

RECORD OF STATE POLICE ONE OF BRUTALITY AGAINST LABOR ORGANIZATION

(Article IV.) It is the state constabulary appears to have assumed in case of strikes that the strikers are its enemies and the enemies of the state, and a campaign should be waged against them as such.

So concludes the report of the United States Industrial Relations Commission regarding state police.

This report was published in 1916. Since then strikes have been broken, when men clothed in blue and red, and never before. It is no surprise, because there are more state policemen now.

The political power of the capitalist class is becoming more and more tightly centralized. Raw force has become the favored method of dealing with working class opposition.

Seventeen states under Martial Law. Seventeen states of the United States now have armed troops of state police. The bankers and business men back of the Dunlap bill want to add Illinois to the list and they will succeed unless the workers and poor farmers of the state take active steps to prevent them.

Previous articles in this series have exposed the consistent anti-labor tactics of the Pennsylvania state constabulary, the original and model force. It has been proved beyond the shadow of a doubt that in the 20 years of its existence the Pennsylvania constabulary has been purely and simply a militant instrument for use against the laboring classes.

Not One Proven Benefit. But perhaps Pennsylvania is an excellent example of the increasing police force in which constabularies have been established. In these a single infantry regiment of 1,000 men is paid off instead of regularly beaten up by the state troopers? That is not. Not a single one of the 17 constabularies has been paid for by chambers of commerce and rotary clubs, the fact proved by these articles. It has no sense been used to "protect rural communities" but merely to protect the ill-gotten gains of the rich against the poor.

THIS section of West Virginia is once a stronghold of unionism. Now, the operators are out to crush every vestige of trade unionism. A few miles from Grant Town an explosion took place in a mine that is remaining open shop. When a gas mine and the operators failed to take the necessary precautions, over thirty lives were lost. In order to clear up the negligence of the operators, several union miners were killed in an act of having dropped a dynamite bomb into the pit.

THE state of West Virginia has long been a fortress of reaction and it looks as if the modifying influence of the United Mine Workers of America is now disappearing. The capitalist press and all other organs of the public are speaking with one voice against the miners union and John L. Lewis who should be on his knees pleading the rights of his life on the operators is whittling away the monopoly of capitalist power on the necessity of driving 150,000 miners out of the coal industry.

THE coal barons in southern West Virginia have liquidated their forces against the miners' union for the good reason that it is no longer a union. Even the notorious Don Chas has parted his side. There are no targets. But in the northern part of the state there is still some hope. The workers in the once powerful United Mine Workers of America. The bosses are determined to kill and to force unionism and to kill those whom they know from past experience will never bend the knee to the operators.

THIS does not look very much like a section of that American republic which the operators of the capitalist labor party boasts so highly in its craven whining when for mercy in the case of Miles Volynsky, a member of his little party who is threatened with deportation because the government made the mistake of taking him for a Communist. After watching him the bulky bundle of apples in the (Continued on page 2)

NINE STRIKERS HELD FOR GRAND JURY IN MURDER FRAME UP

FAIRMONT, W. Va., March 25.—The preliminary hearings for 12 striking union miners arrested last week by county officers and state police on the framed-up charge of the murder of Ray Tobin, mine guard and gunman at the Tobin mine, were concluded this evening before a commission composed of three justices of the county.

The men were all held for the action of the grand jury next week. These held for the murder case: James Ryan, John Hogan, T. C. Summers, Edward Rhodes, Joe Bank, Irwin Schatz, Arthur Burt, Cecil Harlan, Victor Romane, Mike Gault, Hugh, Julius Kolmar, Wm. Boskiss, Alva York, Nick Strich, and the thirteenth man arrested, was released because of lack of sufficient evidence in the case.

Tobin was shot after he had fatally wounded John Kelly, a union miner. Tobin was employed by the New England Fuel company to help break the strike.

WOMEN TRADE WAGE INCREASE FOR BETWEEN RIVAL WORKERS SUFFER AS BIG PLATES COMPETE

(Special to The Daily Worker.)
WASHINGTON, D. C., March 25.—A great trade "conflict" is impending between the chief exporting nations of the world, but American business men can look forward to it with confidence.

A prediction was made by the department of commerce today simultaneously with the publication of an analysis of the market, which showed that the exporters of the United States are rapidly forcing ahead in the dangerous competition of South America and the far east.

Julius Klein, director of foreign trade, called attention to the fact of \$430,000,000 in America's foreign trade last year, as compared to 1923, and gains in the early months of 1925.

"These gains have been offset to a certain extent by increasing doubts as to the dangers competition from our European rivals," Klein said. "So much misdirection, however, has been instilled in the minds of our people in some cases by our rivals themselves, that a calm, dispassionate view of the actual facts should be taken."

Plates Will Gain. Klein believes that manufacturers of the country will reap a ripe harvest at the expense of Great Britain and Jackson, while distributing literature was released yesterday afternoon after the case against the subject, including sea-way fashion by judges and police sergeants.

Novak, foreman in the National Tailoring company who claims that Foster assaulted him, with a dagger, was reported to be one of the attackers. That Foster did not have a knife or any other weapon made no difference to Novak and to his attorney lawyer who framed the case against the young Communist.

Foster was booked yesterday afternoon on a charge of assault and battery on the person of Novak. With David Bestall, attorney for Foster, the bail was fixed at \$500 by the court.

When Bestall returned with the necessary cash there was a new man in charge of the station who insisted on holding him for \$1,000 bail. A night court judge, however, reduced it to \$500, and Foster was released.

Up Again; Down Again. Yesterday morning when the defendant appeared before police court Judge McCarthy and demanded a jury trial, which was granted, Novak's lawyer asked that the bail be increased to \$1,500. Attorney Bestall left for the federal building. The judge granted the request, and Foster was again "rotted" down to the "can."

When Bestall heard of the latest development, he returned early after he explained the situation to Judge McCarthy. His lawyer reversed himself and Foster again was at large.

The case will come up for trial with one or two. Valeria Moltz who was arrested with Foster also demanded a jury trial. She was released on \$100 bail.

Novak is reported to be a member of the Levin gang. The case against Foster is a bad frame-up.

Seven Killed, Four Missing in Hamburg Harbor Explosion

HAMBURG, Germany, March 25.—Seven persons were killed and five injured today when an oil explosion in the Hamburg harbor burst a small freight vessel into the air.

Another freighter was sunk by the explosion and four of its crew are missing.

Texas Lynching Expected.
SWEETWATER, Texas, March 25.—One of the biggest man hunts in the history of west Texas was being carried on in Taylor and Nolan counties today by Sam Morales, wanted in connection with the slaying late yesterday of Sheriff W. W. Satterwhite of Howard county and Deputy Sheriff Howard Taylor county. A lynching is expected.

White Successes Harding's Kin.
WASHINGTON, March 25.—Luther C. White of Massachusetts, today was appointed superintendent of federal justice. He succeeds H. H. Votaw, whose law of the late President Harding.

Argue Over Packing Merger.
WASHINGTON, March 25.—Oral arguments on the legality of the proposed merger of the Armour and Morris packing companies will open before Secretary of Agriculture J. C. Nease on April 6, it was announced today.

FASCIST COMMITTEE GIVES BOSSES ONE THIRD OF CHAMBER

ROME, March 25.—The fascist committee for reformation of the constitution announced today that a list of twenty million, including a third of the seats to representatives of corporations.

FIRST SOVIET SHIP TO ENTER AMERICAN PORT STEAMS INTO MOBILE

(Special to The Daily Worker.)
MOBILE, Ala., March 25.—The Soviet Russian steamer Wiatka, the first of her kind to enter a port of the United States since 1917, is unloading a part of the cargo of grain today.

The Soviet ship will leave for St. Andrew Bay, Fla., when the sailing is unloading, and will then load a cargo of lumber. The ship came to Mobile from Savannah.

The United States immigration authorities refused to allow any of the crew of 50 to land, confining them to the ship, claiming that "immigration restrictions" forbade a landing of the crew.

DAVID FOSTER, SLUGGER VICTIM, IS OUT ON BAIL

Clothing Foreman Is Frame-up Artist

David Foster, Workers Party member, who was arrested last Tuesday morning at the local machine use his good offices to request Levin that he should stay put until he could be charged with the crime. When they were denied this elementary right.

Take God's Job, Top. Birds of a feather flock together, and against this proposal to restore the members to their jobs before trial, the local shop members, including the lead in opposition. His line of argument was that Levin had a right to do as he did, but that simply because he has done anything, the local shop members have no right to "dictate" to him because this is completely, all wise, all just—in fact, he is thinking of taking John's job from him if the petty details of Levin's authority.

This sort of an offensive to stop a revolt against his authority is thoroughly understood by the workers in the shops and will meet its deserved fate in due time. The conflict between Levin and the bosses to drive the militant workers out of the trade will be fought by the rank and file.

Conspiracy With Bosses. Another instance of this secret arrangement between the bosses is the agreement with the bosses in the job of Albert Schaffer and Marx, who was taken on his job Monday.

It is a "charge" that he is that he spoke to somebody about the leaflet Local 5 of New York. Broderick and Marx for nine years and is in good standing in the union with a clear record.

The King of Members Levin Wants.
When Dorfman told Levin that he could bring the matter to a settlement for him, only the workers are afraid to come before Levin for fear of losing their jobs. The workers are saying "That's just the kind of feeling we want our members to have."

In preparation for further crime against the membership, the Levin machine, with its paid standing army of slugs to terrorize the membership, has had the bright idea and the peculiar good fortune to have a united front with the Chicago Tribune.

Did It Cost a Lot? Whether or not there is a financial arrangement between the Tribune and the Levin machine, Levin himself may explain to the workers who are annoyed at the standing propaganda against (Continued on page 2)

LEVIN MOVES TO FOREST AGAIN TO MASS REVOLT

(Special to The Daily Worker.)
The Hilman-Levin machine in the Chicago Amalgamated Clothing Workers Union moves on to fresh crimes against the membership, deliberately depriving the members not only of their jobs but of their rights within the union.

A sample of this attack, which Levin is making to forestall the mass protest against his outrageous action in taking the bread and butter from the mouths of union members, was seen Tuesday night, when at a meeting of Local 144, Levin sent in the executive board members to appear and hear the charges against them.

No Written Changes Furnished. This strange notice said not a word of what the charges are that are to be heard, where will the charges be heard, who will prosecute the two brothers.

When these two members demanded that the local machine use its good offices to request Levin that he should stay put until he could be charged with the crime. When they were denied this elementary right.

Take God's Job, Top. Birds of a feather flock together, and against this proposal to restore the members to their jobs before trial, the local shop members, including the lead in opposition. SEAT SHORTAGE NOW 94,752 IN PUBLIC SCHOOLS OF CHICAGO

There was a shortage of 76,819 seats for Chicago's public school children on Jan. 1, and this number will be increased to 80,190 next year, an engineering company employed by the department of education officially reports.

The above figures are a consequence of the shortage brought about by increases in population. When the "overcrowding" is taken into consideration, 94,752 school children cannot find seats in Chicago's public schools.

The finance committee of the board of education has postponed indefinitely its consideration of any increase for public school teachers.

DAWES PLAN TO END IN REVOLT, SAYS THAEIWMANN

German Workers Will Seize Power

BERLIN, Germany, March 24.—The German workers must wait for friendly relations with America until the revolution in Germany, and Germany has gained power. Ernest Thaeiwmann, Communist Party candidate for the Reichstag, said today.

"The United States is the stronghold of world capitalism," Thaeiwmann said. "America is the defender of the capitalist system which has been thrown over the German people by the Wall Street-driven Dawes plan."

"Friends of German Workers." "Russia has the friendliest sympathy for the German workers," Thaeiwmann said. "When Communists control the German state we shall form a union with Soviet Russia."

"This sort of an offensive to stop a revolt against his authority is thoroughly understood by the workers in the shops and will meet its deserved fate in due time. The conflict between Levin and the bosses to drive the militant workers out of the trade will be fought by the rank and file.

Conspiracy With Bosses. Another instance of this secret arrangement between the bosses is the agreement with the bosses in the job of Albert Schaffer and Marx, who was taken on his job Monday.

LEVIN MEN'S BIG FORTUNES EXCITE INVESTIGATION

Millions of Relief Fund Mishandled

(Special to The Daily Worker.)
The personal bank account of John O'Leary, International board member and secretary of the Fayette field, John L. Lewis in the Fayette county coal field, and Bill Fetter, organizer from District 5 in the Fayette county, suddenly vanished, is being investigated.

Their disappearance of the relief fund of the best kind of other Fayette field is now being brought up by the investigation conducted by the internal review department. This department seems convinced that the income tax of these gentlemen does not correspond with the relief fund.

Where did they get the money? This coal field is the source of supply of the best kind of other Fayette field of the mills around Pittsburgh, which stretches for miles on both banks of the Ohio, Monongahela, and Allegheny rivers. When the coal for the 1922 coal strike was issued by the miners' organization with the approval of the unorganized miners for support of the strike, it was the coke region miners that responded by the thousands.

Graded in Effort to Control. They rallied the support of the organized miners, immediately going on strike and coming into the union. The officials promised in return not to strike in Germany, and they did not unless it would include the coke field. This promise was broken at the signing of the Cleveland agreement on Aug. 17, 1922 leaving out the coke field, most of the first story in the long chain of betrayals by the official dom. However, they refused to return to these miners in order to enable them to continue the strike in that region.

The Huge Relief Fund.
An assessment was levied on each miner of the organization of \$2 per month. This international assessment of the United Mine Workers is a total of between \$1,500,000 and \$2,000,000. Besides this international assessment, the Chicago district is expected to appeal for funds was issued by O'Leary and Fetter from which the (Continued on page 3)

UNIONS GIVE TO STORM STRICKEN MINING TOWNS

Red Aid Plea Brings Big Response

Chicago lines are showing in the nation. The workers' resistance and the torrid justice of southern Illinois and adjoining states.

The Chicago district is expected to appeal for funds was issued by O'Leary and Fetter from which the (Continued on page 3)

Class Conscious Relief.
More outspoken in its class-conscious plans for storm relief is the Chicago Council for Labor Action and Relief, which is furthering a working class relief fund through the International Workers' Order. The labor leaders in relieving the militant miners.

"The storm that has just visited irrepressible suffering on a large section of the union coal miners and other workers in southern Illinois and the adjacent fields," the labor leaders appeal reads, "is likely to be seized upon by the capitalist class to further beat down the workers' resistance and destroy their union organization."

The appeal therefore asks that labor relief funds be sent to the International Workers' Order, 13 South Lincoln Street, Chicago, Illinois, as a means of contributing towards to the capitalist charitable agencies to discriminate against the non-militant workers.

Pleas Look Interest.
All the Illinois houses of representatives in Springfield passed the (Continued on page 3)

Wahabi Attack Hussein.
CAIRO, March 25.—Gunfire today indicated that the Wahabi were attacking the British forces in the Sudan. The Wahabi tribesmen were recently driven from Mecca.

SECRET

FAGAN AND HIS LITTLE PARTNER VISIT A LOCAL

Attack the Communists But Find Miners Cool

By a COAL DIGGER. VESTABURO, Pa.—The officials of District 8, U. M. W. of A. travel from local to local spreading their lies. They visited us at Vestaburo Local 762, both President Patrick Fagan and Secretary-Treasurer Hargest.

After the local business, the local president introduced Fagan. He expected to be welcomed and he was sure the miners would meet him with applause, but he and his partner were surprised. No applause for them, even the three or four members of his machine.

Otis Worhine Mr. Fagan. Fagan started with his "Comm. ab. amm." First saying that the Workers Party is a "dual organization." That Fagan and his partner were spreading propaganda all over the district during election and some persons were traveling through the district "poisoning" members. Then he said for the "loyal" machine members to "keep their noses" but he was having correspondence with James Otis.

Then he wound up, "Big clean coal and cooperate with the coal companies. We don't listen to the Reds." That's Fagan's program. "Watch the Red" Only Program. Bill Hargest got up and made a good speech because I am not a Red. He is right. He is both yellow and a rotten speaker. All he said was that the Crolians members "make trouble" and that the members must "watch the Reds."

When Hargest attacked, when the men had kicked him, Macaulay said, "I don't know. I feel the same sometimes all over." The strike in the Littleton mine is still going strong.

Want Amalgamation in Australia. MELBOURNE, Australia (FP)—A single industrial transport union taking in, railway, streetcar, motor bus, trucking and teaming. It is urged by the annual conference of railway labor unions held at Melbourne. Negotiations will be opened with the other unions and meanwhile amalgamation of craft unions on the railways is to be attempted.

CHINESE SEAMEN IN APPEAL FOR UNITED FRONT AGAINST BRITISH IMPERIALISM, ASK OUR SUPPORT

By SAN OHEN GING (Secretary Chinese Seamen's Union)

HONG KONG, China.—There is among tens of thousands of Chinese seamen at the shipowners' non-observance of the agreement concluded between the Chinese Seamen's Union and the shipowners' committee as a result of the seamen's victorious strike in 1932.

The agreement, containing three clauses, was signed by R. Butherford, chairman of the shipowners' committee, A. Jamieson, British consul-general at Canton, Lin King Po, secretary to the commissioner for foreign affairs at Canton, and Chak Hon Ke, delegate of the Chinese Seamen's Union. It was further guaranteed by Sir Robert Houghton.

Be that as it may, the shipowners and the British colonial government in Hong Kong have violated every one of the three clauses, while the Chinese seamen in the person of the Chinese Seamen's Union have kept strictly to the agreement ever since its solemn conclusion.

In order to substantiate this statement, the agreement is reproduced here in full, followed by iron proofs of the flagrant violations deliberately committed by the shipowners in violation of the British colonial government.

Agreement. "It is hereby agreed between the undersigned parties as follows: 1. The terms of settlement of the matters in dispute between them.

The scale of wages for the Hongkong and foreign ports on the 13th day of January, 1932 shall be increased as follows: and shall apply as from the first of January, 1932. 1. Chinese river steamers 30 per cent increase.

2. Other Chinese steamers up to 1,000 tons deadweight 30 per cent increase. 3. Hongkong Canton & Macao Steamboat Co. Ltd. 20 per cent increase.

4. Other British companies' steamers taking the scale of the Canton Macao Steamboat Co. Ltd. as a basis 20 per cent increase. 5. Coasting steamers 20 per cent increase.

6. Java lines 15 per cent increase. 7. Pacific Lines 15 per cent increase. 8. European Lines 15 per cent increase. 9. Australasian Lines 15 per cent increase.

10. A date will be fixed for the general return to work.—From the time of leaving until such date, men will receive half pay according to the new scale. Men may be reinstated on the first of January, 1932.

11. Any other vessels as may be mutually agreed upon. If positions are mutually agreed upon, the vessel may be reinstated on the date of the general return to work as above. It is agreed that half pay shall continue for such period as the vessel is out of service.

12. The date of the general return to work shall be fixed by the British colonial government. 13. The British colonial government, a signatory to the agreement, shall stipulate a minimum of six months' notice in connection with the engaging of crews, the colonial government abetted the labor contractors of the "H. House" Union, thus enabling the replacement of the original crews of the Blue Pine Line by strike-breakers from this same organization.

14. In gross violation of clause 1, the Blue Pine Line of the Butterfield & Swire Co. in April, 1932, decreased the wages of the men in its ships to the former scale. The British colonial government, a signatory to the agreement in the person of the N. B. M. consul-general, ignored the protest lodged by the Chinese Seamen's Union. Moreover, violation of clause 2, stipulating a minimum of six months' notice in connection with the engaging of crews, the colonial government abetted the labor contractors of the "H. House" Union, thus enabling the replacement of the original crews of the Blue Pine Line by strike-breakers from this same organization.

15. In gross violation of clause 1, the Blue Pine Line of the Butterfield & Swire Co. in April, 1932, decreased the wages of the men in its ships to the former scale. The British colonial government, a signatory to the agreement in the person of the N. B. M. consul-general, ignored the protest lodged by the Chinese Seamen's Union. Moreover, violation of clause 2, stipulating a minimum of six months' notice in connection with the engaging of crews, the colonial government abetted the labor contractors of the "H. 25. In gross violation of clause 1, the Blue Pine Line of the Butterfield & Swire Co. in April, 1932, decreased the wages of the men in its ships to the former scale. The British colonial government, a signatory to the agreement in the person of the N. B. M. consul-general, ignored the protest lodged by the Chinese Seamen's Union. Moreover, violation of clause 2, stipulating a minimum of six months' notice in connection with the engaging of crews, the colonial government abetted the labor contractors of the "H. House" Union, thus enabling the replacement of the original crews of the Blue Pine Line by strike-breakers from this same organization.

Left Wing of Local 140 A. C. W. Defeats Reactionary Officers

PHILADELPHIA, March 25.—The red flag flies over Local 140, A. C. W.

With this attempt at irony, the manager of the Philadelphia joint board of the Amalgamated Clothing Workers announced the victory of the left wing administration of the local. The fight is being continued.

Attempts had been made by the yellow to undermine the influence of the left wing and to arrest the progressive left wing administration. The membership refused to be intimidated and the left wing was elected by secret ballot.

The struggle culminated in a decision of the joint board, by a majority of one to three, to hold a referendum on the left wing's proposal to accept the local's unconditional confidence and trust in their left wing administration.

The election was held, and with a large majority the left wing chairman, secretary and board were elected. Six out of seven members of the local executive board and six out of seven delegates to the joint board are left wingers.

This ends one of the crudest attempts to suppress the left wing. Amalgamated to override the will and desire of the membership of Local No. 140.

DETROIT DISTRICT COUNCIL ALMOST PEACEFUL AGAIN

Rank and File Step on Disturbers

DETROIT, Mich. March 22.—The Detroit District Council of the Carpenters' District Council here today met in session and was almost peaceful. It was held in the Carpenters' Union.

Sharrack tried his old trick of referring to the matter as a "little bit of a row" and a "little bit of a fight." The meeting was presided over by Vice President Albert Burtch, who has been speaking on the Workers' Party and Local Union 131 for "Proletarianism" as well as on the latter as an "assistant" pro-Communist. The constitution provides for such a vote, but what that means to the rank and file is another matter.

The delegates seem about fed up with Sharrack's noisy staff and his noisy propaganda. A motion was made to hold a referendum within thirty days to recall the present officers.

O'FALLON MINE CLOSES AS OPEN SHOPPERS PLOT

Union Officials Side with Operators

By A. W. YOUNG.

There are 40,000 building mechanics and building laborers in the local. A large majority are employed on housing construction, which is controlled by the same organization of operators. These builders refuse to pay \$11 a day to plumbers and painters and others who have asked for that rate. If they enforce discipline on the smaller contractors by shutting off their bank checks, the situation will become similar to San Francisco for nearly four years after the building industry was organized.

In San Francisco, the secondary boycott was worked through the building industry. The industry refused to pay any money during the strike.

Local Union 705 had to wait 11 months before a decision was made on the strike. But when we appeared to the rank and file to force Frank Parrington, his secretary, to hand down a decision as pro-Contract, the rank and file would not do it.

NO DUAL UNION! U. E. L. WARNS CARPENTERS

Tells Detroit Members to Stick by Union

A great fight to restore and protect the constitutional rights of members, which have been trampled underfoot by the reactionary officials has been made and is being carried on in Detroit. During this fight which arose out of the illegal and un-American expulsion of a member, the factors acting as your spokesmen and representatives have resorted to the use of thugs, police, injunctions, threats, bribery and fraud in their efforts to maintain themselves in their positions.

This fight has been sincerely successful. Every foot now struck by Hutchison and his lackeys has strengthened the rank and file and exposed the treachery of those would-be leaders.

Beware of Dual Unionism. Now that the rank and file are united and the reactionary officials are on the very brink of defeat, Hutchison has made the lying claim that the dual union is the only way to save the union. This is a trap which has been laid for you and abandon your fight against Hutchison and his lackeys. If you are on the very brink of defeat, Hutchison has made the lying claim that the dual union is the only way to save the union. This is a trap which has been laid for you and abandon your fight against Hutchison and his lackeys.

If you are on the very brink of defeat, Hutchison has made the lying claim that the dual union is the only way to save the union. This is a trap which has been laid for you and abandon your fight against Hutchison and his lackeys.

PARTY SCHOOL STUDENTS ASK MANY QUESTIONS

Miners Say Classes Are Very Interesting

By Alex Reid and Arley Staples.

The Workers Party school, historical in the sense that it is the first school of its kind in America, has started its second and final week with the students and teachers in high enthusiasm.

The courses so far have been attentively received and attended by the students and their interest is manifested in the divers questions shot to the teachers on the particular subject at the close of each lecture, and their answers to the questions of the various teachers.

The frustration of the comrades is remarkable, and to us seems a splendid testimony to a keen understanding of the reason they are at school, that is, to fit themselves for more responsible work in the party.

As part of the agenda we attended the North Side English branch on Monday the 14th, and enjoyed the discussion immensely. The comrades there treated us to a fine example of how a branch should run and no doubt, the students will take advantage of the lesson received.

A notable instance was the absence of technical parliamentary rulings and interferences generally resulting therefrom.

The hospitality of the Chicago comrades to the out of town comrades is worthy of mention. It would be impossible to surpass it in any way, and place, and we are sure it is only one more instance to be remembered by the students at this school.

Other invitations to the comrades to attend meetings have been received and appreciated. We have only one fault to find, and that is we do not have two years at it instead of two weeks.

We sincerely hope this is the first of many courses of its kind and we take this opportunity in closing to extend to the party and to our teachers, our sincere appreciation for their splendid efforts and to our comrades at the school likewise, for their consideration of each other, and to our many comrades and friends in Chicago our sincere appreciation for their many entertainments.

By GERMAL ALLARD.

THE party intensive training school is in full bloom. It has proven to be successful in carrying out its work among the students of Marxism.

Its purpose as we know is to educate the active ones, to acquaint them with the principles and tactics of the subject in order to properly understand the real function and mission of the Communist International movement.

The school is successful due to the fact that the qualified instructors have laid down the program very briefly so as not to let any important gaps to isolate the students. The lectures are very well linked together so as to teach us the significance of different subjects.

We wish to extend our gratitude to the C. E. C. and the wonderful hospitality rendered us by the comrades of Chicago to great appreciation. It is their hospitality that has enabled us to attend the school. It is necessary to give the comrades credit for accommodating us into their homes.

In order to repay our debts to the party we will continue to carry out our duties with more accuracy and activity with the weapon of the C. I. and the DAILY WORKER, the only weapons for the working class under the parasitic dictatorship.

"Storm Brought Suffering on the Workers," Says International Workers' Aid

The big storm in southern Illinois junked locomotives and other railroad equipment. But in the treasuries of the great railroad corporations are huge funds for new equipment and repairs. Nearly all workers, especially the unemployed coal miners and railroad workers, have no funds with which to rebuild their shattered homes.

A relief worker cares for a child victim of the storm.

Register for Spring Term in New York Workers' School

NEW YORK, March 25.—The Workers' School, which is our central training school in the east, has just completed its fall-winter term of work. The registration for the spring term is now under way. Those who are not yet registered in one or another of the classes still have an opportunity to do so—since the new semester begins the week of April 1. There are elementary classes; classes for those who want to make a more thorough study of the history of the Communist parties; classes for trade unionists; classes on current events, on American economic and social history, etc.

The new headquarters of the party in New York enables our classes to have large and comfortable rooms in which to carry on their work. Besides this, there is the added advantage of the library, located in the same building, where the students can study and look up whatever material is needed.

All who wish to register for one or another of the classes listed below should communicate with the Workers' School, Room 24, 105 E. 14th St. (phone Stuyvesant 5160) and ask for Comrade Grecht, secretary of the school, or Comrade Carlson, the director.

Principles of Communism—Meets Thursday evenings: W. Wetton, instructor.

Marxism—Meets Friday evenings: Mindel, instructor.

International Communist Movement—Meets Tuesday evenings: W. Winton, instructor.

American Economic and Social History—Meets Monday evenings: A. Trachtenberg, instructor.

Trade Union Classes.

History of the American Labor Movement—Meets Wednesday evenings: Solon Dolson, instructor.

Fundamentals of Communism—Meets Friday evenings: Oliver Carl son, instructor.

N. Y. Friday Night Class by Lore on "Current Events"

NEW YORK, March 25.—For those who want to get a better understanding of the happenings of the day throughout the world, for those who desire to be in a position to understand the social and economic forces at work in this and all other countries, there is offered the opportunity to register for the class on current events with Comrade Ludwig Lore as instructor.

The class will hold its first meeting this Friday evening, 8 p. m. at the Workers Party headquarters, 108 E. 11th street.

Everyone who can do should take the opportunity of registering for and attending this class, which will be held regularly every Friday evening.

Cleveland League Membership Meets on Shop Nuclei

CLEVELAND, Ohio, March 25.—A general membership meeting of the Cleveland League will be held on Sunday, April 19, at 2 p. m. Max Salzman, member of the national executive committee will report and will also talk on shop nuclei.

George Papoun will bring in a report for the industrial committee for the reorganization of the league on a working area basis.

All members must be present to discuss in full the problems before the Cleveland league. Branch meetings on that date must be postponed.

Red Sport Club Has Sunday Hike

NEW YORK, March 25.—The Red athletic club of New York is arranging a hike for next Sunday, March 29, to the Palisades, N. Y. We start promptly at 9 o'clock in the morning from the district office, 108 East 14th street, N. Y. All comrades and

YOUNG WORKERS LEAGUE OF NEWARK HAS CLASS IN ABC OF COMMUNISM

NEWARK, N. J., March 25.—The Young Workers' League is conducting a class here in the A. B. C. of Communism every Thursday evening at the Labor Lyceum, 704 S. 14th street.

Newark is one of the largest industrial cities in the country, a large percentage of the population being workers.

Olgin to Speak at "Jewish Colonization in Russia" Meeting

NEW YORK, March 25.—Comrade S. J. Olgin will speak at the "Jewish Colonization in Russia" meeting at the Brookville Labor Lyceum, 219 Sacan man St., Brooklyn, on Sunday evening, March 29. "Joz" is the abbreviated name for the Committee for Jewish Colonization in Soviet Russia.

As the name implies, its aim is to help the Soviet government by means of colonization, remove those sections of the Jewish population in Russia who were formerly engaged in unproductive activities, such as trade, into productive agricultural work.

The speakers, in addition to Comrade Olgin, will be Dr. Glassman, D. Abraham and Jacob Levette. The musical members will include Pola Carter, the well known singer of Russian and Jewish folk songs, and Gregory Mutawelitch, the concertina player.

Workers Invited to Attend Lecture on Imperialism Tonight

Imperialism is a subject upon which many workers are not fully informed. Many think it concerns only far away peoples, and has nothing to do with themselves. To enlighten them upon this subject, the Mid-City English branch of the Workers Party is holding a meeting Thursday night, to which all workers are invited, especially those not yet members of the party.

Manuel Gomez will lecture upon "Imperialism." The meeting to begin at 8 p. m., Thursday evening, at 722 Blue Island avenue, in the Greek Workers' Hall. All workers invited, no admission charged.

Communist Couple Married at Red Wedding in St. Paul

ST. PAUL, Minn., March 21.—The first Communist marriage in the Northwest took place here with Max Allen and Anna Quaternmaster, members of the Young Workers League, as the principals.

Comrade A. Hathaway, Minneapolis district organizer of the Workers' Communist Party, told how religion deceives the workers and is used by the capitalists to make the workers forget their small wages and long hours of labor.

The marriage register was signed before a commissar, as is the practice in Soviet Russia.

Capital and the clergy, in effect, were swept out of the hall, and the audience of 200 sang the International. An ABC Quaternmaster came from Moscow nine months ago.

Write us a letter—tell us how you work, what are your wages and shop conditions—and then order a bundle for distribution in your shop.

Red Sport Club Has Sunday Hike

NEW YORK, March 25.—The Red athletic club of New York is arranging a hike for next Sunday, March 29, to the Palisades, N. Y. We start promptly at 9 o'clock in the morning from the district office, 108 East 14th street, N. Y. All comrades and

Railroads Would Issue Bonds

WASHINGTON, D. C., March 25.—The Pittsburgh, Cincinnati, Chicago and St. Louis railroad asked the Interstate Commerce Commission today for authority to issue \$25,000,000 of general mortgage 5 per cent gold bonds. Of this amount \$10,250,000 is to be paid to the director general of

subscribers are invited to attend this hike. A wonderful time, all sorts of sports and games everybody that will join us next Sunday, March 29, to the Palisades, N. Y. We start promptly at 9 o'clock in the morning from the district office, 108 East 14th street, N. Y. All comrades and

IT CAN BE DONE BY COMMUNISTS!

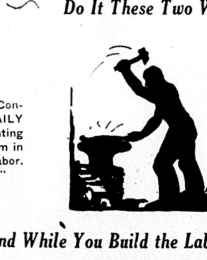

The Second Annual Sub Campaign

We can reach 15,000 new subscribers by June 15. We can make "Our Daily" a stronger working class weapon, a greater teacher—reaching more workers to lead the revolutionary movement another step forward in its march to working class power.

Do It These Two Ways!

GET A SUB—

From another worker. Convince him that the DAILY WORKER is his paper, fighting his battles, that it fits him in the ranks of militant labor. "Make another Communist."

GIVE A SUB—

Take the money out of your own pocket (if you can) to pay for a sub to the sympathetic worker in your shop or in your union whom you want to convince. "Make another Communist."

And While You Build the Labor Movement—

For every \$6.00 worth of subs (\$8.00 worth in Chicago) we will gladly send you a leather binder with patent class making all sheets detachable; with pocket for receipts and note paper for your use—containing a full descriptive catalogue of all Communist books and publications from "The source of all Communist literature in this country."

MUST RECOGNIZE SOVIETS, SAYS YALE PROFESSOR

Davis Attacks American Prejudice Against Russia

WORCESTER, Mass., March 26.—"The United States may withhold recognition of Russia for a number of years, but eventually she must recognize the Soviet government," was the prediction made by Prof. Jerome Davis of Yale University in his address, "Russia, Religion and After," before 115 members of the Worcester congregational club at its 15th meeting last evening and banquet here.

Prof. Davis exploded many current beliefs as to the chaos and confusion existing in Russia, and directly charged that most of the fanciful reports had their origin in the minds of propagandists. "Whatever trials and misery the Russian people have experienced during the past decade have not been due to the activities of the Reds, but to the heritage of injustice and inequality left by the Romanoff dynasty."

Country Recovering Prof. Davis, who served in Russia during the world war, told of the sufferings of the Russian people, 85 per cent of whom were illiterate and for whom the czar did nothing but levy taxes. Even the windows of the homes of the peasants were taxed he said which led the peasants to board up the windows and give tuberculosis a chance to doom the poor people.

Speaking of Russia today, Prof. Davis said that the country has been rapidly recovering, the currency has been stabilized on a gold basis and altho antagonists of Communism and Bolshevism have predicted the collapse of the Russian state, it has actually grown stronger and continues to grow.

Chicago, Notice!

On Sunday afternoon, March 29, at Anhalt Auditorium, there will be an international unity demonstration and benefit entertainment. No branch is permitted to arrange any conflicting date of any kind whatever. Affairs already fixed must be changed. The complete strength of the party must be mobilized at this affair as a test answer to the Abramovich attack.

LOW WAGES AND HIGH PROFITS IN WILLIMANTIC MILLS SHOWN DESPITE THE COMPANY'S BOASTS

By WILLIAM SIMONS. (Special to The Daily Worker) WILLIMANTIC, Conn., March 25.—As the strikers marched to the hall last night many of them were shouting: "It looks like a Fifth Avenue parade." Evidently, strikers must appear on the march in rags to satisfy some capitalist apologist.

What are the wages in the mill? When the workers have any grievance, the company always trots out the figure of a few well paid girls, as proof that wages are high. Just as capitalist colleges when charged with suppression of freedom of speech among the instructors and professors would point to one individual professor who is given some latitude of expression, which that anyone could express himself.

The Mill Workers They point a girl making 115 in a certain week, forgetting that the highest wage for a girl for the year was an average of 125 a week; and that in the same department, many of the women were making 815 a week before the cut, and 10-10 odds and that some women who have been working in the mill all their lives get in some departments only 82 a week in the shuttle bobbin department, the maximum wage of the women in the mill is 125-0 a week.

The Company cuts the fact that women making these so-called high wages work at top speed, and do odds and ends even at noon, so that their hours are more than 48 a week. They work to work early in the morning.

When the low wages are pointed out to the company, they reply: "Oh, those who can't make more, should not be working in the mill." Nothing remains left for the company to do, but to tell those who do not yield sufficient surplus value for its shareholders, that they will not do so, unless they can replace them with others.

The American (1) Through Co. finds it to their advantage to have a few girls speed up and make higher wages than the rest, and to give them extra paid wage after the cut is only 122-0 a week, for strong men, putting in a 48 hour week.

How Many Workers Are There? The American Thread Co. plant in Willimantic employs about 6,000 workers, divided in three departments: Finishing, 1,500; works, 300; manufacturing, 300. In the finishing department there are about 1,275 women and 225 men; in manufacturing 450 women and 350 men; in works 100 men and no women. Like the average mill town, it is a girls' town. The dye room is filled with men only.

A Man's Wage The aristocrats of the mill, the dresser tenders, get 132 before the cut.

The conflict cannot be bridged despite the preaching of harmony between labor and capital by so-called "labor leaders." Many of the strikers will claim that from their experience that there is close war between them and the American Thread Co. And that we who do not know it will get learn the lesson when this industrial conflict which now raging assumes a more determined character.

GET A SUB AND GIVE ONE! Русская Вечеринка Yes, that's what we mean: Russian Vecherinka, which will be given at this Saturday night, March 28, at the House of the Worker (formerly Soviet School), 1922 W. Division St. A short play in Russian and dancing will follow. A good time is promised to those who will attend.

NEGROES BARRED FROM BUILDING IN NEW ORLEANS

Must Stay Within Own District

NEW ORLEANS, La., March 25.—An ordinance passed by this city definitely forbidding a Negro to build or occupy a home in any section of the city where a majority of the people are white, has been upheld as constitutional by the supreme court of Louisiana. Plans are being made to carry it to the United States supreme court.

The state supreme court decision constrains the law as coming within the "police powers" of that state. This ruling gives the cities of Louisiana the right definitely to outline and restrict certain sections of a city for whites and others for blacks. In no instance has the law been upheld as unconstitutional by the supreme court of Louisiana.

The state supreme court decision constrains the law as coming within the "police powers" of that state. This ruling gives the cities of Louisiana the right definitely to outline and restrict certain sections of a city for whites and others for blacks. In no instance has the law been upheld as unconstitutional by the supreme court of Louisiana.

Clean of Impartiality This portion of the ordinance is clean of bias and is not a violation of the courts' checkable audibility. It permits for the audience two needed functions: first, to prevent discrimination, and thus preventing the ordinance from being set aside by the courts, and, second, to prevent the ordinance from being set aside by the courts, and, second, to prevent the ordinance from being set aside by the courts.

White Exploit Negroes While the law prevents a Negro from buying a house in the white district, even when he proposes to rent it to white tenants, it does not in practice prevent whites from buying houses in the Negro district. There are hundreds of apartments, restaurants, theaters, in almost every city owned to all appearances by Negroes, and catering to Negroes. They are owned in reality by a white capitalist, but for whom some Negro, willing to betray his race for the sake of a few dollars, acts as a fall guy.

Looking at the way from any angle you will—it shows a face favorable to the white capitalist, and a few Negroes who are exploited by the white capitalist. That is what the law was made for.

Clothing Concern Tries to Smash the Granite Unions

GRANVILLE, Ill., March 25.—In the mining town, which is also surrounded by mines, factory building (clothing factory) is being erected. The privilege of putting up this factory in the town, the manufacturers want the citizens to pay for the factory, and if possible after six years the manufacturers will try to pay the money back. The workers are to be exploited by the mine, and the factory is finished.

Granville has a main street, bank, postoffice, a depot, and about four blocks of stores, and several churches, but as soon as the young people leave school it is necessary to go other localities to seek work. The eastern clothing concern in transferring their factory to this place, and will likely see that this place is not molested by unions.

BUILDERS AT WORK

DETROIT WANTS 20,000 How Many Will You Get?

The present DAILY WORKER committee of Detroit, headed by Comrade Dunne, has not only provided a weekly number of striking subs by visiting them for renewal, but they have also added enough new subs in the past two months to reach the highest mark ever held in Detroit.

The reasons are simple: they are always ALIVE. The committee is daily getting more co-operation from branches, their persistent work; and on every occasion they have ordered either a special edition for free distribution (paid by advertising secured) or a large number of a regular issue.

The DAILY WORKER committee has already laid plans for May Day. In writing up its details, Comrade Dunne says: "The matter of the special issue has been taken under consideration and we have decided that the mass distribution of the DAILY WORKER is the most important thing, regardless whether it was a special issue or not. For this reason we are just going to order a large number of DAILY WORKERS for May Day as we think that the distribution on that day ought to be especially successful both from the view of distribution as well as from the propaganda value associated with May Day.

Their order for 20,000 copies of this issue was without hesitation and without having seen a word about it in the DAILY WORKER. It is simply a case of being energetic and far-sighted Communists ever looking for methods to build our movement.

On May 10 they are having a mass meeting for the DAILY WORKER at which Comrade Dunne, editor of "our daily" will speak. These are the methods of Detroit: no fancy program, just plain, hard "blugging."

How many copies of the May Day number (it will be a special of 12 pages) is your local going to order? Get your Communists busy now on this question of the May Day issue of the DAILY WORKER!

- On THURSDAY, MARCH 24, these BUILDERS set in NEW SUBS in the Second Annual Sub Campaign: CHICAGO, Ill.—E. Barcup (3), Benjamin Maller, D. E. Early, Nels Klar, A. Valentine. PITTSBURGH, Pa.—Fred Merrick (2). DETROIT, Mich.—Alfred Goets (3). MINNEAPOLIS, Minn.—A. Butler. MILWAUKEE, Wis.—G. Plescof, G. Shklar. BALTIMORE, Md.—S. Cohen. SUPERIOR, Wis.—Ellen Lempen (2). WOODLAWN, Pa.—M. Reaser. BROOKLYN, N. Y.—J. Weiss. BUFFALO, N. Y.—Chas. Dirba. JAMESTOWN, N. Y.—W. A. Little.

You will see by this list that the new subs are rolling in faster as the campaign progresses. You will notice also (by the numbers with the names) that some comrades have turned in more than one sub. Will your name be listed in this column soon?—How soon?

OUR DAILY PATTERNS

AN "ENSEMBLE" COSTUME "APRON" PROCK

6000-6279. The most popular style of the season is here pictured. It combines in this instance ladies' coat 6003 and one-piece dress 6259. Broadcloth, and a wool mixture in black and gray are used together. One could have satin or faille in two shades or in contrasting colors. The smartness of the "ensemble" depends on the combination that expresses harmony with best fit and contrast. The coat may be finished in the shorter length that is illustrated in the small view. The dress is a simple one-piece "slip cut" with the fullness caught in rows of upright plaits or tucks.

The coat pattern is cut in 6 sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. The dress is cut in 7 sizes: 36, 38, 40, 42 and 44 inches bust measure for ladies. To make the costume for a 38 inch size as illustrated in the large view, will require 2 1/2 yards of the wool mixture and 2 1/2 yards of the broadcloth, 24 inches wide with 3/4 yard of contrasting silk for facing on the coat, or the coat may be lined entirely, the lining to serve as a facing. This will require 2 1/2 yards of silk. TWO separate patterns mailed to any address on receipt of 12c POSTAGE. EACH pattern in silver or in stamp.

Pattern mailed to any address on receipt of 12c in silver or stamp. FASHION BOOK NOTICE: The Fashion Book for Spring and Summer 1925 is now on hand. It contains 100 designs of ladies' dresses, and a comprehensive article on dress-making. Also contains points for the dress-maker. 36 of the various simple designs. Pattern mailed to any address on receipt of 12c in silver or stamp.

The Young Worker Fights Militarism

This organ of the revolutionary young workers of America is the only paper of the American youth that carries on a persistent fight against capitalist militarism and wars.

NOW A WEEKLY PAPER

THE YOUNG WORKER is more interesting than ever before; more news, an improved international news service, and interesting articles by the leaders of the Communist movement in America.

Every worker young and old will want to subscribe for himself or for a friend.

THE YOUNG WORKER 1113 W. Washington Blvd., Chicago, Ill.

Enclosed find ONE DOLLAR AND A HALF to cover one year's subscription to the (weekly) YOUNG WORKER. Name: Address: City: State:

THE WORKERS MONTHLY For These Reasons—

The Workers Monthly, from its very beginning five months ago, became the outstanding working class magazine in this country: Its articles give to the worker not only a picture of the latest developments in the world of labor, but also the theory that leads to an understanding of their importance.

The leaders of the American and world revolutionary labor movement are regular contributors. All articles are made of more interest and value by scores of photographs that fill each issue.

The work of labor's leading artists is a distinctive feature. Fiction occasionally, and outstanding poetry always, contribute to a balanced magazine of information, theory and art—making the Workers Monthly a distinctive proletarian journal.

A subscription assures you every number.

Single Copy 25 Cents. \$2.00 a Year—\$1.25 Six Months.

The Workers Monthly 1113 W. Washington Blvd., Chicago, Ill. For the enclosed \$ send the Workers Monthly for _____ mos. to: Name: Street: City: State:

Clothing Workers Strike in Baltimore

The Baltimore members of the Amalgamated Clothing Workers seem to have recovered from the poison injected into them by the Hillman machine two years ago.

They are now out on strike for a new schedule of wages and working conditions. From all reports the spirit of the workers is splendid and their fight of the most militant character.

"Members of the Workers' (Communist) Party are active in this part of the strike. This should be brought to the attention of Sam Levin, manager of the Chicago joint board, who is blacklisting all members of the party he can induce the bosses to see. He might be able to make the basis for an other story in the labor-baiting Chicago Tribune centering around a new Communist plot in Baltimore.

The news of the Amalgamated strike is carried by us just as we carry the news of the coal miners strike in Illinois and all other news of workers' struggles. The attitude of the officialdom does not influence us in matters of this kind. The Communists are slugged and arrested on the picket-line by the thugs of the bosses; in the unions they are persecuted and beaten by the thugs of the bureaucrats and the bosses.

We know that our enemies are enemies of the working class and one of these days the working class will know it.

The activity of our comrades in Baltimore is much more damaging to the poisonous influence of the Hillmans and Levins than a thousand speeches and articles.

The Communist Press

The Communist press is something more than an organ of the advance guard of the working class; it is the party of the countries in which it is published.

It is, in addition to portraying the struggles of the workers at home, the medium through which the workers of all countries talk to one another and unify their forces in the international battle line.

We have published this week the news that the Red International of Labor Unions has sent \$5,000 to assist the striking Nova Scotia miners, that a still larger sum has been sent to the striking Italian and English miners, that the appeal for aid from the Japanese workers who group under the pitiless provisions of the new anti-union law of the Japanese exploiters; we carry the story of the persecution of the Polish Communist workers and of the drive against the revolutionary workers in Palestine.

No grievance of the workers is too small to find expression in its columns nor does the tremendous power of world imperialism cost it to silence when the shrieks of tortured workers in other nations reach our ears.

The struggle against world capitalism is world wide. The Communist press is neither American, fraternal sympathy nor English, Italian or Chinese. It is working class and it forms the chain which will one day link the world's workers to the World Soviet Republic.

Chicago Carpenter Militants Win

The militant carpenters of Local 181 are back in the union. The expulsions were never ratified by the union and with the retreat of International Brotherhood of Carpenters and Joiners, they have an apology for vigorous language in the resolution which caused the trouble, the local union, which had stood by the expelled men all the way through the strike, has now published a demand for their speed of teachers' salaries so that the city's educators are worse off than in 1929.

For instance, Men Kindergarten teachers in the 611 group got \$2,160 in 1929. To purchase as much as they could purchase then the wage should now be \$3,920. It is actually \$2,875.

A graduating class teacher (now on a 7A to 8 1/2 man) got \$2,400 in 1929. To prevent a reduction in his living standard his wage should be \$4,365. It is actually \$3,250.

An elementary school principal in 1929 got \$2,500. His wage, proportionate to living costs should be \$4,350 now. It is actually \$4,750. A high school assistant in 1929 who got \$2,400 should now get \$4,500; but actually got \$3,900; but actually got \$4,800.

The graphs do not give comparative salaries for the lower classifications of teachers; when these are compiled comparisons will prove far more striking.

French Lose Interest in Haiti

The French government, as we predicted, has backed down on the protest to the league of nations on the occupation of Haiti by American marines since 1915.

We do not know, of course, just what has been said and done, but very likely a short cable message or a call from the representative of the House of Morgan was enough to cause several cases of cold feet among the sudden converts to self-determination in the French foreign office.

The French imperialists would undoubtedly like to embarrass their Yankee creditors, but the vision of the franc falling below zero was enough to cool their enthusiasm.

"If you don't like the way we initiate the backward nations of the western hemisphere into the gilded hysterics of American democracy, pay us what you owe," is the verbal club with which the House of Morgan is today cracking the head of more than one spokesman of the European nations.

"It Can Be Done by Communists." For particulars see page four.

The Communists alone are fighting for working class interests in the election campaign that goes to polls on Sunday in Germany.

MUSSOLINI NEAR DEATH AS AIDS SPLIT FASCISTI

(Special to The Daily Worker)

ROME, Italy, March 25.—Benito Mussolini, the fascist dictator of Italy, is near death, it is reported, as a result of public appearance for a brief speech from the Palazzo Chigi balcony, Mussolini (1883, Novara) (1921, Nevada) (1926, Massachusetts) (1922, Michigan) (1919, New Jersey) (1921, New York) (1917, Pennsylvania) (1915—revised), South Carolina) (1915, Tennessee) (1915, Texas) (1920, West Virginia) (1922).

Causes Not An Exception

It is impossible to go into detail here, but instances can be cited showing that the Fascist cause is the type and not the occasion.

The state constabulary in New York has only a short history so far but that history is black with crimes against the workers who move the wheels of industry in the great capitalist state. Stories printed in the capitalist press itself show that the state police are not afraid of the workers' expected violence in the street rally strike of 1922, behaved so cowardly that they broke up the strike meetings by Mayor Schwab and all the city councilmen. A petition signed by 265,000 men called upon the government to withdraw the troops. It stated that the troops committed "unnamed and unnumbered crimes" and that they "have irrationally ridden on sidewalks" because of the "innocent pedestrians."

These "Rural" Communists community—nor in Utica, nor Rochester, nor Schenectady, but these are the cities where the state police appear to be most needed.

West Virginia is another state in which the state police are not afraid to use force. The West Virginia force is only a few years old and very young. The state police in Louisiana recently set up a deadly enemy. It is in fact a mere auxiliary of the state police and other state police forces employed by the business interests.

Cancer of Stomach Is Bringing End

The doctors refuse to operate on Mussolini, declaring that a general disease contracted by Mussolini in his youth has so weakened his constitution that any operation would be dangerous.

Mussolini's condition was first made known to the public when he was forced to take to his bed after a series of public appearances, followed by a slight stroke which impeded his speech and paralyzed his face.

Mussolini's condition is so serious that he has already been executed. Mussolini's condition is so serious that he has already been executed.

Ordered Murders

Mussolini's illness came at a time when he was growing increasingly unpopular. He was growing increasingly unpopular because of the shocking disclosures that Mussolini had ordered the murder of the socialist leader, Matteotti, and was responsible for many other opponents.

The Italian government is in a more acute crisis than it has ever been in since the elimination of Mussolini, the fascist dictator.

General Parniani, who is the extremist, is attempting to maintain a reign of order and violence. Parniani, minister of the interior, is the leader of the fascist party and is willing to do anything within the fascist who would rely on the industrialists and on secret intrigues to maintain the fascist in power.

While there are two wings of the fascist party, the rank and file members, many party are existing behind the Communist party, and are aiding in the campaign to get control of the industries through factory committees and strikes.

Teachers' Wages Do Not Meet Needs of Mere Living Costs

NEW YORK, March 25.—Backing up its arguments for the passage of the teachers' salary increase bill at Albany, the joint legislative committee of Teachers' Associations are publishing a series of graphs showing how the cost of living has increased, and how the speed of teachers' salaries so that the city's educators are worse off than in 1929.

For instance, Men Kindergarten teachers in the 611 group got \$2,160 in 1929. To purchase as much as they could purchase then the wage should now be \$3,920. It is actually \$2,875.

A graduating class teacher (now on a 7A to 8 1/2 man) got \$2,400 in 1929. To prevent a reduction in his living standard his wage should be \$4,365. It is actually \$3,250.

The graphs do not give comparative salaries for the lower classifications of teachers; when these are compiled comparisons will prove far more striking.

French Seek Pact with Turks Against England and Russia

CONSTANTINOPLE, March 25.—Heard Franklin-Bouillon, has been sent to Turkey by the House of Morgan to attempt to influence the Turkish government to break with Russia in the middle east and to ally against England, with Russian influence excluded. The Turks have been excited by the middle east and by the munitions and credits and support against English influence in Mosul, it is reported.

State Police Fight Workers

(Continued from Page 1.)

The affairs of workers demanding increased wages and improved conditions of labor.

While the labor organization and the numbers of the state constabularies vary from state to state, some are "massive" and others are "small" some "braggers," some "state detective bureaus."

Causes Not An Exception

It is impossible to go into detail here, but instances can be cited showing that the Fascist cause is the type and not the occasion.

The state constabulary in New York has only a short history so far but that history is black with crimes against the workers who move the wheels of industry in the great capitalist state. Stories printed in the capitalist press itself show that the state police are not afraid of the workers' expected violence in the street rally strike of 1922, behaved so cowardly that they broke up the strike meetings by Mayor Schwab and all the city councilmen. These "Rural" Communists community—nor in Utica, nor Rochester, nor Schenectady, but these are the cities where the state police appear to be most needed.

West Virginia is another state in which the state police are not afraid to use force. The West Virginia force is only a few years old and very young. The state police in Louisiana recently set up a deadly enemy. It is in fact a mere auxiliary of the state police and other state police forces employed by the business interests.

Big Fortunes Stir Investigation

(Continued from page 1.)

returns are not known.

These miners are the victims of the worst kind of treachery. Outrage were committed against them by the private police and state police constabularies. Suffering and starvation was rampant in every camp.

Ask the mine, mill and smelter owners. On August 17, 1922, they were deserted by Lewis and company. But in order to pacify any rebellious spirits among the miners, they promised to pay the miners their full wages. They ordered the men to go back to work without making any provision to improve their conditions. They were simply thrown to the "mercy" of the coal operators and steel barons.

The miners never have been able to find out what became of the greater part of the money raised by their organization for the Fayette relief. Now two years after, it appears that the personal bank accounts of the Lewis brothers have been swelled to \$1,000,000. It is necessary to conduct an investigation.

Fayette Bank Accounts Investigated

O'Leary did everything possible to evade an investigation but was finally apprehended. He was brought to the First National Bank of Charleston by two internal revenue officers. An hour later Bill Feeney appears at the bank and both remained there for several hours.

From the bank they went to the Charleston post office accompanied by the two revenue officers. Other banks were also visited by this same group in Brownsville and other nearby towns. Both Feeney and O'Leary were a mighty sight looking back.

Feeney by their own figures, these fugitives were drawing big salaries equally large expenses while the miners and their families were starving. The amounts claimed were \$12,762 paid for rent by these officials far above what the printed reports show. It is these fugitives and their methods that are wrecking the miners' organization. They are weakening it at every turn and in every district. They are making it an easy prey for the operators either to destroy or ruin.

If these fugitives and their methods that are wrecking the miners' organization. They are weakening it at every turn and in every district. They are making it an easy prey for the operators either to destroy or ruin.

If these fugitives and their methods that are wrecking the miners' organization. They are weakening it at every turn and in every district. They are making it an easy prey for the operators either to destroy or ruin.

HUGE SHIPMENTS OF FARM TOOLS OFF FOR RUSSIA

NEW YORK, March 25.—New large shipments of agricultural machinery for Russia, amounting in value to \$2,000,000, have been effected by the Amtorg Trading corporation, agents in this country for the Gostorg, or state export and import bureau, of the several Soviet republics.

The Dutch steamer Aalsum, just loaded, will sail from New York today with a cargo of 5,000 tons of plows, mowers, reapers, binders and other machinery and agricultural implements destined for the Russian Black Sea ports of Odessa and Novorossiysk.

Two more cargoes, totalling 9,000 tons of agricultural machinery, including 400 tractors, destined for the same ports, are now under way. The first of these, which sailed from New York on February 24, is expected to reach Odessa about March 1.

450 Tractors Off to First Workers' Republic

NEW YORK, March 25.—New large shipments of agricultural machinery for Russia, amounting in value to \$2,000,000, have been effected by the Amtorg Trading corporation, agents in this country for the Gostorg, or state export and import bureau, of the several Soviet republics.

Bill Bars Teaching of Evolution in Tennessee Schools

NASHVILLE, Tenn., March 25.—A bill prohibiting the teaching of the theory of evolution in the public schools of Tennessee and colleges of the state was signed into law by Gov. Peay and passed in each house of the legislature by a heavy vote. The governor gave an order that the bill should be signed into law with "variance with the teachings of man's creation as related in the Bible and the story of the evolution."

The new act makes it unlawful for any teacher in the universities, normal schools, or public schools, to teach which obtain state funds "to teach any theory that denies the story of the Bible and the story of the evolution as related in the Bible and the story of the evolution."

The bill is expected to be signed into law by the governor on March 25.

Federal Judge Is Harsh and Corrupt Tyrant, Is Charge

ST. LOUIS, Mo., March 25.—Further testimony tending to substantiate charges of government counsel that the federal judge in the handling of bankruptcy cases was expected to be reached in several days.

Testimony bearing on charges of financial irregularities in the handling of bankruptcy cases was expected to be reached in several days.

Testimony bearing on charges of financial irregularities in the handling of bankruptcy cases was expected to be reached in several days.

LOW WAGES BUT HIGH PROFITS

BY LELAND OLD (Federated Press Editorial)

CASH dividends totalling 67 per cent in 10 years is the record achieved by Uah Copper Co. with its 1924 report. How did it do it?

Ask the mine, mill and smelter workers who are sweating for wages less than 80 per cent above 1914 in the face of a cost of living which has increased more than 70 per cent. At times during the 10 years their wages were increased only about one-fifth of the price paid by consumers while the owners were taking one-half in rents, royalties and profits.

For 1924 Utah reports a profit of \$9,050,109 giving common stockholders a return of 64.4 per cent on their investment. This is just one of the generous profits for the owners in industry reported recently in the financial columns of the press.

National Tea Co., known to most consumers, turns in the highest profit in the industry. A net profit of \$1,722,993 after all deductions means 427.66 per cent on the net profit. The company has an investment of about \$20 million in real estate and a return of 138 per cent on its investment. The company has a net profit of \$1,722,993 after all deductions means 427.66 per cent on the net profit. The company has an investment of about \$20 million in real estate and a return of 138 per cent on its investment.

American Radiator Co. which takes its toll on a large part of the country's building, reports a 1924 profit of \$1,722,993 after all deductions means 427.66 per cent on the net profit. The company has an investment of about \$20 million in real estate and a return of 138 per cent on its investment.

Europe Bickers—Soviet Russia Builds

The speech of Austen Chamberlain, British foreign minister, delivered Tuesday in the house of commons is the most friendly expression of official British feeling towards Germany made public since the outbreak of the war.

It is probable that the speech marks the definite alignment of Britain and Germany against France—an alignment having as much organizational character as is possible under circumstances that make each new German move a temporary and ineffective instrument for treaty purposes.

Great Britain is just as much interested in the German frontier questions as Germany is. The power of France in Europe is based on a system of alliances with small nations like Poland that have received territory and natural resources formerly German. Great Britain will be willing to perpetuate the present Rhineland frontier, but she is not willing to have Germany, whose industrial and military revival is necessary as a weapon against France, stripped forever of the coal and iron of Silesia that would form the basis of her heavy industry.

Neither is Great Britain willing to give France guarantees of security enabling her to make Germany a French colony. The British dominions have put their collective foot on this proposal as the British foreign office probably expected they would.

France now fights again with Turkey as a means of bringing pressure upon Great Britain so that in the Balkans and in Asia Minor the threat of war continues. Turkey and Russia are at odds at the points over the Mosul oil fields and France is thus able to make considerable inroads on British diplomacy at Ankara.

It is now more than seven years since the armistice was signed and there is no sign that the allied governments are any closer to a settlement of the national rivalries than they were at that time. The Versailles treaty has increased the antagonisms rather than eliminated them.

To the east of the European war the Soviet Russia goes calmly along strengthening herself internally—winning the confidence and support of the great masses of the orient as well as the fraternal sympathy and aid of the oppressed workers of the western nations.

Class and Racial Unity in the Coal Fields

It is no light matter to decide to fight the steel trust in the coal fields of Pennsylvania. It is a still more serious matter in the Fayette coal fields where the Erik Cook regime carries out the policy of shooting and clubbing workers that the man for whom it is named began in the great steel strike in Homestead.

A strike in this district and under those conditions is no Maytime gambol. It is something that involves the very lives of thousands of miners and their families. The miners are unorganized, due to the treachery of the Lewis officialdom of the miners' union, but they have been in more than one struggle and have a great fund of fighting experience to guide them.

In this situation it is heartening to read our news of yesterday which tells of the Negro miners on strike with the white workers. Some time ago we wrote that given the same industrial experience as the white worker the Negro toiler would show just as much militancy and loyalty to his class. In the Fayette coal fields there is now living proof of the correctness of this statement.

Upon the militants in Pennsylvania organized in the Workers' (Communist) Party of America and the T. U. C. L. is the responsibility for providing the workers, organizers and relief just as they did in the strike of 1922.

That they are on the job is shown by the news we receive every day of the struggle as it develops.

"Call a Cop"

The close connection between the police department and the low wage mercantile establishments is shown by the arrest of three members of the Chicago local of the Workers' (Communist) Party.

These comrades were distributing a leaflet detailing the grievances of the workers in the Boston management strike. The leaflet was distributed in the management strike. The leaflet was distributed in the management strike.
