

# SOME WALL STREET SOCIALISM

BY ROBERT HEINER.

Reaction during the growing depression of the United States does not mean we are approaching the end. They are trying to bring the war to a halt in the public mind. They have a new device to bring the public to their feet. They are going to use the war to bring the public to their feet. They are going to use the war to bring the public to their feet.

It makes you wonder why the United States is so weak. It is because of the war. It is because of the war. It is because of the war. It is because of the war. It is because of the war. It is because of the war.
