-Fascist, but this course is improbable as difficulties are presented by international treaties.

Europe has no credit unless her old debts are canceled. It is for this reason that American bankers, not European nations, are urging the cancellation of European debts to America. It would not mean actual cancellation of the debts, but only the unloading of them on the American people.

The source of the Socialist movement is the worker's brain and heart.

## Debs Family Give \$100 to Socialist Campaign Fund

### The following message accompanied by a \$100 check was received by National Secretary Henry: My Dear Comrade Henry:

Enclosed please find check for \$100, \$25 each from Katherine, Gertrude, Gene and myself to the Campaign Fund.

We hope there will be a liberal response to your appeal from all parts of the country.

There are greater opportunities for the Socialist Party in the campaign this fall THAN THERE HAVE BEEN AT ANY TIME SINCE THE WAR. It would be nothing less than betrayal on our part of the cause we profess to love above all else not to take advantage of the great opening for constructive work and for setting the Socialist Party firmly on its feet again, the country over, before the close of the present year.

Without going into details, WHAT IS NEEDED ABOVE ALL ELSE AT THIS TIME IS MONEY FOR OUR CAMPAIGN FUND SO THAT WE MAY ENTER THE FIELD PROPERLY EQUIPPED FOR CAMPAIGN SERVICE AND MONEY TO SUSTAIN THE AMERICAN APPEAL IN ITS MAGNIFICENT FIGHT TO REBUILD THE PARTY AND TO REGENERATE THE MOVEMENT AND TO MAKE IT STRONGER AND MORE EFFECTIVE THAN IT EVER WAS BEFORE.

Comrade King with his limited but most efficient staff is giving us a paper that every member can hand to his neighbors and friends with pride and with the knowledge that it is the most militant and educational organ the party has ever had, and that it deserves and ought to have the active and energetic support of every member of the party and every friend of the movement.

Your Comrade in the Cause,  
THEODORE DEBS.

This splendid example and powerful appeal is a challenge to every Socialist in the United States to give something at once in this hour of great need and opportunity.

Surely, there is not a Socialist in the United States who will not respond.

This is an occasion when both time and money are supremely precious.

GIVE US ENOUGH MONEY BY THE END OF THIS MONTH TO PUT OUT 20 ORGANIZERS AND RESULTS WILL FOLLOW THAT WILL CAUSE YOU TO CONGRATULATE YOURSELVES THE REST OF YOUR DAYS.

## The Broadcaster

There will be no feeling that life is not worth while when Socialism comes.

Many tell you that Socialism is wrong, but no one can tell you wherein it is wrong.

The unions would give you a greater share of what you produce. Socialism would assure you all.

To "enrich" Socialism helps to a discussion of it, and discussion boosts it always and everywhere.

The very fact that Socialism is not by abuse is the best proof that there is no real argument against it.

Should you cease spending money for Socialist literature the masters would hunger you could have that much more they could take from you.

A change of nature is not required to effect an exchange of goods in the interest of the producers of them.

One thing: Socialism never tried to use religion or the churches in support of war and graft like capitalism has done.

Many people are against what they think Socialism is merely because they do not think.

Both the Republican and Democratic parties are financed by business men who expect to profit from what they give. Only the Socialist party is financed by the workers. They who pay for the campaign will control after the election.

All wars come from two sources: They are fought either as an act of national highwayman-ship to hold up and rob other people, or they are fought to keep from being robbed. No robbery, no war, no reason for war.

## And They Say It Can't Be Done

Cooperation in America has been in terms of consumers' societies, banks and marketing associations. We forget that cooperation also produces as well as sells. Over across the water the Telephone, Anchor Hove and Shoe Society got off to its start back in 1893 when co-operators, convinced that consumers' societies in their great success had done but half the job, organized a producers' co-op. In a street with the romantic name of Friars' Convent those men started their little shop with more enterprise than capital, which totaled only \$500. For that first half year there is no record of the business done in babies' boots, the first venture of the society, but in the second half \$1000 worth were sold, and in five years they were making boots, shoes and slippers rated at \$1000 a shoe.

Quarters were moved, a new factory built, repeated additions were made, until in the war years production rose to half a million dollars annually. Now it is mounting up to new heights.

Workers run this society as well as own it. Each experienced worker has at least \$500 invested, gets regular dividend quarterly. Hours have been cut below the trade union schedule. So high is the quality of the co-operators that the Institute of Hygiene's certificate of merit was awarded not only for their health merits but also for quality of materials used.

never any contests in the Socialist primary elections, while the Republican primaries are a battle royal between so-called progressives and reactionaries.

Congressman Victor L. Berger, as candidate for reelection in the 5th Congressional district, Milwaukee, received 5,980 votes. His Republican opponent, W. H. Stafford, polled 12,084 votes.

The last time Berger ran against Stafford was in 1922. In the primaries that year Berger received 8,216 votes and Stafford 20,066. In the final election the vote stood, Berger, 30,450; Stafford, 26,274.

In a greatly reduced general vote, Berger's vote has fallen off about 37 per cent and Stafford's about 35 per cent.

Edmund T. Melms, Socialist congressional candidate for the 4th Congressional district, polled 3,787 votes. Herman O. Kent, Socialist candidate for governor, received 9,722 votes in Milwaukee county.

## 20,000 Men Get Most of Coolidge's Prosperity

### Passaic Police Brutally Club A. F. of L. Men

#### Smash Line of Pickets After Making New Guarantees to Strikers.

Passaic, N. J.—After agreeing that it was perfectly legal for the textile strikers to picket all the gates of Botany Mills, Chief of Police Richard Zober ordered his policemen to attack a picket line walking before the Sherman street gates of the Botany.

Yesterday's conference was between Commissioner Preiskel, Chief Zober and Gus Deak, chairman of the newly organized Local 1603, U. T. W., and George Hays of Paterson, representing the United Textile Workers of America, and Sigmund Unger, local attorney, who has been handling the local work of the strikers.

This morning the picket line was walking about quietly and had no trouble with the police, although there were plenty of policemen about, until Chief Zober drove up in his automobile and gave instructions to his men. Immediately, without a word of warning, Zober's men rushed at the picket line and engaged in an orgy of clubbing. One striker, A. Panaris, was so terribly maltreated that his arm was broken and he had to be rushed to a doctor. Others show huge black and blue spots on their bodies. The clubbing was done so savagely that even Zober, who had ordered it, called out to his men "don't hit them so hard."

This splendid example and powerful appeal is a challenge to every Socialist in the United States to give something at once in this hour of great need and opportunity.

Surely, there is not a Socialist in the United States who will not respond.

This is an occasion when both time and money are supremely precious.

## Organized Farmers and Workers Join in Monster Co-Op

### 150,000,000 Bushels of Union- Label Apples to Be Sold to Union Men.

#### By Carl Haessler (Federated Press.)

Chicago—(FP)—The biggest single instance of farmer-labor cooperation on the industrial field of its kind will be the marketing this fall of 150,000,000 bushels of apples by the Farmer-Labor exchange. The entire crop of the famous Wenatchee apple district of Washington state, totaling 2,200 carloads of 700 boxes of 100 apples each, will be sold to unions, co-operatives and other clients of the Farmer-Labor exchange, Secretary C. E. Lowrie announces.

Each box of apples bears the label of the Washington State Farmers' Union and of the Allied Printing Trades council. The fruit marketing division of the farmer union is organized as the Wenatchee Cooperative Ass'n. Every farmer enrolling in the Washington Farmers' union automatically becomes a member of the marketing co-op. The union headquarters are at Spokane and the marketing division for fruit at Wenatchee. The farmers in the district are over 50 per cent union.

"This is the first line-up of the apple growers with union labor through the double label," says Lowrie, whose institution is one of the pioneers in bringing the producing farmer organizations into economic touch with the industrial workers. "When we get the farm producers doing business with the city producers on the economic field it will be only another short step to combine effectively on the political field on a joint producers' ticket."

Besides union-label apples the exchange is handling union-label butter from the Kansas Farmers' union, honey from Idaho, garden produce and the Bakotas, eggs and poultry, early fruits and vegetables from Texas, Oklahoma, Arkansas and Florida and union coal from Illinois. The coal is not only mined by union miners but the mine, the famous Herrin strip mine over which the victory for unionism was won in 1922, is owned by the United Mine Workers, Dist. 12, Bakery Workers' Local 2 of Chicago recently ordered a carload of Herrin coal through the exchange for heating its meeting hall. Other unions have done the same and some order in carload lots to be distributed in ton orders to their members at their homes.

The Farmer-Labor exchange maintains headquarters at 179 W. Washington street, Chicago.

## 1,200 Big Firms Got Five Billion Dollar Income During 1926.

Washington.—A group of 20,000 men in control of 1,200 corporations are the controllers and beneficiaries of President Coolidge's boasted "national" prosperity. This and other equally sensational facts were disclosed here by a careful survey of tax returns made by the Internal Revenue Bureau.

They have created a sensation in political circles, especially among the politicians of the Republican party who are preparing to make "prosperity" the issue of the campaign this fall. These facts show conclusively that the present allowed prosperity is confined to the privileged class, who are growing in wealth at the expense of the mass. It proves the contention that monopoly has grown under the Coolidge administration at a rate never equalled before in American history.

The Government statistics show that the 1,200 favored corporations stand to make profits of more than \$5,000,000,000 during 1926, while the remaining 398,000 smaller combines all told will not make quite so much.

During the year a great many of the small corporations were forced to the wall because of alleged unfair trade practices on the part of the big fellows which went unheeded when told to the Federal Trade Commission.

Within the 1,200 group, it was revealed, there is a smaller body of 168 corporations which are allowing in wealth. Each of these combines made a profit of more than \$13,500,000 during the last fiscal year, in which the figures are available. Their profits aggregated, according to the tax returns, nearly \$2,300,000,000. They did a gross business of \$25,000,000,000, leaving to the other 398,700 corporations \$2,000,000,000 worth of business.

Republican leaders were grooming Col. William J. Donovan, Assistant Attorney General, as a great trust buster, in order to allay the discontent of the people over the amazing growth of the trusts, and there was a great blare of trumpets every time the government filed a suit based on alleged violations of the Sherman Anti-Trust Act and the Clayton Act.

Colonel Donovan himself pricked that bubble in public speeches by declaring that the government was helpless to a large extent in breaking up the trusts because of the impotency of the statutes and he pointed out some glaring defects as he saw them. Now comes the President and completely demolishes this Republican subterfuge with the announcement that he will not ask Congress to place any curb on the trusts, even though a few big trusts are grabbing up most of the wealth of the country.

## Judicial Tyranny Drives Canadians Into Labor Party

### Chances of Labor Candidates Increase as Campaign Nears Close.

#### By C. McKay

Montreal—(FP)—As the famous decision of the British courts in the Taff Vale case turned the activities of British labor into political channels, so, it appears, the recent court decisions in Canada declaring peaceful picketing and boycotting illegal have stirred Canadian labor to a new interest in politics.

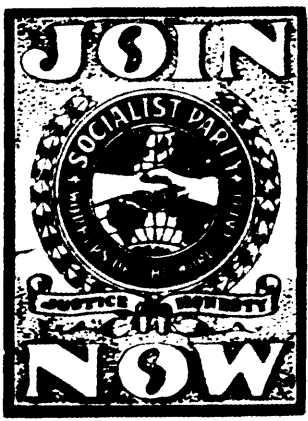

In the present campaign a score of labor candidates are running for the dominion parliament, while the unions everywhere are taking pains to see that candidates of all parties declare their attitude to the legislative program of the Trades and Labor congress. That labor will need friends in the next parliament is generally recognized, for the national organization of business interests formed in 1925 to introduce prosperity has discovered no better formula than to reduce production costs in order to increase export trade.

Thus if the next parliament does not restore the legal rights labor tacitly enjoyed in the past the employing class will have a big advantage if it tries to enforce wage reductions.

Whenever there is a whisper of exposure of profits, the prostitute press shouts, Russian propaganda! Russia must be mightily prosperous to be able to afford all the propaganda they charge against her.

Fire mass meetings with Comrade Tony Sender of Germany are in the making and numerous meetings with Jesse Stephens of Great Britain are being organized.

A resolution was adopted by the Executive and Central committees thanking Comrade Julius Gerber for his splendid work in the preparation and filing of the primary nominating petitions of the entire city.

Comrade Mrs. Doris Morris has been doing fine work in the state of Idaho, organizing locals, securing members at large, taking subscriptions to the American Appeal, etc.

It is quite interesting to know that for some time Comrade C. H. Cammans, State secretary, was very much discouraged and in communications to the National headquarters he invariably stated that the voters of that state were so sound asleep that it would be impossible to awaken them until something happened to tear them loose.

BETWEEN NOW AND THAT TIME THE APPEAL PROMOTION AND SUSTAINING FUND AND THE ARMY MUST BECOME LARGE ENOUGH TO SUSTAIN THE APPEAL.

WHITLOCK LEADS AGAIN John T. Whitlock of Chicago again leads the way with fifty six months

Four Army Scouts Win Prize the Second Week

Prize Winners The following members of the Appeal Army sent in orders last week of \$5 and over for subscription cards and subs. They have, therefore, won the Appeal prize—Jack London's famous book, The War of the Classes.

subs. We would like to see others match Whitlock. Are there any others with the determination of this man? Is there another? I am sure there are a hundred reading the American Appeal who can do the same.

Here is that perpetual Channing Sweet of Denver, Colorado, with his ten spot for ten yearlies. Say Channing buys the sub. cards and lets others find willing readers. Others should follow his example.

Samuel Hartman of Brooklyn sends 5 yearlies and gets a copy of Jack London's book, "War of the Classes." This Comrade will repeat, but we want to hear from others.

L. Rabinowitz of Chicago sends in six subs. and takes to the trenches for more. This Comrade never fails to bring in a bunch of pale faces weekly. He gets the results.

Here's Green Bay, Wisconsin. Comrade Watson Lisson sends in six subs. to the American Appeal and gets a sub. blank. Say it's the rank and file in Wisconsin that turns the trick.

See, but here's Alaska again, where it's so cold that one must get warm hustling for subs. Comrade Lee Ross starts out for scrips and instead of getting hides of the fur bearing animals of these parts he gets pale faces, so we chalk up eleven for Ross.

Milwaukee comes again. Comrade Mrs. Grace Wolfsohn sends in four three month subs. That's what makes Milwaukee famous.

G. V. Johnson of Chicago sends in three yearlies, all renewals. Say boys don't forget to write up the subscribers when they run out. We have no trouble in holding them after they get a try but it's best to see them.

W. C. Blyskal of Canon City, Colo. comes in but again with a four barker. This chap promised a long time ago that he would send in four every month, and he has kept his word. Fine city, that, and a good man lives there.

Anton Zornik of Hermitle, Pa. never fails to land a bunch of subs. This week he slams four yearlies at the bull dog and goes back for another bunch for next week.

Here is that tireless worker, Nick Weltlich, Mason, Ohio, with another bunch of subs. Nick is a regular go-getter and never tires.

Hurrah for Philadelphia, Pa. Comrade Marie W. Wannamacher, Secretary of Local Phila., scares the bull dog almost to death and frightens the office boy until he forgets to buy his usual ice cream when she lands nineteen subs. all in a heap on the Editor's desk. "Gee, but that's a fine bunch," says the Editor as the line-up began.

Millard Price, the hustling, smiling, two listed propaganda man from Toledo, Ohio, makes a home run with eleven subs. and the bald headed Editor wondered who it was in Ohio that makes such hits until he looked for the name and found it was Price.

Here Comes the Twos C. C. Deputy of Indianapolis sends his two subs. and promises to be one of those regulars hereafter. I guess what he means is two every week.

Bonnie L. Johnson of Redlands, Cal. sends two new ones from the sands of California.

Wm. Huttemann, Sr. of Peru, Ill. sends in two scalps but insists in being given the right of repeating. Granted.

M. Yaffe of Sheboygan, Wis. comes to bat with a two bagger and gets a new sub. list for his future work.

Mark Parker of Lakewood, N. Y. sends two new readers and gets a new blank in turn.

Henry Hoemaker of West De Per.

Wis., sends in two, but this Comrade is a regular on this work. We expect him to be back for next week's report.

Bundles Here are some new ones, may their tribe grow in numbers and may the old ones keep coming.

Mabel E. Smith of Green River, Utah sends in a dollar for a bundle and promises to get some new readers after they are placed out. Green River is in the desert but there is no dry bones in the Smith family.

J. N. Dole of Pasadena, Cal. orders one hundred in one bundle for the city of flowers. We don't care where the order starts from, we promise to get the papers there.

Again, Marie Wannamacher of Philadelphia sends for a bundle of one hundred and they were sent post haste. Must be some lively ones in the city of Brotherly love.

Singles These singles all count and we hope the tribe grows, but we would suggest that the membership become two timers by next week, and then after a little coaching we will find some of them becoming ace.

W. S. Larcom, of Norwalk; John M. Kruse, of Rock Springs, Mont.; Alfred Baker Lewis, of Boston; T. F. Brough, of Amesbury, Mass.; H. Berling, of Brooklyn, N. Manager Warns Socialists

Comrades: Will you read this statement through? The American Appeal is making a drive for 100,000 readers by January 1, 1937. A drive was started for this goal just two months ago. To date we have made fairly good progress, but we are not going fast enough to make it with the present gains.

The American Appeal has been running on a deficit and will be doing so until we reach our goal. No paper can carry itself along with a weekly deficit eating its very soul. The management cannot give its best efforts to the paper when it must take its time to worry about paying bills.

EVERY ONE CAN HELP A LITTLE. EVERYONE CAN GET SUBS, OR PAY TO SEND SUBS TO OTHERS, AND THAT IS ALL, ABSOLUTELY ALL, THAT IS NEEDED.

The only reason the Appeal has a deficit and has to have a SUSTAINING FUND is because ONLY 1,500 SOCIALISTS IN ALL THE UNITED STATES HAVE HELPED SINCE THE PAPER STARTED BY GETTING SUBS, WHILE 15,000 SOCIALIST READERS OF THE APPEAL HAVE NOT HELPED SINCE THE APPEAL STARTED.

WE WANT YOU SOCIALIST READERS WHO HAVE NOT HELPED, TO GET IN AND HELP BY SENDING IN SUBS, OR PAYING FOR SUBS, TO BE SENT TO FRIENDS OR FELLOW WORKERS.

Let us see how many of you will help in one of these ways from now on. THE LIFE OF THE MOVEMENT IS IN YOUR HANDS. WHAT ARE YOU GOING TO DO ABOUT IT? WILLIAM H. HENRY, Manager.

Miss Sender to Start Tour Soon

Miss Tony Sender, Socialist member of the German Reichstag, will start on a tour of the central section of the United States on October 1. Beginning with meetings in Buffalo on October 1 and 2, she will attend the American Federation of Labor convention in Detroit, to get a slant on the American trade union movement.

She will speak in Cleveland, Oct. 8 and 9; Chicago, Oct. 10 and 11. The National Office of the Socialist Party has arranged a date in Milwaukee on Oct. 14, a meeting in Dayton, Ohio, Oct. 17; Pittsburgh, Oct. 19 and 20. Other dates will be announced in next week's issue of the American Appeal.

Wherever Miss Sender is dated, every effort should be made to make the meetings a big success. She is well informed, having taken part in the Socialist and Labor movements in Germany and France, and is a very able speaker in both English and German.

It is not the American people who have disgusted Europeans with American plutocracy, but American plutocrats who rob the American people. The profit system is the greatest curse of the age.

Under the present constitution ignorant people are still slaves.—Condorcet.

Everywhere the strong have made the laws and oppressed the weak; and if they have sometimes consulted the interests of society, they have always forgotten those of humanity.—Turgot.

Prejudice is the reason of fools.—Voltaire.

(Bless)—Do not waste your time on Social Questions. What is the matter with the poor is Poverty; what is the matter with the rich is Uselessness.—Shaw.

The higher selfishness says that one can prosper only as all are prosperous. It accords freedom for all in order that the individual may be free.
