## The Election is Over But Communists Renew CAR DISASTER War Against Capitalism

By J. LOUIS ENGDAHL.

TODAY, the election is over. The workers and farmers have cast their ballots for four years more of capitalist misrule. They have expressed themselves in favor of the continuance of Morgan's social system. The Wall Street dictatorship, thru its "democracy" has won the public consent to four years of its tyrannical sway.

"Hang the guilty!" yells Coroner Wolff, in Chicago, as the ten dead in another grade crossing catastrophe are being buried, while a score still lie in agony in hospitals scattered over Chicago.

It was a Chicago, Milwaukee & St. Paul freight train that struck a street car in a grade crossing death trap.

The guilty ones are the railroad profiteers. They refuse to spend the money to abolish the death traps. The disaster took place in the Goose Island district, in one of the sections of greatest misery in Chicago. All the victims were of the working class. So what does it matter? Capitalism doesn't care for the lives of the workers; especially when the workers consent to keep capitalism in power.

This Chicago, Milwaukee & St. Paul railroad, that brought death to many working class homes in Chicago, some years ago saw the lives of more than half a thousand coal miners snuffed out in the Cherry Mine disaster, at Cherry, Ill. The railroad refused to provide the proper safety appliances in its coal mines, just as it refuses to protect or abolish its grade crossings. So the Cherry coal mine became a tomb; even as the railroad's grade crossing in Chicago was strewn with the dead and dying. But at the ending of the next quarter the dividends will be as fat as ever.

A circular of the New York Central Railroad offers as an excuse for high rates that there are 4,000 grade crossings in New York State. It would cost \$100,000 to obliterate each one of these. That would be a total of \$400,000,000. But the rates continue as high as ever; the grade crossings are not wiped out; and the toll of new victims mounts from day to day. That is capitalism. Those who supported Coolidge, Davis and LaFollette, voted to keep this murderous

In New York City, in the depths of the East Side, Sam Roth, his wife and three children die in another tenement house fire.

They lived "second floor rear" in one of the many Goerck Street firetraps. Dense smoke arising as the hungry flames swept everywhere choked this little family of the working class into unconsciousness before the agony of death by fire reached them. Mrs. Roth was later found with her three-months-old baby clutched to her breast.

The landlord will collect his insurance. The firetrap will be repaired to receive new tenants. Neighbors and friends will bury the dead. And the profiteering in rents off the firetraps on the East Side, in New York City, as everywhere else over the nation, will go on the same as ever.

That is capitalism. The majority of voting citizens declared, on Tuesday, for its continuance. They said, "Let it go on!"

"Wipe it out!" say the Communists. "Abolish it!" Usher in the new social order that places above all the interests of the whole working class.

And it is today that the Communists in the United States, in common with Communists thruout the world, with the slogan of "Down with Capitalism!" upon their lips, renew the struggle for the victory of the workers.

Gompers only shrugge his shoulders, sniffed the air, as grunted; all of which was intende to convey the idea that the Clevelar meeting didn't matter. Gompers Controls in New York.

But the Cleveland meeting of th C. P. P. A., in December, 1922, to: a stand against the "labor party," refused admittance to the Communi delegates, and the next summer at the Albany meeting of the New York co ference for progressive political actic we find Gompers' Tammany Hall p liticians in the New York labor mov ment absolutely in control.

During the past year the C. P. A. has been drifting more and mo towards the Gompers' position. It wi Gompers who pulled Fitspatrick as Nockels out of the July 4, 192 farmer-labor convention, in Chicag It was Gompers who inspired LaFt lette's attack on the June 17 nation farmer-labor conference, in St. Pat

Gompers has been in league wit the worst elements fighting the Cor munists. It was Detective Burns wh said that altho he didenot sleep in th same bed with Gompers, nevertheles they were in agreement on man things.

Gompers used the conference fo progressive political action and th LaFoliette movement to destroy ind pendent political action for the worl ers and farmers under the standard of the farmer-labor movement. Regains Dictatorship.

Now he is using his machine, lib the Tammany Hall crowd in Ne York, to destroy the conference fo progressive political action, so that h will again become the dictator of th political policies of labor's officialdon Two of the original slogans of th C. P. P. A., "the labor party," an 'recognition of Soviet Russia," hav been completely dropped. While recoi nition of Soviet Russia was the bi issue in the British political struggl LaFollette has been absolutely siler on this question while Hughes, Dawe and other republican campaigner have carried on a systematic attac against Soviet Russia. Gompers is a one with Secretary of State Hughe on the question of warring agains the Workers' Republic and he ha pulled the LaFollette campaign alon with him on his side in this fight.

Watch El Paso Convention. The situation will clarify itself cor siderably with the meeting of th American Federation of Labor in few days at El Paso, Texas. There th Gompers' officialdom will have to de clare itself on the promises of th LaFollette campaign that it is "goin to organize the third party."

It can pretty safely be predicted a this time that Gompers' position wil not only be against the "third party idea, but that moves will be made fo the liquidation of the conference for progressive political action.

Where Will the Socialists Go? This raises the question of wha will happen to the socialists in thi changing political panorama. Th Hillquits and the Bergers are not convinced that they have killed th ocialist party. But they would n doubt be content to maintain a smal nucleus of an organization to giv them a place, no matter how insig nificant, within the conference fo progressive political action. If the C. P. ## That's Why We Celebrate

Imperialism made a bitter attempt to win Russia back. Full well it knew that the Russian Revolution began the birth of a new order that sounded the death knell to the old.

American soldiers in Siberia. American munitions to the Whites in Europe. Kolchak, Yudenich, Denikin, traitors, all financed at the request of the world's financiers.

The blockade. The cordon sanitaire. Then Wrangel. This prostitute of French capitalism, with funds unlimited, made his last stand and lost. Upon the stocks of the guns, captured by the Bolsheviki were found the words, "New Russia."

The imperialists wanted a "New Russia," not a Soviet Russia. They still want it today!

We wanted a SOVIET RUSSIA. And for SEVEN YEARS we got what we wanted. We shall continue to get it! And that is why we celebrate!

Today we have a NEW WEAPON in the battle to continue SOVIET RUSSIA victorious. Today the DAILY WORKER has taken its place beside the militant proletariat of the world, upholding the triumph in the East, striving for victory in the West. And we also celebrate on this

Not a single member of the committee would dare attempt to have Mr. Butler's memory refreshed. The republican attorney, Weymouth Kirkland, who is also lawyer for the Chicago Tribune, saw to it that nothing damaging enter the record.

It is interesting to note that Mr. Butler admitted that the bulk of he republican contributions came from New York, Pennsylvania, and Illinois. At the Washington sessions Mr. Grundy was forced to tell the committees that in Pennsylvania alone the republicans collected more than \$800,000. Editor's Note.-The following are the last Foster campaign meeting reports. They have arrived by mail and give added testimony to the enthusiasm with which the Communist candidate for president was greeted everywhere.

Not rampant, raging, fire-eating oratory, but a live, here let me tell you, kind of talk, personal, enticing, that draws you nearer to his subject. For two hours, the workers listened attentively, while he condomned the capitalist parties, including the new rainbow, the LaFollette movement, which not as yet needed by big capital, would sooner or later be their last resort against an outraged, revolutionary, working class.

But fundamentally, the speech was not one of criticism, but constructive, laying the foundation for Communism. Not mero theory, but experience in the rough, the steel strike of 1919. He drew on world history to prove that the capitalist era was doomed to destruction, and that the Communist era would come, because the capitalists would drive the workers toward it.

At any time during the day or evening if you have an hour to spare—come over and volunteer your help to enable us to get out a heap of mailing, inserting and other odd jobs on the campaign to increase the circulation of the DAILY WORKER and the WORKERS MONTHLY. We are very busy and have loads of work -help us out-come over!

INCREASED MEMBERSHIP-INCREASED ACTIVITY.

ISTRICT No. 1 comprises Maine, New Hampshire, Vermont, Massachusetts,

and Rhode Island. This is the very heart of the shoe and leather and the textile industries. Here unemployment is rife and half-time work prevalent. Here the workers are exploited ruthlessly in the cotton mills, the shoe factories, the wire mills. The vast majority of the workers are unorganized and helpless. They are ready for our message; they need the DAILY WORKER with its inspiring call to action. There are 2510 members of the Workers Party on the rolls in District No. 1. Of these only 100 are in English branches. If everyone of our members would make up their mind to go out and get ONE new subscriber for the DAILY WORKER we could quadruple our English-speaking membership.

It can easily be conjecteured that the bitterness dividing the people is not of spontaneous origin but sedulously fostered by the British Indian government and its agents.

Outbreaks between Hindus and Mohammedans with loss of life are becoming the order of the day. In the latest disturbance at Shajahanpur three lives were lost in rioting over the silly issue of trees near a temple. The branches of a tree overhung an area near the temple and the Hindu objected. Previously there had been uproar because the Mohammedans objected to music near their mosques.

#### "Non-Partisan" Politics in the Labor Press

The degeneracy of any organization is shown in its press. It is a known fact that when a labor organization adopts a militant attitude toward capitalist control of society, such militancy is militancy the change is immediately reflected in its printed organs.

The papers which reflect the ideology of the American labor movement have excelled themselves during the campaign just ended. And in the tone of their political propaganda may be seen how utterly degenerate is the ideology of the organized labor movement as a whole. Altho occupying a position where the cause of working cerns, Austrian and Hungarian public utilities, class progress could as easily be served as can its betrayal, from coast to coast the whole tribe of socalled "labor papers" has been openly offering itself for sale to the highest bidder. They have done this because the labor bureaucracy itself is a parlor house of painted prostitutes.

The labor bureaucrats of Gompers' immediate family were so unattractive that the republican and democratic parties alike would give them nothing more than a glance. So Gompers went out in the alley and sold himself to LaFollette. The yellow socialists in the garment trades especially were hot rivals. Now they are crying at being deserted by the Sullivan-Costello-Brindell-Curtis crew who fell for the seduction of Tammany Hall. The labor press of all these factions offer themselves shamelessly.

In some obscure rag with a sounding name like The Labor News, the reactionary republican party had published the "labor record" of Coolidge. A California "labor paper," which shall remain nameless, picks it up and runs it. It is then reprinted as the certificate of the toilers to their "friend" in the boon of the kingly smile and doubtless were given White House. It contained the endorsement of the Brotherhood of Trainmen whose "sterling" president, W. G. Lee; announced that no vile politician could bribe him.

This also contains the bland expression of "labor" that-"As to the Boston police strike, it is the opinion of the great many representatives of labor that such a strike was unwisely called." That the cops' union voted 1,134 to 2 for a strike, means nothing to these labor fakers.

The organ of five railroad labor bodies, disagreeing markedly with Bill Lee, flopped without blushing from Coolidge to LaFollette. But Berry of the Pressmen's Union was filling the air with cheers for Davis, while Lewis of the U. M. W. led toothless old Mother Jones to Calvin's welcoming arms and in the press of both organizations the cloven hoof of a sell-out has left its track. These be the fruits of "non-partisian political action." The whole tree is rotten and should be yanked up by the roots. When that happens, the "labor" press will represent labor-not before.

#### A Jewel of Imperialism

If consistency is a jewel, the Chicago Tribune editorial column is a jewel of imperialism, naked and unashamed.

It is perfectly consistent and not at all a misthe Guns."

In the latter it is carefully and clearly explained that battleships in Wall Street's navy cannot shoot as far as those in Threadneedle Street's navy. The at Britain's "polite suggestion that the elevation in the state of Illinois. of American guns would not be received with

ever, be that as it may, for a policy of "Elevate advertise Jesus in China has not been wasted. the Guns"-no matter whom they are to be aimed at-the Trib says, "Vote For Coolidge and Dawes."

That under the exhortation for elections the idge "co-operating sanely for world peace" and the radicals with capitalist police. having "given an example of pacific policy which has made powerfully for world peace" is not at all inconsistent with the above, even though it is an LaFollette would not have enough labor fakers utter falsehood. For the falsehoods of imperialism are consistent to its purpose of American domina tion by fair means or foul.

#### The World in Bondage

The flotation of the first Dawes loan in the United States brings to the foreground with extraordinary clarity the extent to which American imperialism has succeeded in establishing its financial hegemony over international capitalism.

This year establishes a new peak in the foreign oans subscribed in the United States. Practically every banking house in the country has negotiations for loans or has already handled loans for foreign governments or corporations. Within the Gompers in Alliance what you will put into your mouth last five years the total British investments in other countries fell from twenty to seventeen bilfion dollars.
