

Department Store Clerks and Drivers Go Out on Strike

Strike Called at Greatest Meeting of Workers Ever Held in Buffalo — Men and Girls Vote unanimously To Go Out — Union Organized and Will Insist on Demands.

The department store clerks at a meeting held at Miller's Harmonia Hall last night voted unanimously to go on strike on Thursday morning. The delivery wagon drivers immediately called a meeting and decided to follow suit and will also strike. Every one in the hall voted to go out and the organization of the union was positively decided.

If you have a spark of manhood or womanhood in you, stay away from the department stores while the employees are fighting for more wages, less hours, and better working conditions. The public of Buffalo stood nobly by the street car men and they have won their fight. Upon you will largely rest the outcome of the present struggle.

The greatest mass meeting ever held in the city of Buffalo was that of the department store clerks, at Miller's Harmonia Hall last night.

The hall was filled to suffocation with men and women in protest to the low wages and long hours which they have suffered for years without any possible chance of relief.

For some time past there has been a spirit of revolt among the clerks in every store of this city, and talk of organizing the employees has been the principal topic of conversation for some time, and the clerks only awaited the chance to go.

The agitation in this direction became so great that action was demanded immediately. Mr. W. F. Cattell, business manager of the Buffalo Socialist, consulted with those who had sent in their names and called a meeting for last night, Wednesday, notifying at the clerks by letters handed them at the stores.

The response to the call amazed the most optimistic of those interested in the forming of a union. The hall was crowded to the doors, at least 2,000 being present.

IMPORTANT NOTICE TO ALL STRIKERS. ATTEND THESE MEETINGS.

The employees of the H. A. Mel-drum, Flint & Kent's, Kleinhaus, and the Main Street Five and Ten Cents will meet in Franklin Hall, 52 West Eagle street, corner of Franklin, at 10 a. m. and 3 p. m.

The employees of The Sweeney's, Harmon & Son, J. K. Adams, Adam, Mel-drum & Anderson, Weed & Company, Walbridge & Company, William street five and ten cent store, Bleigut & Fray's, Our Own Delivery, The Delivery, and all other stores, meet at Miller's Harmonia Hall, 264 Seneca street, near Michigan. In case of an overflow another meeting will be held across the street from Harmonia in the International Hall. These meetings are called for 10 a. m. and 3 p. m.

BE ON THE PICKET LINE. Be on the picket line before 8 o'clock and see that no one goes to work.

FOOD WAGES CAUSE WANT AND SUFFERING. The applications for membership received by the president of the organizing association, W. F. Cattell, contain an awful indictment of the conditions existing in the department and five and ten cent stores of this city.

THE FIRST OF MAY

(By Camille Huysmans, Secretary of the International Socialist Bureau.) We are passing through a splendid period of working-class unrest. More and more the workers' army is consolidating its organization in a way that makes for its well-being, prepares the way for its emancipation, and imposes its policy of peace between the nations upon the world.

Every year, on the first of May, we review our army, which has now reached the godly number of just upon ten million well-disciplined soldiers, representing families which may be counted as 50,000,000 people.

The history of the world has never seen since the birth of Christianity such an intense movement, nor one which has made its influence felt so rapidly.

CHAUFFEURS MEET AND ORGANIZE UNION

A meeting of chauffeurs was called for at Bartenders' Hall, and a union organized. About 80 signed applications for a charter in the Teamsters' Union. Very little effort was necessary to secure those who have come, and it is safe to say that with the existing conditions a large membership and a strong union will result.

EXPRESSMEN HOLD BIG MASS MEETING

A big mass meeting of express company employees was held last Wednesday at Franklin Hall, 52 W. Eagle Street and the organization of a union was completed.

The meeting was called by William F. Cattell, business manager of the Buffalo Socialist, at the request of a number of the men working for the express companies of this city, and a hearty response to the call showed the eagerness of the men to join.

Temporary officers were elected as follows: Almer V. Bowen, president; Row' Mudd, financial secretary and treasurer, and E. Clarke, doorkeeper; John Coleman presided at the meeting.

The next meeting will be held on Sunday, May 4th, and by that time it is expected that every express man in the city will be enrolled.

STREET CAR MEN MUST DEMAND THAT SOCIAL CITY OFFICIALS REFUSE TO SAVE \$100,000 A YEAR

The city can save \$100,000 a year by lighting the streets by electricity. Ignoring this fact the aldermen passed a resolution to sign another five-year contract with the Westabach Company for gas.

STRIKE AT NEW YORK STATE STEEL PLANT

Last week about fifty of the workers employed at the New York State Steel Plant went on strike, including engine drivers, firemen, stokers, water tenders, etc. The men demand an increase in pay and an eight hour shift, instead of 12 hours at present.

The entire plant has closed down, and, as a result, effected about 400 men. The same old complaints come from the receivers and officials of the company that they cannot afford it. It is not to be expected that such concerns as this can afford to pay engineers over 30 cents an hour when the bosses are receiving from \$10,000 to \$20,000 a year for their services, besides the graft.

STREET CAR STRIKE A GREAT VICTORY

The strike of the street car men has been one of the greatest victories ever won in this country in an assured fact. The men have practically won every point.

INTERNATIONAL SOLIDARITY By Jean Jaures. For the twenty-fifth time May Day, this year, re-unites in one international demonstration the organized working class of the two worlds in their affirmation of frontiers, and in a mighty declaration of their determination to overthrow the forces which plunder and murder their class, and endanger the peace of the world.

Let us be stirring so that on May Day we may demonstrate in one body that the workers of all countries are ready to recover their rights; ready also to oppose the plots of Capitalism, and of Governments which endanger international peace.

FREIGHT HANDLERS UNION RECOGNIZED

The newly organized Freight Handlers' Union, No. 322, forced a signed agreement from W. J. Conners on Monday. Mr. Conners controls the freight business at this port and agrees to employ only union men. The agreement runs from the opening until the close of navigation. By its terms the men will be paid 25 cents an hour, a raise of five cents over last year, and last year's hours will prevail. Over 2,000 men are affected.

POLISH BAKERS TO STRIKE

The Polish bakers have just perfected an organization and will go on strike Saturday, May 3rd, for higher wages, shorter hours and better working conditions. They now work as high as 18 hours a day.

ELIA REEVES BLOOR ARRESTED

Elia Reeves Bloor, the Socialist lecturer, who spoke in Buffalo recently, was arrested Saturday night for speaking to the striking brickmakers at Mechanicville, N. Y.

2,000 Men and Girls Attend monster Mass Meeting

Attendance Surprises the Most Sanguine of Those Who Want Union — Every Indication that Strike Will Soon be Won — Everybody on the Picket Line.

Every employee of the department stores and the 5 and 10 cent stores in the city of Buffalo is on strike today. The employees have decided to strike, and now it is the duty of all workers with a drop of red blood in their veins to help these men and girls win.

Every store must be picketed and every person that attempts to enter should be notified of the conditions and warned that a strike is on. Get together and work to this end and victory is assured. Do your duty.

As for organization, am ready at any time. WORKING GIRL. THE DEMANDS. The store magnates have long looked upon the workers with scorn.

The store managers cannot claim that they were not given a chance to meet the demands of the union. Tuesday afternoon the following letter was sent by registered mail to the store managers by the president of the organizing association, W. F. Cattell:

Buffalo, N. Y. April 29, 1913. On behalf of the Department Store Employees' Association, I have been instructed to present to you the following demands for higher wages and improved working conditions.

Your answer must be in my hands not later than Wednesday, April 30th, 1913, at 5 P. M. ARTICLE 1—WAGES. Minimum wage for girls and women, \$8.00 per week.

Minimum wage for men, \$15.00 per week. Minimum wage for boys, \$8.00 per week. Minimum wage for drivers and chauffeurs, \$18.00 per week.

ARTICLE 2—HOURS OF EMPLOYMENT. No employee shall work longer than eight hours per day. Saturday a half holiday in June, July, August and September with full time. Stores to be closed every evening at 5 P. M.

Conditions of employment not herein mentioned shall be adjusted by you with a committee representing the Union. W. F. CATTELL, President. Organizing Association, 52 West Eagle St., Buffalo, N. Y.

With one exception, not a single department store magnate thought enough of the communication to even acknowledge its receipt. They have been accustomed to ignoring every right of their employees and the letter was treated with silent contempt.

There was only one course open to the workers after the store magnates had refused to treat with them and that was to strike and they did it.

The inconvenience caused by the strike cannot be blamed upon the strikers. The 5000 magnates refused to treat with their employees and they had to strike.

The public should lay the blame where it belongs upon the persons who own the stores and have driven the workers to desperation. The strikers have nothing to lose and everything to gain. They have the right spirit and they will win.

STREET CAR MEN OFFER AID TO STRIKERS

At midnight last night word was received at the office of the Buffalo Socialist that organized labor is planning to come to the aid of the strikers. Representatives of several unions got into communication with the representatives of the strikers and pledged the support of their organization.

Members of the committee of the recently organized Car Men's Union state that they will move a proposition to have every member of their union give two dollars per week to the strikers. ORGANIZE LAZERS, HELP YOUR STRIKING BROTHERS.

SOCIALIST NEWS OF WESTERN NEW YORK

In order to improve our Western New York Socialist news service, we invite every Socialist worker to send us names of all their acquaintances who would read the paper with interest in their particular locality. Concerning the charges for advertising, we will keep a list of 150 names as possible.

NIAGARA FALLS

The awakening of labor in this city continues to increase by leaps and bounds with each succeeding day. Following the recent street railway strike the aluminum roller mill workers had a successful strike; then came the U. S. Light & Heat Co. employees' strike ending with a success also. They came the aluminum potrooms' strike and on Saturday the Niagara Electric Chemicals were forced to close. The next steps have been for improved conditions at the Carborundum Works and the Union Carbide. All of these strikes have hinged upon colossal fortunes and have been a source of irreparable injury to the city as a whole.

A GOOD WAY TO CLEAN UP MILITIA

While out shopping a few nights ago one of our comrades pointed to a sign in a store window which read "Men Wanted to join the 65th Reg't." He called the attention of his wife who in turn informed the merchant that she did not think he was in good business advertising the militia after the part it took in the street car strike, and further that it was nothing but a murdering organization at best. The merchant saw the point immediately and removed the sign.

BRINGING UP FATHER

There is one man on the Enquirer's staff who deserves credit for his nerve and his work, and that man is the artist who draws the pictures of Mr. Conners as he used to be. Every day he shows his boss in some side-splitting comedy, portraying a former boss of the Enquirer as a capitalist class to be ashamed of themselves and families. One would naturally suppose that business men would be in favor of increased wages, but nevertheless, this is not the case. Their stupidity is marvellous. Increased wages would naturally also mean that a business man with a profited income. So you see, they are not in favor of it. Well, these (sighs) as a matter of fact have not been given to the city at all and are to all intents and purposes still in the flower garden. This method, don't you see, relieves Mr. Schoenlopf of paying taxes on the imputation of the city of Buffalo.

SAPERSTONE WINS BET FOR CATTELL

A few days ago some of the comrades were talking over the recent street car strike and Saperstone the tailor was on the rack for his treatment of the motormen and conductors and they were forced to go through the company. One man jokingly suggested that our business manager should see Saperstone in regard to advertising. Just then he was speaking in an undertone as a bluff offered to let him \$5,000 that he dare not ask Saperstone for an ad in the Buffalo Socialist.

AN INCIDENT OF THE BELGIAN STRIKE

One account of the Belgian strike gave an interview with a banker of Brussels who stated that "as yet there has been no more than the ordinary withdrawals of money from the savings banks," indicating that he, with the other lords of the moneybags, had anticipated earlier and heavier withdrawal. The strike had then been in progress about six days, and he further stated, "that it was evident that the strikers had not reached the end of their resources."

VICTORY COMES AFTER 8 WEEKS STRUGGLE

The machinists of the Wagner Machine Co., corner of Mississippi and Ferry streets, who struck for more pay on March 28th, went back to work Monday morning victorious. The result of this struggle means that the men will receive an increase of from three to six dollars a week. The most important thing was the complete recognition of the union. Joseph Sonnabend, business agent of District No. 12, International Association of Machinists, is surely putting life into this organization. The agreement with the Wagner Machine Co. is a rate of more than 37% cost per hour for inside work and not less than \$4.50 per day for outside work. This is the result of organization.

HELEN KELLER DREW BIG AUDIENCE IN BUFFALO

Helen Keller, the blind and deaf girl who has been taught to speak, under the tutelage of Mrs. M. J. Sobel, appeared at Shea's Theater last Sunday and amazed her audience with her wonderful ability to understand what is going on about her. Miss Keller is a student of economics and a Socialist and many of our comrades were in attendance.

COMING TO BUFFALO

Joseph J. Ettor, who was prominent in the Lawrence strike, and whose wife was in danger at the hands of the capitalist courts, will speak in Buffalo on May 10th at the Hotel Terrence. Ettor will speak in present against the imprisonment of the strikers who were arrested and are being railroaded. This is a result of the capitalist and textile workers at Little Falls last fall. The meeting will be held under the auspices of the local I. W. W.

NEXT?

We understand that the newspaper men are planning for a general strike. If that is so we will have to stop reading them, but we will await developments.

WHO TO TAKE ORDERS FROM? TO TAKE ORDERS FROM? INTERNATIONAL RAILWAY?

Police Captain Timothy Collins Altogether too Energetic in His Work - Takes Orders from Street Car Company and Beats up Poor Strikers at Central Park.

One of the rankest pieces of police servility and brutality combined is that which took place on Friday, April 25th, at Central Park. It should mean the dismissal from the pay roll of the people of Buffalo of one police captain who has proved that he is working for the International Railway.

POLICE BRUTALITY. Who Gave Orders to Police to Break Strike of Foreigners?

A case of the most unnecessary brutality toward workmen by the police occurred in this city Friday, April 25th. A group of Italian workmen, employed by the International R. E. Co., on Grant street went on strike. Just what occurred at that point is not known to us.

The workmen, about 200 in number, came down Hertel avenue toward Main street in a very orderly manner, evidently on the way to other groups of men similarly employed. They were literally driven like sheep or cattle, and if one of them attempted to rebel or go down a side street he received a whack across the shins from a police officer.

Now the points are: From whom did the police get their information as to the intentions of the workers and their instructions to beat them off? What right have they to interfere with an orderly group of men going down a street or to force them back? Was it because they were a crowd of foreign workmen that they consider them of no importance and to treat them like slaves? It is a pretty safe bet that the policemen were all pleased if these same workmen were generally beaten and thereby actually pay their part of the taxes—signed their petition for better pay.

STREET CAR MEN OF JAMESTOWN ORGANIZE

Street car employees of Jamestown, N. Y., have organized a union, and every man on the line has joined. It looks as though the working class are really waking up. Our old friend and comrade, George Reader, formerly of Buffalo, now lives in Jamestown, and when he heard all about our doings there he was very glad to see the men in a position to know that the same condition existed in Jamestown, now back to get busy.

SELLING THE CITY HALL

These wise business men fretted by the workers for their ability are now selling the city's share in the city and county hall for \$750,000 and build a modern municipal office building with the money. Oh, come again. If the city should sell the share for that price, it would have no money left to buy a flagman's shirt by the time it squared up with the bankers.

AUBURN STRIKERS REJECT SETTLEMENT

AGITATE AND SUBSCRIBE FOR THE CITY OFFICIALS REFUSE TO SAVE \$100,000 A YEAR

(Continued from page 1.) Colonel Ward, Republican Democratic Commissioner of Public Works, has fought doggedly for the Westlake Company against the city's interest. He has sought to belittle Mr. Perkins to the conclusion. In this connection Mr. Perkins writes the Buffalo Socialist:

AGITATE AND SUBSCRIBE FOR THE CITY OFFICIALS REFUSE TO SAVE \$100,000 A YEAR

There are many additional facts to be detailed which would show the Westlake Company's position that a half million dollars can be saved in the next few months by the city's interest. He has sought to belittle Mr. Perkins to the conclusion. In this connection Mr. Perkins writes the Buffalo Socialist:

AGITATE AND SUBSCRIBE FOR THE CITY OFFICIALS REFUSE TO SAVE \$100,000 A YEAR

This shows a difference by his own figures between the Westlake Company's estimate of \$150 per year per \$10,000 per year for 4,000 lamps and the actual saving of \$200,000 per year for 4,000 lamps. This shows a difference by his own figures between the Westlake Company's estimate of \$150 per year per \$10,000 per year for 4,000 lamps and the actual saving of \$200,000 per year for 4,000 lamps.
