Number 2

CHICAGO, ILL., November 7, 1911.

To All Locals and Branches:

Dear Comrades:—The National Executive Committee has adopted the following motion:

"That a call be issued in the name of the National Executive Committee and the National Secretary, addressed to the locals of the Party, for immediate and liberal financial support to the Los Angeles comrades in their pending campaign; also that two speakers, at least one of them a woman, be sent to Los Angeles forthwith at the expense of the Party."

Los Angeles is the scene of the fiercest battle now raging in the class war. The capitalist foes of labor are determined upon breaking the will of the workers, assassinating their love of liberty, and reducing them to abject servility.

Nobly have the working men and women of Los Angeles risen in their might.

At the primary on October 31, Harriman received 20,157 votes for mayor. This is 3,487 more than his leading opponent. And it comes within 2,533 votes of being a majority over all.

With bold and aggressive effort we can carry the city at the election on December 5th.

WILL YOU HELP TO CAPTURE IT?

The time is short. Call a meeting for quick action.

Yours for Victory,

Correspondence of the National Executive Committee During October

Under date of October 3 a motion by Comrade Hillquit that the meeting of the National Executive Committee be postponed from October 14 to November 3, and a suggestion by the Acting National Secretary that the meeting be held at Washington, D. C., December 1, were submitted. The result of the vote on the same is reported in the minutes of the meeting of October 14.

October 23, 1911.

To the National Executive Committee: Dear Comrades—The following correspondence speaks for itself:

"15 Paige Hall, Tafts College, Mass.

"October 18, 1911.

"National Secretary of the Socialist Party:

"Dear Comrade—The N. E. C., at its meeting in December, 1909, donated \$120 and an additional appropriation of \$80 in session May 14, 1910, to meet the expenses of a national organizer's five months' trip to be arranged by the National Lettish organization.

"Comrade Barnes, then National Secretary, informed us in his letter of December 23, 1910, that this sum is to be had at any time.

"We expect our National Lecturer, Comrade J. Johnson, editor of the Central Organ of the Lettish Social Democracy of Russia, by the end of November. He is to visit all Lettish branches (25 in number) of the S. P., both in the United States and Canada.

"Kindly inform us when we can have the first \$100 of this fund.

"Fraternally yours,

"(Signed) J. G. SANERIB, Secretary of the Executive Committee National Lettish Organization."

"Chicago, Ill., October 23, 1911.

"J. G. Sanerib, 15 Paige Hall, Tafts College, Mass.:

"Dear Comrade—Replying to your favor of the 18th, it is my understanding that the original appropriation of \$120, made in December, 1909, was made on the supposition that a two months' tour was to be arranged, and that the additional \$80 was appropriated in May, 1910, on the supposition that a five months' tour was to be arranged.

"You now intend to arrange a tour of about twenty-five days.

"This office was in reasonably good financial condition at the time when the money was appropriated. It is now deeply in debt.

"The National Executive Committee recently declined to give assistance to the Bohemian organization in making a tour for one of their comrades from Europe, on the ground that the tour could be financed by making sufficient charges to the branches for his services. I take it that you are in much the same position.

"Considering the long lapse of time since the appropriations were made and the altered financial conditions, and the change in your own plans, I do not think I would be justified in paying out money in this matter without further directions from the National Executive Committee.

"I am accordingly placing your communication and mine before the committee. In case the committee thinks all, or any part of the amount, should be paid, a motion to that effect will undoubtedly be forthcoming.

"Fraternally yours,

"(Signed) JOHN M. WORK, Acting National Secretary."

National Committee Action

Motion No. 6 (N. E. C. Action) and Motion No. 7 (Question by Acting National Secretary) Submitted

National Headquarters, Socialist Party, Chicago, Ill., Oct. 24, 1911.

To the National Committee:

Dear Comrades—I have sent you copies of the minutes of the recent meeting of the National Executive Committee, containing report of National Organizer Goebel on Alaska.

You will note that the National Executive Committee passed the following motion:

"That the National Executive Committee make special efforts for propaganda in Alaska along the lines of the recommendations of Comrade Goebel."

In view of the recent action of the National Committee with reference to propaganda in Alaska, the National Executive Committee instructed me to refer the foregoing motion to you for approval or disapproval.

Vote will close November 14. Kindly use the voting card herewith enclosed.

Chicago, Ill., October 30, 1911.

To the National Committee:

Dear Comrades—Several of the comrades who have been assigned as lecturers on the Lyceum courses after the first of January have received five or more nominations for National Executive Committeeman. In case such comrades accept the nomination, I desire your instructions as to whether their names should be placed on the ballot or not.

Large expense has been incurred, aggregating thousands of dollars, in arranging these Lyceum courses, and additional thousands of dollars of expense will be incurred in the next few weeks. If these comrades were to withdraw from the Lyceum it would mean a loss of thousands of dollars to the party. They are in duty bound to fulfill their Lyceum engagements.

They have no right to withdraw from the same. Not that I believe any of them want to withdraw, but some of them may accept the nomination for National Executive Committee on the theory that they can serve on both the Lyceum and the Executive Committee, on account of not having been hired for the Lyceum by the 1912 Executive Committee, but having been hired by the preceding Executive Committee. It is sufficiently difficult to conduct this great enterprise, with its many perplexities, without this additional uncertainty. If some of them should accept the nomination for Executive Committee, and should be elected, it would then become necessary for the National Secretary to decide whether or not they could remain on the Lyceum. No matter which way he might decide that question, the chances are that some one would make a motion to undo his decision. And this would throw the Lyceum affairs into confusion still worse confounded. I am therefore taking time by the forelock and putting the question up to you now. Right now is the time to decide it. If these comrades are available for both the Lyceum and the Executive Committee, their names should go on the ballot. But if, on the other hand, they cannot serve on both—since they are in duty bound to fulfill their Lyceum engagements, they are not eligible for the Executive Committee. I desire your instructions on the following question.

Shall the names of such comrades be placed on the ballot if they accept the nomination?

Vote will close November 10, the same date when the acceptances and declinations close. Please use the enclosed voting card, unless the time is too short, in which case send in your vote by wire.

Fraternally submitted.

JOHN M. WORK, Acting National Secretary.

REPLY TO COMRADE BRANSTETTER'S QUESTION AS TO CONFERENCE BY MAY WOOD-SIMONS.

I was requested by Socialists not members of the committee to bring this matter before the committee, and being in accord with the suggestion have done so. I have not worked details naturally, but believed the conference would be similar to the International Conference at Copenhagen and the conferences held by women of Austria and Germany quite frequently. I am now of the opinion that the conference should be held for, say, two days before the convention, be made up of red-card delegates from as many locals as can send them. Some women will no doubt pay their own way. Women coming to the convention would act also in the conference.

Our action, of course, would not be binding—resolutions passed, etc.—but would express the opinion of a majority, and the conference offer an opportunity to work out plans and bring better understanding. I should therefore imagine that it would be well to invite trade union women to participate in discussions—not voting if not a member of the party on any resolutions passed. All this is merely tentative.

COMMENT ON VOTE ON COMRADE LEWIS' AMENDMENT BY COMRADE SIMONS.

May Day has repeatedly been used by Socialists as a day for demonstrations for universal suffrage—for example, in Prussia against the three class suffrage. I have been asked several times by locals to speak on woman suffrage on May Day. In using it for a woman suffrage day wherever possible we are following European precedent, and will reach the ear of the working men, without whose support our efforts amount to little.

On Woman's Day this year comparatively few locals held a meeting. Some of the largest suffrage meetings were not held on Woman's Day, for instance, Carnegie Hall, New York, and the Boston meeting.

There has been a general impression in the locals that women should be the speakers on Woman's Day. The call for them is always larger than the supply. As a result, locals hold no meetings.

On May Day large numbers of meetings are arranged, both men and women speaking, which is, I think, the best thing to have at the suffrage meetings. If the subject is worked up right, I believe the men will help enthusiastically, large parades can be held, union girls interested and more accomplished for the suffrage, which is what we desire, not the mere setting up of another day.

COMMENT ON PROPOSED WOMAN'S CONFERENCE.

Lena Morrow Lewis: I believe that all women regularly elected to the National Convention—state correspondents and women organizers—the National Woman's Committee, and women who are also on the National Committee,

and state secretaries, shall be eligible to vote at the conference, and the conference can decide who shall have the right to the floor.

I am opposed to electing women from the locals to this conference, for then it will raise confusion, and the men will think that the women can have their meeting all by themselves and there will be no need to elect any women to the regular National Convention.

We must never allow our woman's committees or conferences to be the means of eliminating the women from the regular party work. The activity of the Woman's Committee ought to result in an increased number of women being elected to the regular offices and positions within the gift of the party. The idea seems to prevail among some people that the Woman's Committee and Woman's Conference gives the women a place to exert their energies and takes them out of the domain of regular party work.

The Socialist party is not a man's party—it is composed of both men and women, and the work of the Woman's Committee should be such as to emphasize this fact.

Therefore, out of the regularly elected delegates to the National Convention, together with the women state secretaries, general correspondents, National Woman's Committee and women members of the National Committee, I suggest that these make up the conference and the body make its own rules after coming to order.

Winnie E. Branstetter: There are so many reasons against such a conference that I feel they outweigh all the possible advantages, which, to my mind, are few:

1. Our committee has no authority to call such conferences, congresses or conventions. See Article X, Sections 1, 2, 3 and 4, and Article XV, Section 2, of the National Party Constitution.

Thus the conference itself, as well as any action which we might take, would necessarily be unofficial, without binding force upon any portion or committee of the organization or upon the membership generally.

2. If such a conference were constitutional and desirable, it should not be called by this committee eight months in advance of the time, when a new committee is to be elected in the interim.

The committee elected for 1912 will no doubt be as capable of deciding this question and of making necessary arrangements as we are, and will have ample time to do so.

I am certainly opposed to the present committee legislating so far in advance I am certainly opposed to the present of our term and usurping the functions of the incoming committee.

3. There are no provisions in the national, or the various state, party constitutions, for apportioning delegates to such a conference, or by which a just and equitable representation could be secured, or for paying the expenses of such delegates.

We have every reason for supposing that very few locals would respond to our call and send a regularly elected delegate, and that practically none of them would pay the expenses of a delegate to such an informal and unofficial conference when they already have representation in the regular convention.

The result would be that outside of those active Socialist women who will be attending the regular convention as delegates or committee members, the conference would consist of a handful of middle-class women who can afford to pay their own expenses and who would come as the self-appointed representatives of the thousands of housewives and wage-earning women who are active party members, and who did not, and possibly would not if consulted, consent to such bourgeois representation, or to the measures which such a group of women might advocate.

4. If this conference is not to be an official one, with authority to make formal recommendations to the regular convention, which will be received by that body as authorized and official recommendations, I deem it inadvisable for our committee to attach dignity or importance to it or give it the stamp of our approval by issuing a call therefor.

Such a woman's conference may be helpful in European countries, where conditions are such that separate organizations for women are a recognized force and sanctioned by the Socialist party organizations. In this country we have discouraged separate Socialist organizations for women and have refused to officially recognize such organizations. A call for such a conference as is proposed would be inconsistent with the past (and present) policy of our committee and of our national organization.

I believe the committee and the Socialist women generally can secure better results in 1912 by the Woman's National Committee urging the women comrades who may be nominated as delegates to the regular convention to accept such nominations, and by recommending to the membership generally that they elect a reasonable proportion of women as members of their respective state delegations.

Then let us have our discussion of woman's special interests in a caucus of these elected women delegates and the Woman's National Committee, a truly representative gathering of Socialist women. Recommendations coming from such a caucus of authorized delegates to the regular convention would be seriously received and considered by the convention, and the membership of the caucus would be

upon the floor of the convention as delegates to advocate and work for the adoption of their recommendations.

Taking it as a whole, I can see very little good which a specially called conference can accomplish which will not, and which should not, be dealt with by the National Convention of the Socialist party.

A call for such a conference, issued at the time of the election of delegates to the convention, will be confusing to the membership and would undoubtedly result in reducing the number of women delegates elected to the convention, which would be deplorable. I would rather see fifty women seated as regular delegates in the National Convention of our party than to see five hundred of them in an unofficial, useless and powerless conference.

Let us hold our party to its full duty as a working-class party of representing the working women as well as the working men. We can do this only by active participation in party affairs, as delegates to the party conventions, as members of committees, and by making our demands of the Socialist party through the regular party channels in a dignified, democratic and class-conscious manner, as working-class members of the Socialist party, instead of through an informal, bourgeois woman's conference.

Motion and questions submitted October 2, 1911:

There is but one motion before us. The vote upon this must be received by October 10.

Motion by Comrade Simons:

"That the Woman's National Committee arrange for a national woman's conference in 1912 at the time of meeting of the National Convention and proceed to prepare the agenda for the same."

Comments are submitted from Comrades Simons, Lewis and Branstetter.

Fourteen subjects are submitted for the program for 1912, as the last five received an equal number of votes. Two should be selected from these five.

Under separate cover I am sending a copy of The Masses. Comrade Vlag has offered to let us have The Great Light and The Destroyer for postcards free of charge if we will give credit to The Masses.

The following verses are submitted by him for each of them:

THE DESTROYER.

The digger of the grave
Of battlefields, he is
The rich man's eager slave.
Will ye be slaves of his?

THE GREAT LIGHT.

Light of Liberty to thrill you
Has arisen like the sun.
Strike your chains off! Dare you? Will you?

Slaves, with slavery have done!
On page 220 of War—What For? is a Boy Scout picture.

Question: Do you favor these three for postcards?

Chicago, Ill.,

October 19, 1911.

To the Woman's National Committee: Dear Comrades—The action taken upon the questions submitted October 2 is as follows:

Vote upon National Woman's Conference in 1912: Yes—Strickland, Simons, Allen. No—Branstetter, Floaten, O'Hare, Lewis. Motion lost.

The two remaining subjects selected for the programs are: "To the Union Man's Wife" and "Old Age Pensions for Working Women."

Those favoring the cartoons from The Masses are: Lewis and Floaten. Those opposed: Allen, Branstetter, Simons. Not voting: Strickland, O'Hare. I shall write Comrade Vlag that you do not desire to use them.

Those favoring the "Boy Scouts in War—What For?": Lewis, Floaten, Branstetter, O'Hare, Simons. Not voting: Strickland, Allen. This picture is decided upon as one for our postcards.

There is no other motion before us. I am enclosing the suffrage statement, prepared for the delegates to the convention at Louisville.

Fraternally yours,

CAROLINE A. LOWE, General Correspondent Woman's National Committee.

October 19, 1911.

To the Delegates of the National American Woman Suffrage Association:

Greetings—In view of the fact that we are requesting the assistance of your organization in securing signatures to the woman suffrage petition, now being circulated by the Socialist party, we deem it proper and fitting that we call your attention to the attitude and record of our party on this issue.

For this purpose we quote the following official declarations of our organization, adopted by conventions and ratified by referendum vote of the party membership:

Socialist National Platform of 1908: "10. Unrestricted and equal suffrage for men and women, and we pledge ourselves to engage in an active campaign in that direction."

Resolution adopted by National Socialist Congress, 1910:

"Whereas, Woman's position in industry is of a much lower status than man's as the direct result of her political disqualifications; and

"Whereas, The Socialist party is the direct representative of the working class, regardless of sex; therefore be it

"Resolved, That the Socialist party demands equal suffrage, regardless of sex, color or race, and pledges itself to work, advocate and agitate for it."

Extract from report on propaganda, adopted by Socialist Congress, 1910:

To the Local Secretary:
Did your State Secretary receive a report card from you last month?

THE SOCIALIST PARTY MONTHLY BULLETIN

"The modern Socialist movement began its political career with a demand for equal political rights for all adults, without distinction of class or sex, and the platform of our own party contains a specific pledge that the Socialists of America would engage in an active campaign for unrestricted and equal suffrage for men and women. This pledge was made in good faith and must be redeemed unequivocally and wholeheartedly. Our propaganda for the enfranchisement of women must be carried on, not spasmodically and perfunctorily, but steadily and enthusiastically. We must allow no opportunity for such propaganda to escape. Whether it be a legislative hearing, a public demonstration or discussion, the Socialists should range themselves on all occasions with the advocate of woman suffrage."

The membership of our party has heartily endorsed the declarations of the national organization, and the platforms of our respective state organizations contain strong and emphatic demands for votes for women.

We have not only made declarations in favor of woman suffrage, but have proved our sincerity by active and effective work in national and state campaigns. When your association circulated its petition to Congress last year our organization gave its endorsement and sent in four thousand sheets of signatures collected by our membership.

In all state campaigns for unlimited suffrage the Socialist party has taken an active part and given the Suffrage Association every assistance and support, as the following quotations and resolution will verify:

"The president of the Suffrage College League of Spokane attributes the magnificent victory in Washington to the untiring efforts of the grangers, the labor unions and the Socialist party."

The following resolution expresses the appreciation of the Woman Suffrage Association of Oklahoma of the services rendered by the Socialist party in their recent campaign:

"December 30, 1910.
The Oklahoma Woman Suffrage Association extends greetings to the So-

cialist state convention. We wish to extend a vote of thanks for your hearty support, as a party, in both the petition and election campaigns, and for the untiring zeal of many individuals in our behalf.

"We feel that it was only with your party's assistance that at the close of the campaign we rolled up 90,000 votes. Again we thank you most heartily."
(Signed)

"RUTH A. GAY,
"State President."
"ADELIA C. STEPHENS,
"Corresponding Secretary."

"Mr. Raymond Robbins says in reference to the recent campaign in California that the woman's organizations did excellent work, but that their efforts would have been lost but for the unanimous support of the labor unions and the Socialist party."

In conclusion, we wish to impress upon you the fact that the Socialist party stands solidly for unrestricted suffrage. Whenever our organization has failed to render any assistance in our power it has been due to the fact that the campaign was for a limited or qualified suffrage. We agree with the sentiment expressed by your president, Rev. Anna Shaw, when she said in reply to an argument in favor of a tax qualification that it would enfranchise 95 per cent of the women of a state: "If it would enfranchise 99 per cent of the women, our National American Woman's Suffrage Association would not stand for it, because of the principle involved."

Trusting that we shall have your cooperation in circulating our petition, and that it will advance the cause of universal adult suffrage, we are,
Yours for social, political and economic equality,

CARRIE W. ALLEN,
WINNIE E. BRANSTETTER,
M. OCTAVIA FLOATEN,
KATE RICHARDS O'HARE,
LENA MORROW LEWIS,
MAY WOOD-SIMONS,
MAY M. STRICKLAND,

Minutes of the National Executive Committee of the Socialist Party

Sessions October 14 and 15, at Bridgeport, Conn.

SATURDAY MORNING SESSION, OCTOBER 14.

Meeting called to order by Acting National Secretary Work at 10 a. m. All members present except Berger. Hillquit elected chairman. Elizabeth Goldstein elected secretary.

The result of the committee's vote on time and place of meeting was reported by Comrade Work as follows:

In favor of Bridgeport, October 14: Goebel, Spargo, Hunter. In favor of Bridgeport, November 3: Hillquit, Berger. In favor of Washington, D. C., December 1: Lewis, Hillquit, second choice. Not voting, Carey.

Equal Suffrage.

A telegram was read from Caroline A. Lowe, General Correspondent of the Woman's National Committee, concerning the California suffrage victory, and the suffrage petition now being circulated by the party.

Moved that Spargo and Lewis draw up a statement on the California suffrage victory. Carried.

Congressional Activity.

Comrade Ghent was present, and on behalf of Comrade Berger reported on the work in Washington during the special session of Congress. Comrade Berger had introduced eleven bills and resolutions, the most important of which were the joint resolutions demanding the withdrawal of the troops from the Mexican border; the concurrent resolution on the McNamara case; the two joint resolutions proposing amendments to the constitution—one for a constitutional convention and the other for the abolition of the Senate; the bill amending the interstate extradition law, and the bill for old-age pensions. The McNamara resolution was followed by two hearings before the House Committee on Rules, at which important testimony was introduced, which, by vote of the committee, was reported to the House with the recommendation that it be turned over to the Judiciary Committee. The House adopted the report without division. It is expected that a hearing on the extradition question will be held by the Judiciary Committee at an early date during the coming session.

Comrade Berger was appointed to the District of Columbia Committee, and a considerable part of his time has been spent in the investigation of labor and housing conditions of the District.

A vast mass of correspondence on every conceivable subject has been handled by Comrade Berger's office. Much of this has been of the nature of specific complaints, necessitating Comrade Berger's intervention with the various departments.

In addition to the two formal statements made before the Committee on Rules in the McNamara case, Comrade Berger made two speeches on the floor of the House. The first of them, that on the wool schedule, has been circulated to the number of some 665,000 copies; the second, on old-age pensions, to the number of some 75,000 copies.

Comrade Ghent requested that some further provisions be made for clerical help and other expenses in the Congressional office, beginning with the December session. From the first week in May to the 10th day of August the National Office had contributed \$15 a week for this purpose, the remainder, amounting to somewhat more than \$20 a week, having been paid by Comrade Berger himself.

Moved that the report of Comrade Berger's work in the special session of Congress be accepted and approved. Comrade Berger's work in Congress has worthily maintained the best traditions of the international Socialist movement. It has been aggressive and efficient, and of vast propaganda value for the cause of Socialism. The party may well hope that the next Congressional elections will see a large group elected to Congress. Carried.

Moved that a committee be elected to consider the specific measures introduced by Comrade Berger and to report upon them. Carried.

Hillquit and Spargo elected. Moved that copies of the two proposed bills mentioned by Comrade Ghent, one dealing with national ownership of certain industries, and the other with certain proposed regulation with reference to conditions of labor, be submitted to the National Secretary, and copies of the draft be furnished to each member of the National Executive Committee for action. Carried.

Moved that the National Executive Committee appropriate the sum of \$25 per week toward clerical expenses of Comrade Berger's office in Washington, beginning with the December session of Congress. Discussion regarding amount the National Office might be able to pay, owing to present financial condition of office. Decided to defer action until after the Acting National Secretary's report on finances.

The Strike.

Communication from John C. Carroll, of the Chicago Daily Socialist, concerning the strike of shop workers on the Illinois Central, and Union

and Southern Pacific railroads, was read.

Moved that Comrades Goebel and Carey act as a committee to draft a telegram. Carried.

Race Question.

Comrade Work read a resolution from Local New York in reference to the negro situation in the South.

Moved that the Acting National Secretary be instructed to write to the organizer of Local New York and to ask him for the specific instances and names of locals where these exclusions are alleged to have occurred, and on receipt of desired information that the Acting National Secretary write to the secretaries of the state organizations concerned and get full information. Carried.

Finances.

Moved to have a report on finances. Carried.

The Acting National Secretary read the detailed account of the finances of the party for the month of September, as published in the Monthly Bulletin, calling attention to the fact that the debts amounted to \$5,930.76. Since that time a few of these debts have been paid, but additional obligations for printing and other necessary expenses have been incurred. For lack of ready money it has usually not been possible to take advantage of discounts for cash. Field workers have had to wait for their wages. Some of them have had to borrow money from comrades along the way because there were not sufficient funds at the National Office to send them their expense money. The money on the Lyceum Bureau is beginning to come in. It is hoped that the Lyceum Department will pay its own way in the long run. When the Lyceum funds begin to come in more plentifully they will probably make it possible to pay off all the debts, which are largely due to the Lyceum Department. But when this is accomplished, except for payment of current expenses, the Lyceum funds ought to be preserved in order to pay the wages and expenses of the lecturers when they take the field. He advised that appropriations be kept down to the minimum until the debts are paid and the office placed on a cash basis, so that all discounts can be taken advantage of, all bills paid when presented, and the business of the office transacted without the expensive wastes due to lack of ready money.

Lengthy discussion ensued on the Lyceum Bureau, its cost to date, and the best manner of keeping its accounts.

Moved that the Acting National Secretary be instructed to keep separate books for the Lyceum Bureau.

Amendment moved that the Acting National Secretary be instructed to keep his accounts so as to be in a position to account separately for the business of the Lyceum Bureau. Amendment carried. Original motion lost.

After much discussion on the finances of the party, and consideration of probable income and expenses in the near future, it was the sense of the committee that it was safe to assume that there was about \$2,000 for disposal for the several purposes.

Meeting adjourned at 1:30 to meet again at 2:30.

SATURDAY AFTERNOON SESSION, OCTOBER 14, 1911.

Meeting called to order at 2:30. Comrade Goebel elected chairman.

Short Ballot.

A committee from the Short Ballot Organization, Messrs. Childs and Ludington, being present to address the committee, they were granted the floor for a few minutes. The gentlemen stated that they had come for the purpose of explaining the meaning of the short ballot, pointing out the fact that it was not to be confused with the commission form of government, as it was entirely distinct. No action was asked or taken.

Organization and Agitation.

Reporting on the subject of organization and agitation, the Acting National Secretary stated that he is in correspondence with Thomas N. Freeman, of Alabama, with regard to his making the organizing tour in North Carolina which he was previously prevented from making by illness. It is hoped to form a state organization in North Carolina before the national campaign comes on. The other two unorganized states, namely, Delaware and South Carolina, are not yet ripe for state organizations. Alaska has sufficient locals to form a territorial organization if thought desirable.

Florence Wattle has been working as a special woman's organizer in Indiana. State Secretary Oneal reports her work satisfactory. Nellie M. Zeh has been assigned to Colorado as special woman's organizer, but, upon her inability to fill the engagement, State Secretary Floaten secured Minnie Martindale in her stead. He reports Comrade Martindale's work as satisfactory.

Fulfilling the instructions of the National Executive Committee at its

Equal Suffrage.

The committee appointed to consider the suffrage situation in California submitted the following resolution:

"The National Executive Committee of the Socialist Party, in session, sends fraternal greetings and cheer to the California comrades. We rejoice in the splendid victory for political democracy represented by the adoption of woman's suffrage, the initiative and referendum, and the right to recall elected officials. This great victory is due in large measure to the organized efforts of the Socialist Party, and we rejoice that where the Socialist Party is strongest and most active—as, for example, in Los Angeles, and in the farming and mining districts—the vote for woman's suffrage was most heavy. We hail this as a happy augury, and call upon all comrades in the state to strive with renewed energy to carry on the fight and thus use the newly acquired powers of political democracy to establish industrial democracy, the rule of the working class, the co-operative commonwealth."

Moved that the above resolution be adopted, and sent by night letter to State Secretary F. B. Meriam at Los Angeles. Carried.

Moved that the following telegram

THE SOCIALIST PARTY MONTHLY BULLETIN

be sent to the National American Woman Suffrage Association:

"The National Executive Committee of the Socialist Party, in session, sends its warmest congratulations upon the victory for suffrage in California. May the day soon come when political democracy will be attained in all our states, and used by the working class to free themselves from capitalist rule, and to establish complete industrial democracy." Carried.

Moved that the comrades throughout the United States be urged to take advantage of the impetus given to the interest in woman's suffrage by the victory in California, and to circulate the suffrage petitions as widely as possible. Carried.

Lyceum Lecturers.

The Acting National Secretary reported that a Southern circuit of the Lyceum Bureau would probably be necessary, and that vacancies were likely to occur in the other circuits.

SUNDAY MORNING SESSION, OCTOBER 15.

Meeting called to order at 9:30 a. m. Comrade Lewis elected chairman.

The Railroad Strike.

Goebel and Carey, sub-committee, submitted the following telegram to be sent to the strikers:

"The National Executive Committee of the Socialist Party, in session, sends fraternal greetings and good cheer to all the workers engaged in this great strike. We rejoice at the splendid evidence of solidarity manifested by the unions of the various railroad crafts. The use of the judicial injunction and similar means of oppression by the capitalist class points clearly to the need for political solidarity by the workers. Whatever assistance the Socialist Party can render through its press or otherwise will be gladly and freely given."

Moved that this telegram be adopted and sent. Carried.

Alaska.

The following report of National Organizer Goebel was read:

"Newark, N. J.,
October 1, 1911.

"To the National Executive Committee, Socialist Party:

"Comrades—I presented to your August session a report to date of my Alaska tour. On my return, September 20, from Alaska, I found awaiting me at Seattle the Bulletin announcing that a majority of the National Committee had voted to recall me from Alaska. In view of this singular action by the committee (many, if not all, of whom must have been absolutely ignorant of conditions in Alaska), I feel that justice to the rank and file at home, and the Alaskan comrades in particular, demands a further report.

"It seems an outrage that, having given of time and money and effort as did the Alaskan comrades, they should find their own comrades voting to treat them the same as do the capitalist politicians at Washington—as savages and wards, to be exploited but never helped. Certainly it would seem the province of a national organization, through its committee or officials, to develop and organize every portion of the territory under its jurisdiction, even though it entail expense, as was not the case with the work in Alaska.

"Comment has been made that we should confine our efforts to industrial centers. Alaska is nothing but industrial. I doubt if there are fifty farmers in Alaska, and hothouse gardeners would be a better term even for them.

"And from a merely political viewpoint, Alaska should have immediate co-operation and help. It seems certain that Congress, this winter, will give Alaska some form of territorial government. As the mass of the people are of a radical disposition, disgusted with old parties, have the working-class viewpoint, and show a wonderful amount of class consciousness, it is more than possible the Socialists would be found with a majority control of the Legislature. They would also have a fine chance of electing the delegate to Congress.

"Alaska and its resources bids fair to be one of the big issues in the coming Presidential campaign. The Alaskan Congressional election is held in August, just as the Presidential campaign is assuming full headway. There would thus be certain strategic value in an announcement flashed at such time over the entire United States that Alaska had elected a Socialist to Congress.

"No man can guarantee this would be the case, but my experience there, the reception accorded me, the great hunger shown for literature, the high average of the intelligence of the entire population, their freedom from bigotry, and the strangle hold of the Alaska syndicate upon all classes alike, with resultant spirit of revolt and desire for relief, compels me to believe that the expenditure of one thousand dollars for speakers and literature in co-operation with the Alaskan comrades would give us a working-class victory. It may be that not even that sum would be needed, as my tour not only made all expenses but left a balance of \$161, as shown by the following summary of my itemized monthly reports to the National Office:

Collections and donations ...	\$ 925.53
Dues collected from new locals	276.70
Total receipts	\$1,202.23
Expenses	1,040.54
Surplus	\$ 161.69

"In addition to covering all expenses of my trip, we raised money for halls, printing, etc., amounting to large sums, in every town. At Fairbanks and surrounding camps, for instance, we raised in one week over \$400 for local expenses, in addition to \$148 given me, and \$125 left with the local as a literature fund.

"While the trip meant strenuous work, resourcefulness, exacting effort, and many unique experiences, from being washed into the sea to that of being sat on by 'Pinky,' the mule, yet all this was more than matched by the generosity of these people, men whose yearly wages do not average over \$500, freely giving five and ten dollars each, and other comrades whose working days, because of seasonal limitations, cannot exceed 90 or 100, giving from one to four days 'mushing' up the creeks, spreading the word.

"We now have locals or members at large in practically every town or camp of consequence in the territory, both on the coast and in the interior, as follows:

"Ketchikan, Wrangell, Petersburg, Juneau, Douglas, Haines, Skagway, Cordova, Valdez, Cliff Mine, Seward, Killisnoo, Nome, Eagle, Deadwood, Jack Wade, Kempersville, Hot Springs, Tofty, Olnes, Cleary and Fairbanks.

"Through the latter local the entire surrounding country, made up of mining camps and small towns, can be handled.

"My experience as organizer teaches me that organizing work, to be permanent and effective, must be followed up. I, therefore, in closing, suggest the following policy for Alaska and ask the committee to put it into effect:

"First—Direct the Acting National Secretary to furnish each town on the southwest and southeast coast with sufficient leaflets to permit a weekly house to house distribution for the four winter months. This would mean about 5,000 leaflets per week, a total of 75,000 leaflets. All these coast towns can be reached at all seasons, and in each are comrades who would distribute them carefully, while the people, having little to do, will read greedily.

"Second—Arrange to at once send a speaker with organizing ability to these coast towns. This would require about two months and come close to or be entirely self-supporting. This speaker, when finished with the coast tour, could go into Fairbanks from Valdez or Cordova over the winter trail. The Fairbanks comrades desire this very earnestly, and will help defray the large expenses. This speaker should stay in Fairbanks two months, lecturing weekly, and, between the weekly lectures, teaching the local how to work, visit nearby camps and help plan for the Congressional campaign.

"Third—In June another speaker should be sent to stay until election in August, and the Congressional candidate, if a speaker, be placed on the list of National Organizers and toured the duration of the campaign.

"This may seem to the committee, and to the comrades in general, a large program, but it is based on personal observation, study and advice of many right on the field of action. Let us unfurl and carry forward to victory in Alaska, as in Alabama or California, the Red Flag of Socialism and thus prove ourselves a national movement in fact as in name.

"Fraternally yours,
"GEO. H. GOEBEL,
"National Organizer."

Moved that the report be accepted, and that it be published in the Monthly Bulletin and sent to the party press. Carried.

Comrade Hillquit arrived at 10:20. Moved that the National Executive Committee make special efforts for propaganda in Alaska along the lines of the recommendations of Comrade Goebel. Carried.

Moved that, in view of the recent action of the National Committee with reference to propaganda in Alaska, the foregoing motion be referred to that committee for approval or disapproval. Carried.

Congressional Activity.

Comrades Hillquit and Spargo, sub-committee, reporting upon Comrade Berger's measures in Congress, made the following motions:

Moved that we request Comrade Berger to amend his old age pension bill by omitting from it the clauses discriminating against convicted

felons and deserting husbands and wives, and by modifying the clause relating to citizenship to include such non-citizens as, in addition to being residents in the United States for 20 years, have made bona fide attempts to become citizens by taking out their first papers and applying for naturalization within the statutory period. Carried.

Moved that the National Executive Committee issue blank forms of a petition in support of the old age pension bill to be addressed to Congress. Carried.

Moved that we call upon the comrades throughout the country to make a special campaign for old age pensions by holding meetings, circulating literature, passing resolutions and obtaining signatures to petitions in support of Comrade Berger's old age pension bill. Carried.

Moved that the Acting National Secretary be instructed to send a telegram to Worcester, Mass., stating that it is absolutely necessary for Comrade Carey to remain in Bridgeport, and that Comrade Hull has been sent to take Carey's place for the meeting at Worcester. Carried.

Adjourned at 12:30 to meet at 2 o'clock.

SUNDAY AFTERNOON SESSION, OCTOBER 15.

Meeting called to order at 2:10. Comrade Hunter elected chairman.

Polish Unity.

The matter of proposed unity between the Polish Section and the Polish Socialist Alliance was taken up. The Acting National Secretary reported that, in accord with the action taken at the August meeting, the Polish Section had elected H. Gluski, and the Polish Socialist Alliance had elected Z. Banka as their respective representatives on the Committee on Unity, to act with Comrade Hillquit, the representative of the National Executive Committee, on the committee. Letters from both organizations read.

Moved that the Acting National Secretary request the representatives of the two Polish organizations to communicate with Comrade Hillquit with reference to the first meeting of the joint committee in New York. Carried.

The request of H. Gluski, Translator-Secretary of the Polish Section, for an increase of wages to \$60 per month, was deferred.

The request of the Polish Socialist Alliance for assistance in financing two agitation tours was also deferred.

Wage Scale.

In compliance with instructions given by the committee at the August meeting, the Acting National Secretary submitted a proposed wage scale for employees of the National Office, as follows:

For the heads of main departments, Lyceum Department, Woman's Department, and miscellaneous department, \$24 per week.

For National Secretary's clerk, head bookkeeper, Lyceum printing, Lyceum routing and Finnish Translator-Secretary, \$21 per week.

For shipping clerk, order clerk, filing clerk, mailing list clerk and stenographers, \$12 to \$18 per week.

For Polish Translator-Secretary, Italian Translator-Secretary, South Slavic Translator-Secretary, Bohemian Translator-Secretary (some of them giving part time), from \$9 to \$15 per week.

Unskilled workers, from \$9 to \$12 per week.

He also read a list of the wages paid at present and explained the duties of the various employees.

Moved that we accept the present wage scale and make no changes therein until the next meeting. Carried.

Headquarters.

The Acting National Secretary reported that the National Headquarters has not sufficient room to do its work properly. The present quarters are also unsanitary. We sub-rent from the Chicago Daily Socialist. The Daily's lease on the building expires May 1, 1912. If we move out before that time the Daily might lose money by inability to secure another tenant. It is desired to stay until then if feasible, but it may become impossible to do so. He therefore asked for authority to move the headquarters to some other location in Chicago, if necessary.

It was the sense of the committee that this authority be not granted at present, but that if it becomes necessary to move the Acting National Secretary should communicate with the committee by wire.

Adjourned at 4 o'clock.

PROPOSED NATIONAL PARTY REFERENDUMS.

Columbia Falls, Mont.,
October 11, 1911.

Moved by Local Columbia Falls of the Socialist Party, at our meeting held October 8, that the reinstatement of Rev. Edward Ellis Carr be submitted to a national referendum of the party, for the reasons:

First—That we thing, according to evidence submitted by both parties, Comrade Carr had sufficient cause to publish and criticize the action of Comrade Barnes.

Second—That it is through publicity and criticism we expect to keep the party organization up to the aim of that which we are striving for. While we do not doubt or overlook the faithful and efficient service rendered by Comrade Barnes, and should be held in esteem and commended for the action he pursued by resigning, nevertheless we think no matter what esteem any member of the party is held in, he should be

National Notes

The weekly propaganda articles sent out from the National Headquarters go to about two hundred and seventy-five Socialist and other labor papers. They are very generally used by these publications. This service can be made still more useful by extending the list to include ordinary daily and weekly newspapers, both city and country. It would be well for locals to appoint committees to call upon the publishers of local papers and see if arrangements can be made for them to use this press service. Any paper that will agree to publish at least one article per week will be placed on the list. Send the paper's address to the National Office and the articles will be sent to it direct.

The Central Labor Union of Chattanooga is arranging a rally and reception for delegates to the American Federation of Labor convention at Atlanta, Ga. All red card delegates are requested to communicate with Comrade John Hurley, 624 Popular street, Chattanooga, Tenn., for details and information.

The launching of the national petition for woman suffrage by the Woman's National Committee and the National Executive Committee is meeting with the hearty endorsement and enthusiastic co-operation of comrades in all sections. Comrade Keller, organizer for Local San Francisco, writes: "Send hundreds of petition blanks. We will secure thousands of signatures in this city."

Every mail brings requests for additional petitions, a great many locals asking for a hundred or more. The victory for suffrage in California should give a great impetus to the movement everywhere, and active work on the part of our members will enable us to present the largest petition ever received by Congress. The victory in California and a monster petition will demonstrate to Congress and to the nation at large the wonderful increase of sentiment in favor of this extension of the franchise to the disfranchised half of the working class.

The signed petitions are also pouring in. The whole party organization should work as one vast unit in circulating this petition. We have demonstrated in the past that we can do wonders when we try. Send to the National Headquarters, 205 West Washington Street, Chicago, for more petition blanks.

Lyceum News Notes

It has been decided to establish a fifth circuit for the southern states, beginning early in February. All southern locals that would like to take advantage of the lecture course offer are requested to send in their applications at once.

Engene Wood will begin the Pacific Circuit at Sheridan, Wyo., on November 26. In the afternoon of the same day W. F. Ries will start the Western Circuit at Minneapolis, Minn. Arthur Brooks Baker will begin the Central Circuit under the auspices of the Twenty-eighth Ward in Chicago on Sunday morning, November 26. The start for the Eastern Circuit has been postponed until after Christmas. Charles Edward Russell will open it at Springfield, Mass., on Wednesday, December 27.

Comrade Rose Pastor Stokes has been compelled by sickness to give up her place as second speaker on the Central Circuit. W. Harry Spears, editor and manager of the Findlay Call chain of papers, has been engaged to take her place as lecturer on "Why Things Happen to Happen."

The 25 cent subscription cards will be out the first week of November, and will be sent to each local, together with all the dated advertising matter, in one freight shipment. Locals are urged not to use the 25-cent sub. cards until just preceding the first lecture, as it is an advantage, both to the locals and the party as a whole, to secure dollar subscriptions and sell season tickets.

An office force of ten people is now necessary to handle the work of the Lyceum Department. Nine advance organizers are in the field. About two hundred locals are now actually at work, and additional contracts are arriving daily. Over seventy Socialist papers are now in the agreement. Almost without a discordant note the entire party organization seems to be working to make the undertaking as great a success as possible. All state organizations, except Connecticut and Texas, have given their consent for their locals to take the matter up.

Numerous requests have been received for advance folders. A certain number of them will be furnished free to locals that accept the lecture course. Others will be expected to pay 5 cents apiece for these folders.

Since last reported, the following locals have started to work on the Lyceum course and \$300 worth of sub. cards have been shipped to each:

- California—Santa Paula.

Since last reported, contributions to the McNamara Defense Fund have been received at the National Office and forwarded to the office of the International Association of Bridge and Structural Iron Workers as follows: V. Wendzish, Chicago, Ill., 50 cents; Local Union No. 309 of the United Brotherhood of Carpenters and Joiner of America, located at New York City, \$500; National Park Lodge No. 168, International Association of Machinists, Livingston, Mont., \$25; Local Stamford, Connecticut, \$9.56.

The Finnish translator's office has received money for the McNamara fund from Finnish locals as follows: Red Lodge, Mont., \$20.00; Seattle, Wash., \$46.45; Sault Ste. Marie, Mich., \$9.60; Aberdeen, Wash., \$26.65; Clinton, Ind., \$3.10. All these contributions have been forwarded to the office of the International Association of Bridge and Structural Iron Workers at Indianapolis, Ind.
