

ST. LOUIS CLOTHING SHOPS ANNOUNCE A 10 P. C. CUT IN PAY

Needle Trades Workers Industrial Union Calls On the Workers to Organize and Strike Against the Wage Cut
(ST. LOUIS, Mo.—Two needle trades shops in this city announced a 10 per cent wage cut this week. One is the Western Leather Clothing Company, an Amalgamated controlled shop employing 45 workers. In this shop a wage cut of 10 per cent took place about two months ago. At that time the boss with the aid of the Amalgamated officials succeeded to fool the workers with a promise that they will get more work when they will accept the wage cut. Of course, the workers never got any more work, but the boss benefited by having the work done cheaper.)

California Police Chief Says Workers Should Work for Meals

By an Unemployed Worker. HAYWARD, Cal.—Hayward's famous wooden statue type, Chief of Police Louis Silva (who ordered fire hose turned on the unemployed gathering), has good advice for "tramps" (unemployed workers). He is very hospitable and says: "With summer weather definitely here and with the average tramp able to sleep comfortably on the wide open spaces of Hayward and environs, the jail will not be a refuge for the wanderers. Although there is not an over-abundance of work in the fields and orchards (so we know only too well and Silva is forced to admit) of the Hayward district, the average tramp with a desire for employment, if to roam more than a meal and a night's lodging, can find temporary employment if he looks hard enough." That is the kind of advice this wooden figure gives us. Suggestion that "tramps" (the unemployed workers) work for a meal and lodging. This has been practiced by ranchers around here

"Let's Try Communism," Says Mich. Workers

Moscow, Mich. and offered to work for 50c, but I told him we would not pay him that low—we would pay him all we could afford. So we are paying him sixty. Why, if it wasn't for the extra things we do here, like raising fancy dogs, and such, I don't know what we'd do!" She seemed overjoyed when I handed her a Daily Worker and said: "We will have to take all the wealth from the bloated millionaires of this country and give it back to the workers who produced it. Just like they did in Moscow, Russia, for there they no longer have unemployment and hard times." Workers and farmers here have watched with interest the recent hunger march to Lansing and are disgusted with the cowardliness of their Governor and "representatives." Although they do not yet know very much about Communism, they say: "It couldn't be much worse, let's try it once!" Yours for the Revolution. Ex-American Legion Man.

Wash. Lumber Mill Closing; 1500 Workers and Families Affected

(By a Worker Correspondent) HOQUIAM, Wash.—More prosperity for the workers in the lumber mills of Washington. From Onalaska, Wash., a mill town owned by the Carlisle Lumber Co., comes the news that the mill there is to close for two years. This means forever so far as the workers are concerned. Notice was served on the workers to prepare to vacate by the first of July, as the mill will close and that all water and light will be cut off after that date. 1500 Workers Affected This mill employs some two hundred men in the mill and perhaps

Portland Workers Pledge to Defend USSR

(By a Worker Correspondent) PORTLAND, Oregon.—Not was the enthusiastic response of 400 Portland workers to the question: Will we fight against the workers in the Soviet Union. A fitting answer to the Portland workers to the months of terrorism by the police and immigration department in their efforts to smash the Communist Party and from being cowed into submission the workers are steadily gathering their forces for greater resistance to all capitalist measures of starvation. The meeting, for Alex Noral, who returned from a two years

THUGS GAS CLUB, ARREST STRIKERS

13 Organizers Held for \$41,000 Cash Bail (CONTINUED FROM PAGE ONE) Kinley, Northern West Virginia, and 100 miners at the Kenwood Mine, led by the rank and file district committee of the National Miners' Union. At the same time yesterday and today have been marked by a rapid increase in arrests and terrorist by the armed forces placed at the disposal of the operators by the city, county and state authorities. The Wheeling Register says: "Scores of arrests were made yesterday about the areas affected by the strike. . . ." Reports to the district office of the National Miners' Union and the Rank and File Strike Committee place the total number of arrests at 42 miners and their wives. In most instances no charges are filed. The workers are simply arrested and thrown in jail at the pleasure of the scores of special deputies. The U. M. W. A. officials are carrying on strike-breaking work under police protection. At the Panama Mine yesterday, John Cinque, district U. M. W. A. organizer, urged the men to go back to work and told them that they "could not expect increases in wages at once, but conditions would improve as the industry regained its feet." Frank Sepich, local N. M. U. organizer, was arrested yesterday while speaking at the Elm Grove Mine. A U. M. W. A. organizer then spoke under the protection of the sheriff's forces. Sheriff Yost of Jefferson County has issued a blanket proclamation which in effect declares illegal all strike or organization meetings of miners and their families. The proclamation says, in part: "Acts of violence and intimidation are being incited and encouraged in large part by non-residents of Jefferson County, opposed to the best interests and welfare of the law abiding citizens thereof."

OHO, W. VIRGINIA STRIKE SPREADS, HUNGER MARCH ON ALLEGHENY CO.

(CONTINUED FROM PAGE ONE) and the starving miners will be carried on in the city of Pittsburgh by the Unemployed Council and the N. M. U. Not only will miners and steel workers from Allegheny County be present but large numbers of miners and steel workers will be in for that purpose from Westmoreland, Fayette and Washington counties. The demands of the hunger marchers will include: 1. Immediate appropriation of money enough to pay \$10 a week and \$5 additional for each dependent, to all striking miners and unemployed miners, steel workers and other unemployed workers. 2. Protest against the brutalities of Pinchot's state police and the Allegheny county deputies, who have shined down peaceful pickets in the Allegheny Valley and elsewhere. 3. Demand for the abolition of the injunction which has been issued to the Butler Consolidated Coal Company by Judge Rowland against peaceful picketing. 4. Immediate cessation of all evictions of striking workers. 5. Establishment of full right to speak to assemble, to picket, and to demonstrate, and annulment of sheriffs' proclamations of Washington and other counties denying the workers these rights. 6. Abolition of terror against foreign born workers, right to fully participate in strike activities and repudiation and rejection of Sheriff Cain's proposal for the wholesale deportation of foreign-born workers. 7. Abolition of persecution against Negroes and women in the strike area. 8. Abolition of evictions—the state to pay the rent for all evicted workers. 9. Adoption and enforcement of adequate legislation to protect the miners from the devastating effects of the unhealthy and unsafe conditions in the mines. 10. Abolition of forcible dealing with company stores—the company to pay the miners in cash. 11. Abolition of company control of the company towns and the opening of these towns to the right of free speech and assemblage to the workers. 12. Cessation of efforts by Governor Pinchot and local authorities and strike-breaking organizations to use the state power of the National Miners Union, back under the yoke of the operator-controlled United Mine Workers of America. 13. General conference of the coal operators and the Central Rank and File Strike Committee, National Miners Union, on the basis of the demands submitted to the coal operators by our committee.

BAIL REVOKED FOR WORKER

Unemployed Leader Attacked by Court INDIANAPOLIS, Ind., June 21.—The State Supreme Court revoked bail on Luesse, the leader of the Indiana unemployed in the frame-up contempt case without any justification, and took time out to make a vicious attack on the leader of the unemployed who is now serving a three year sentence on the State Farm for fighting an eviction. The court ordered Luesse to be arrested as soon as he is released on appeal in the eviction case which is going to the Supreme Court. The mass sentiment against this vicious jailing is growing. There is already a good response to the Workers' Trial entitled "Luesse vs. the Capitalist State" which will be held under the joint auspices of the International Labor Defense and the Unemployed Council, at the workers' Center 932½ S. Meridian St., Sunday, June 28 at 2:30 P. M. The audience will act as jury and workers will be witnesses. Delegates from Terre Haute, Anderson and other Indiana towns will take part in this state wide Workers' Trial.

Give Your Answer to Hoover's Program of Hunger, Wage Cuts and Persecution!

(GIVE YOUR ANSWER TO HOOVER'S PROGRAM OF HUNGER, WAGE CUTS AND PERSECUTION!) THE fight against imposition of men for strike breaking purposes is speeding up. This morning (June 19) the Council of the Unemployed organized picketing of two agencies both at Grant and Second Street, Pittsburgh. They are Corrado Bros., supplying scabs to Kinloch mine, and Budd-Devis, supplying for Slovan Mine and West Virginia. Unemployed workers from Cleveland are trooping up to the National

Organize 3 New I. L. D. Branches in State of Florida

CHATTANOOGA, June 21.—Three Florida branches of the International Labor Defense were formed last week during the tour of Helen Marcy, organizer of the Southern District I. L. D. The Ella May branch, composed of 12 members, was established at Ft. Lauderdale, and another branch in Pensacola. Marcy's tour is part of the I. L. D. campaign to build I. L. D. branches throughout the South for the purpose of establishing a strong apparatus to defend workers arrested for participation in labor struggles. At present, these branches are concentrating on the major campaign of the I. L. D. today—that of organizing a broad, mass Negro movement to release the nine Negro boys convicted on a frame-up charge at Scottsboro, Alabama. Wide literature distribution, raising funds, and drawing in of new members are some of the immediate steps taken by these branches.

Southern Bosses Alarmed At Mass Fight To Free 9 Boys, Now Talk of Life Imprisonment

the boys has all along been based on the demand for the unconditional release of these nine Negro children, victims of one of the most brazen and murderous frame-ups in the history of American capitalism and its brutal terror against the working masses. Commuting death sentence and sentencing the boys to a living death will not stem the tide of angry mass protests nor swerve aside for even a fleeting instant the mass fight to free the boys. The workers, black and white, have seen this trick played before—in the case of Tom Mooney and scores of other innocent victims of capitalist justice. On with the fight to save and free the nine boys! Defeat the tricks of the southern boss lynchers and their white and Negro allies! Demand the unconditional release of these innocent children! Spread the mass movement to save and free them! Build block and neighborhood committees in your community! Support the demonstrations and conferences called by the League of Struggle for Negro Rights and the International Labor Defense. Rush funds for defense to the International Labor Defense at 80 East 12th St.

OHIO, W. VIRGINIA STRIKE SPREADS, HUNGER MARCH ON ALLEGHENY CO.

(CONTINUED FROM PAGE ONE) shop with the same mass picketing with which we would have met an attempt to operate under a scab agreement with the U. M. W. These demands were presented to Pinchot by the delegation in the name of all striking miners of western Pennsylvania. 1. Open hearing in Pittsburgh on the Pennsylvania mine situation to give the striking and unemployed miners an opportunity to expose the existing mass starvation. 2. Removal of all armed forces, including state police, coal and iron police, deputy sheriffs from the strike area. 3. Immediate release of all prisoners arrested in connection with the strike and unemployment demonstrations. 4. Establishment of state unemployment insurance and immediate relief to all unemployed workers and striking miners. 5. No restrictions in any community on relief collections for the striking miners. 6. Abolition of injunctions against the striking miners. 7. Establishment of full right to speak to assemble, to picket, and to demonstrate, and annulment of sheriffs' proclamations of Washington and other counties denying the workers these rights. 8. Abolition of terror against foreign born workers, right to fully participate in strike activities and repudiation and rejection of Sheriff Cain's proposal for the wholesale deportation of foreign-born workers. 9. Abolition of persecution against Negroes and women in the strike area. 10. Abolition of evictions—the state to pay the rent for all evicted workers. 11. DISTRICTS! ACTIVATE PARTY, LEAGUE, PIONEER MEMBERS

JUNE 26-27-28 "DAILY" TAG DAYS Section 1, District 2, challenges Detroit District in Daily Worker Drive. In the first three weeks of the Drive, Section 1, District 2, raised almost three-quarters of their quota of \$1,250. With this in mind, the Committee of Section 1 has decided to challenge the entire Detroit District 7 in revolutionary competition. Section 1 has the confidence to say it will surpass the whole of District 7 before the end of the Drive. What about it Detroit? Will the third largest district in the country, with the third largest quota, allow itself to be beaten by merely one section (and not the largest at that) of the N. District? Section 10, District 2, also sends out a challenge to the whole of District 1. Boston that it will surpass the District 1 quota of \$1,000 before the end of the Drive. Unit 2 of the same section challenges the whole of Section 11 that they will surpass Section 11's quota of \$750 before the end of the campaign. Unit 2 also challenges every unit in Newark that it will get 25 new subs and renewals in one month. Unit 5, Newark, was challenged Unit 3 of the same section that they will double their quota in four weeks. Nucleus 7 of Section 4, District 8, Chicago, challenges the rest of District 8. Boston that it will raise any nucleus in District 8, especially Nucleus 905, to beat them in revolutionary competition. Nucleus 8, Chicago, 800 campaign. If the Nucleus Org. will kindly send us the number of the nucleus making this challenge more interesting. According to reports, this particular nucleus has already raised more than the rest of the units combined. Unemployed Council of Sacramento, Calif., is making a drive to fulfill its quota of \$70. "Enclosed find donation of \$7.85 collected by C. P. Will twice as much effort to continue our campaign work, as we realize the necessity of helping Districts to attain their quota. Set Aside Weekly Sum for Daily. Some constructive criticism from the Women's Council.

THURSDAY CONTRIBUTIONS DROP; POOR WORK BY DISTRICTS 6, 7, 8

A drop again in the totals on Thursday to \$744.8. With only 16 days left to go, there is still more than \$15,000 to be raised to make up the \$36,000 needed to see the Daily Worker go to press under. Can you do it, fellow workers? Not at the present rate! It will require a daily average of \$1,800—about twice as much campaign on Thursday—to raise the \$36,000 by July 1. That means WORK! Again we find District 2 (New York) bearing the brunt of the contributions, turning in \$658.54. And again we find District 8 (Chicago) falling down badly, with District 3 (Philadelphia) a little better than the day before but still below what its daily totals should be. Only \$11 from District 8 and \$250 from 7—the same figures as the largest districts in the country! This is a disgraceful showing. Corrections: In the issue of June 18 \$240 was listed for C. Kimbrogh of District 15 (Connecticut). This money was not a contribution, but payment of a bill. Among contributions credited recent to Unit 4, Section 6, District 3 of the Communist Party is the name of Ellis Aspiotico of Brooklyn, N. Y., who donated \$2, was omitted.

Table with columns for District and Total. Includes District 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15. Totals range from \$1.00 to \$1,100.00.

Cut out and mail at once to the Daily Worker, 50 E. 13th St., New York

Table for 'SAVE THE DAILY \$35,000 Save-The-Daily Worker Fund'. Includes columns for Name, Address, City, and Amount. Total amount listed as \$19,972.10.

work of the operator-controlled United Mine Workers of America. 15. General conference of the coal operators and the Central Rank and File Strike Committee, National Miners Union, on the basis of the demands submitted to the coal operators by our committee.
