TRACKMEN REBEL AGAINST WAGE CUT

PITTSBURGH, Pa., May 23.—Efforts to slightly reduce the pay of all trackmen in the Pittsburgh district of the Pennsylvania lines west of Pittsburgh rather than discharge some had resulted in serious trouble and as a result the lines of the Pennsylvania railroad immediately west of Pittsburgh were without the services of trackmen, as a full-sized strike is on. About 300 angry trackmen today.

used to return to work. They spent yesterday holding meetings. The trouble began Saturday afternoon when about 200 of the trackmen insisted on remaining at work, though they had been told that Saturday was to be a half holiday without pay until further notice. The men insisted on working until the middle of the afternoon when, on finding they were not to be paid for the time, they became very angry.

D., L. & W. TRAINMEN ARE STANDING PAT

There was no sign yesterday of the breaking of the hitch in the agreement between the trainmen and the conductors of the Delaware, Lackawanna and Western railroad and the officials of the road, which threatened to lead to serious trouble. It was stated last evening that the trouble extends to the road rates as well as the yard rates, a dispute as to which started it.

NEWSPAPERS LIED ABOUT BROOKLYN BAKERS' "FIGHT"

AMERICAN FLYERS FORM ASSOCIATION

Representatives from eight clubs affiliated with the Aero Club of America met here yesterday at 2 West 38th street, and formed the American Aeronautic Association. The chief purpose of this new organization is to conduct national or local events independent of the agreement of the Wright company with the Aero Club of America, which stipulates that no meet will be sanctioned nor licensed by the Wright company. For instance, non-infringing machines may be used, or each club represented in the American Aeronautic Association will be at liberty to make an individual contract. In organizing this body the Aero Club stole a march on the Aeronautical Society, a rival club, who had sent out circulars and already had such a body well under way. The original object of the conference held yesterday was to plan a chain of meets, but instead, this new organization was formed, as it was believed this was the best way to benefit aeronauts in this country. The eight clubs represent 2,300 members, and it is the purpose to secure the affiliations of the eighty clubs now in the United States, only seventeen of which are identified with the Aero Club of America.

Arbeiter Kranken u. Sterbe Kas

Arbeiter Kranken u. Sterbe Kas. Luer die Ver. Staaten von America. WORKMEN'S Sick and Death Benefit Fund of the United States of America. The above society was founded in the year 1884 by workmen imbued with the spirit of solidarity and mutual help. Its industrial strength (at present composed of 348 branches with 34,100 male and 7,000 female members) is rapidly increasing among workmen who are in the practical of the modern labor movement. Workmen between 18 and 45 years of age may be admitted to membership in any of the branches upon payment of an initiation fee of \$4.00 for the first class and \$2.00 for the second class. Members belonging to the first class are entitled to a benefit of \$50.00 for 40 weeks and \$4.50 for another 40 weeks, which continues on with intervals. Members belonging to the second class receive under the same circumstances and length of time \$40.00 and \$2.00, respectively. \$250 death benefit guaranteed to the beneficiaries of every member, and the wives and unmarried daughters of members between 18 and 45 years of age may be admitted to the third class upon payment of an initiation fee of \$1.00. Monthly assessments are levied upon the different classes of members of 75 cents and 25 cents respectively. Members at large are not assessed but all candidates have to join existing branches. In cities and towns where no branch exists, a new branch can be formed by 15 workmen of good health, and men adhering to the above principles are invited to do so. Address all communications to William Meyer, Financial Secretary, Third Avenue, Room 2, New York City.

MODERNIZING OF CONSTITUTION

S. and D. B. Convention Making Rapid Progress Through Various Sections and Articles.

A lengthy discussion was started at the Workmen's Sick and Death Benefit Fund convention, yesterday, by opening up the question of members who live outside of the country participating in the sick benefits of the organization. It was the important question up yesterday.

The many disadvantages of trying to keep in touch with such members were pointed out by the speakers. It was suggested that they should merely be in the death-benefit department of the order. For them to pay sick benefit assessments and then be unable to participate in such, was pointed out as being an injustice.

Considerable ground was covered during the day. The proposition of Branch 2, touching upon article 1, section 2, was voted down. The proposition of Branch 38, touching upon article 7, section 6, was accepted. The proposition of Branch 59 brought about the extinction of section 10 of article 7. The proposition of Branches 1 and 103 brought about the addition of "from the date of the decision rendered by the branch executive board" after the word "month" and "one-half of the collected fines to go into the expense fund and the other half into the treasury of the branch; but the branches have to submit itemized bills" at the end of section 11.

Important changes were made in article 8 sections 2, 4, 5 and 6, brought up by branches 2, 157 and 9. Article 9 was altered in sections 1, 2, 3, 4, 5, 6, 8 and 10 in propositions put forth by branches 76, 8, 2, 175, 151, also including new sections to be known as section 11.

Article 10 was amended in section 5 after the end of paragraph with "special visiting members within the branch district may be ordered by the financial secretary whenever necessary." It is not considered probable that the convention will finish before early next week.

SHE WANTED TO DIE

Despondent Girl, Laid Off, Arrested for Not Succumbing to Gas

When the workers under capitalism lose their jobs and then in despair seek to end it all, the police arrest them when they don't die.

Weeping pitifully and reiterating that "she would never do it again," Sadie Schwartz, a pretty little Hungarian girl, seventeen years old, was arraigned before Magistrate Butts in the Harlem Police Court yesterday on a charge of having attempted suicide.

She was overcome when told she must go to prison and pleaded with Magistrate Butts for another chance, promising that she would make no further efforts to end her life.

Until Saturday Sadie worked in a carpet factory and shared a flat with Mrs. Schweitzer, a fellow worker, at 35 East 107th street. As work was getting slack Sadie was laid off Saturday night and she became despondent. She has been in the country only a year and has few friends.

Harry Goldstein, the janitor, found the girl stretched on a lounge in her flat at noon today. All the gas jets in the kitchen and in the room she occupied were on full force.

He called Policeman Hartmeyer, who arrested the girl, according to the usual insane fashion.

LUMBER TRUST'S TURN

Special Anniversary Edition

SATURDAY, MAY 28, 1910

Must Reach 200,000 Copies

The indications are that our special anniversary edition will reach about 200,000 copies if all the locals will initiate the good example set by Local Rochester. Organizer Steiner of Rochester orders 12,000 copies; other locals order from 5,000 to 10,000 each. If we all do our duty we will surely reach the 200,000 mark.

This anniversary edition will offer a splendid opportunity to all party locals or branches and progressive organizations to procure a bundle for sale or free distribution. It will contain a number of propaganda articles and will be something worth while distributing. Just the thing to make new converts or get new readers.

New York State Locals of the Socialist Party will obtain bundles at 50 per cent from the regular bundle rate, the state committee paying the balance.

Special rate for bundles for this special issue, 80 cents per 100 copies.

MISS NAST LOSES

Elderly Man She Accused Discharged. Couldn't Answer Questions.

The case of Miss Bessie Nast, who caused the arrest of an elderly man in a hotel on Lexington avenue on Thursday night, had some unexpected developments when the adjourned examination came up in the Yorkville police court yesterday.

The girl, who is eighteen years old, advertised for a position as a stenographer. After meeting the man, who gave the name of Robert Bennett, by appointment, she accompanied him to a hotel by prearrangement with the police.

After she had told her story to Magistrate Cornell yesterday the man's counsel asked her if she had not gone to the Larry Hart ball in Terrace Garden on January 15. She said she did not remember. The lawyer asked her if she did not accompany a man to a Harlem hotel last March. Again she did not remember. She did say that she had never been arrested.

The magistrate asked her if she had once accompanied a man to Albany. She said she once went to Albany with an association.

"I am satisfied that there is no case here against this defendant and he is discharged," announced the court.

HEARST'S TRICKERY

Crawls Out of Paying Men Through Legal Loophole, Is Charge.

(Special to The Call.)

CHICAGO, May 23.—The Chicago Daily Socialist says:

Municipal Judge Heap yesterday rendered a decision that the Evening American, employing its men by the week, is to pay the drivers for the Christmas and New Year holidays, when there was no issue of the paper. But Hearst, through his gang of clever attorneys, found a loophole to crawl through by which he has had the case continued to show why he should not pay the men.

The court also decided that the contract existing between the men and the paper would not be admitted in evidence, as it does not bear the corporate name of the publication and because there was no evidence that the contract was accepted by the union as a whole.

The document was signed by a committee representing the newspaper and a committee representing the workers' organization. The court ruled that such a contract should be put to a vote of the union and the vote of the members be put on the records of the meeting. The committee representing the union should make its report in writing. On the employer's side the contract should be indorsed with the full corporate name of the company.

PAY IN CHECKS TO HOLD SCABS

Pittsburg Steamship Company Tries Scheme to Keep Strikebreakers on the Job.

CHICAGO, Ill., May 23.—The Pittsburg Steamship Company, better known as the Steel Trust fleet, has dispensed with cash payment of wages on its steamers and now uses checks. The change was made on account of the difficulty they are having to hold the men and boys brought in to take the places of the seamen who are on strike.

The purpose is to make it difficult for the strikebreakers to secure cash, it having been found that as soon as most of them get a trip's wages they very promptly leave the ships.

The company evidently figures that without cash, and in a strange port the men will hesitate to quit, except during banking hours, and that they can be prevented from that by withholding the checks until after hours.

The Steel Trust fleet is the controlling factor in the Lake Carriers' Association, which now has agents throughout the country looking for men to replace the strikers. They have failed to get anything like a sufficient number of experienced seamen and are bringing in inexperienced men and boys. They are having a busy time, because an average of over 1,000 men are leaving the lake carriers' ships each week.

The strike situation is regarded as favorable by the union men.

WOULD MURDER WRITER

Husband of Author of "To a Nun Confessed" Has Close Shave.

NORTHAMPTON, May 23.—A discharged footman yesterday attempted to murder Robert Harborough Sherard, the English author who is the husband of Irene Osgood, the author of "To a Nun Confessed" and other books.

Sherard had granted an interview to the footman, who at first struck him in the mouth with a stick, cutting his lip. The footman then drew a revolver and placed it against Sherard's stomach, but when he pulled the trigger the cartridge failed to explode.

The man was overpowered and turned over to the police. He was arraigned in a magistrate's court and remanded.

SLEUTHS ALL AT SEA

No Light on Flatbush Murder Mystery—Ciparelli Still Held.

No new light was shed yesterday on the murder of the Italian who was found Sunday evening in Paerdegat Woods, in the southeastern section of Flatbush. Detective Lieutenant Tony Vachris, of the Italian bureau, who is in charge of the case, worked diligently yesterday, but he said that unless the body were identified the police would probably not be able to get hold of the murderers. The body lies in the Brooklyn Morgue, where about a dozen Italians came in an attempt to identify it. They simply shook their heads.

Two Italians were arrested in Newark early yesterday morning on the chance that they might know something of the affair. They were Jim Adece and Nicolo Tasse, both known to the police of New Jersey. They put up a tight bite they were caught, but there was no bloodshed. Detectives Simonetti and Stabile, of Brooklyn, went to Newark yesterday, talked to the prisoners, and on their return to headquarters told Vachris that the suspects didn't amount to much. Giovanni Ciparelli, whom Detective Vachris arrested as he was coming out of the woods shortly after the finding of the body, was arraigned yesterday morning before Magistrate Higginbotham in the Flatbush Police Court. He was held in \$2,500 bail for an examination on Wednesday. He is charged with carrying concealed weapons. The charge of being a "suspicious person" was dismissed.

ALLEGED CONFESSION

Spanish Government Uses Old Trick of Fake Confession.

LISBON, May 23.—Through the confession today of an anarchist named Remires, one of the conspirators in the assassination in February, 1908, of King Carlos and Crown Prince Luiz, of Portugal, the identity of 1,146 other conspirators in this crime has been revealed. Remires says the leaders in this plot are still in communication with each other, their ultimate aim being the assassination of King Manuel, who was under a special guard during his attendance at the funeral of the late King Edward.

Today's confession shows that the plot was even more widespread than the police suspected, and that sixteen prominent politicians, several of whom are still active in government affairs, were involved. The authorities expect to implicate at least 4,000 persons, and are now engaged in obtaining evidence for the extradition from New York, London, Paris and Rio Janeiro of the leaders of the regicide band.

Remires was arrested shortly after the assassination of Carlos and Luiz, but escaped and fled to Brazil, where he was recently arrested again. He was brought back to Lisbon a few days ago.

MINES BOOMING

But Illinois Strikers Claim Fellow Unionists Fill Their Contracts.

TERRE HAUTE, Ind., May 23.—Practically every mine in Indiana is in operation to meet the big demand for coal in Chicago due to the failure of the operators and miners in Illinois to agree on a wage contract. All except a few mines on the Southern Indiana road were supplied with a full quota of cars today and the railroads expect to get cars from Illinois roads to keep the mines of Indiana running at full capacity.

The price of steam coal at the mine quoted in Chicago Saturday was \$1.75 as against \$1.25 earlier in the week. One operator said today that if he had ten more mines he could not fill the orders offered to him. It is expected the price will advance daily this week.

There is considerable dissatisfaction on the part of the rank and file of the miners in Illinois. They are opposed to their fellow unionists digging coal and sending it into their markets while they are out on strike.

ALLEGED POISON PLOT

Woman Being Tried for Murder Was Bigamist—Husband Held Also.

ST. LOUIS, May 23.—Charged with the murder of William J. Erder, a St. Louis postal clerk, Mrs. Dora E. Doxey was placed on trial here today. Dr. Loren B. Doxey, the defendant's husband, is indicted on the same charge.

The case is another of Missouri's alleged poisoning plots. Mrs. Doxey has admitted that she married Erder while still the wife of Dr. Doxey. Dr. Doxey was in Nebraska during Erder's illness, but the state alleges he sent poison to Mrs. Doxey with directions as to how it should be administered.

Miss Kate Erder, a sister of the dead postal clerk, will be the chief witness for the state, having worked on the case unaided and caused the arrest of the Doxeyes. The state claims the motive of the alleged poisoning was to obtain the insurance carried by Erder and to avoid complications from Mrs. Doxey's bigamous marriage.

A curious feature of the case is that while Mrs. Doxey has been confined in jail, pending trial, she has been completely cured of the drug habit.

WOMAN BADLY BEATEN

Mute Held for Murderous Assault and Robbery.

LAWRENCEBURG, Ind., May 23.—John W. Clark, aged thirty-three, a mute of Aurora, was arrested on the charge of murderously assaulting today Miss Eva Griffith, aged thirty-nine. In default of a \$2,000 bond, he was locked up in the county jail.

Miss Griffith was found in an unconscious condition, lying in the Big Four railroad yards, by Walter Magness, a conductor. She had been struck on the head a number of times with a club and then robbed. Her ears had been torn when her gold earrings were jerked out and two rings taken from her fingers.

She has been unable to make a statement of the assault and her recovery is doubtful.

DETECTIVE GETS FIVE YEARS

KANSAS CITY, Mo., May 23.—P. H. Tilleon, the Kansas City detective, convicted of kidnaping Marian Bleakley, the "Incubator baby," was today sentenced to serve from one to five years in the penitentiary. Tilleon was released on bond and will appeal to the Supreme Court.

CITY EMPLOYE VACATIONS

Mayor Gaynor today approved the bill providing that all per diem laborers in the city's employ shall receive two weeks' vacation with pay.

COAL RATE PROTEST

Railroads Will Milk Consumers for \$500,000 by Raise.

CHICAGO, May 23.—Interest of the shippers and railroad officers of Chicago centered today on the hearing before the Illinois railroad and warehouse commission, in this city, on the complaint of the Illinois Manufacturers' Association against the proposed advances in coal rates from Illinois and Indiana mines to Chicago.

Aside from the importance of the coal rates themselves, which it is estimated will add \$500,000 a year to the cost of coal to Illinois manufacturers and consumers, the hearing is of special significance as being the first test before a governmental regulating body of the recently announced policy of the railroads to advance rates generally. The advances under consideration, scheduled to become effective on June 1, average 10 cents per ton from the Southern Illinois and Indiana fields to Chicago, Peoria, and Central and Northern Illinois industrial localities, and amount to an increase of from 10 to 20 per cent.

The principal defendants among the railroads are the Illinois Central, the Chicago and Eastern Illinois, Chicago and Alton, and Big Four, as the principal coal carrying roads.

COST OF LIVING HITS CHURCH

ATLANTIC CITY, N. J., May 23.—The increased cost of living came before the general assembly of the Presbyterian Church of the United States in a most forcible manner here today when the committee on ministerial relief made its annual report. Present payments, \$200 annually to retired ministers, and \$250 to widows, it was held, were totally inadequate.

BUCKET SHOP INDICTMENTS

WASHINGTON, May 23.—The grand jury of the District of Columbia today returned additional indictments following the investigation which the Department of Justice has been making into bucket shops in New York, Philadelphia, Baltimore and this city. Indictments were returned against Louis Cella and Angelo Cella, of St. Louis; Edward Altemus, Sam W. Adler and C. A. Lillis, of New York, and William Fox and E. M. Browning, of Baltimore.

The indictments returned today are supplemental to those returned several weeks ago, when the government raided bucket shops on the same day in several parts of the country. The new indictments, it is understood, are to insure the trial of those named taking place in the District of Columbia. The men will be arrested at once.

Senate Bill Appropriates \$250,000 for Stations on Pacific Coast.

WASHINGTON, May 23.—A bill was passed by the senate to-day appropriating \$250,000 for the purchase of a site and the erection of buildings for an immigrant station at Seattle, Wash.

This new move on the part of the government, it is charged, is in behalf of big corporations on the Pacific Coast that are encouraging Asiatic immigration.

JOE FOR O. HAMMERSTEIN

Is Oscar Hammerstein already slated to be the next managing director of the Metropolitan Opera House? Was the sale of the opera properties and opera of the Metropolitan Opera House and the Philadelphia Opera House to the Metropolitan Opera Company made with the understanding that no other managing director should be selected until Mr. Hammerstein had gone before the board of directors and told them what he was prepared to do for the company? These questions are being asked in operatic circles and those who are taking the affirmative stand have considerable to put forward in their behalf.

The New York Call Conference

While every individual effort directed to the support of The New York Call is welcome, there is no better and more effective manner of doing it than through an organized body.

The New York Call Conference is the organization where all those desiring to see the English organ of the workers in the East placed on a solid foundation ought to be represented. It is a delegated body composed of two delegates from progressive labor organizations, branches of the Socialist party and other fraternal and social organizations in sympathy with the principles advocated by The New York Call.

The object of The New York Call Conference is to "promote the interests of The New York Call" and its duties "to devise, suggest and provide ways and means of sustaining and supporting The New York Call and to aid in promoting its circulation."

Every reader of this paper belonging to an organization as above stated should see to that it is represented in the Conference, and if represented that the delegate attend the meetings of the Conference and render proper report of the work undertaken. Through united effort only will we succeed in having in The New York Call a strong and effective weapon rendering great services to the workers struggling for their emancipation.

The New York Call Conference meets every second and fourth Wednesdays of the month at the Labor Temple, 243-247 East 84th street. All those desiring further information should communicate with Rosa Laddon, 561 West 180th street, who is the secretary of the Conference.

The Satisfaction of Winning.

The best way to spell success is to be successful, so runs an old adage.

Success for The Call means wider circulation, more readers. There would be no sense in publishing the paper if it did not reach ever more people. The circulation of The Call depends upon your co-operation, readers!

The influence of The Call depends upon the number of people it reaches daily. For that reason you should join the contest for the Shapirograph duplicator.

So, therefore, kill two flies with one slap. Get subs. Get as many as you can. And then get some more. Send in enough to win that duplicator.

If you persevere in your work, success will be yours. You can easily win the duplicator if you try hard.

It's up to you!

A duplicator will be presented to the club, local or individual sending in the greatest number of subscriptions during this time. (See the advertisement of Shapirograph Company appearing on another page for a description of the machine, or write to The Call.)

These rules will govern the contest:

1. Contest started May 1 and will end May 30.
2. All subscriptions accompanied by cash will be counted only.
3. Every 50-cent subscription will be counted as one. Every dollar two, etc.
4. In case of a tie books or other subscription cards will be given during the term of the contest.
5. The usual premiums, books, discounts, etc., will be given.

Start now to gather subscriptions.

NICARAGUAN MATTER MAY BE SETTLED

Leading Official Says That It is Expected The United States Will Intervene.

BLUEFIELDS, Nicaragua, May 23.—Final intervention by the United States to put a stop to the civil war in Nicaragua was admitted today by one of the leading political advisors of Provisional President Estrada to be the sole object in Estrada's prolongation of the war.

Estrada realizes that he can never crush the government army or overthrow President Madriz, this politician, who would not permit the use of his name for fear that he would be accused of disloyalty to Estrada, declared today.

Collegro Confesses Killing Tailor in Rochester Nearly Three Years Ago.

WILKES-BARRE, Pa., May 23.—Menecio Collegro, of Rochester, N. Y., cowering and cringing in the corner of his cell in the city lockup, last night confessed to the slaying of a fellow countryman, Guisio Salterio, in Rochester, on the night of August 14, 1907, a tailor employed by a clothing firm of that city.

Collegro was arrested by an Italian policeman of this city, who heard some of his countrymen talking in their native tongue about the fugitive hiding in this city under the name of Ross.

TWICE WED AT 17 SHE IS DISGUSTED

SUFFOLK, Va., May 23.—Two marriages, one for love and one said to have been influenced by the mere crass desire for material gain, two separations and an arrest on the charge of bigamy are the rather unkind experiences of seventeen-year-old Mrs. Willeford-Rhodes, who is being held for the grand jury on the complaint of husband No. 1.

The young girl, who resides with her parents near Buckhorn, this county, was married when only fourteen years old, on February 10, 1907, to Joe Willeford. This was a love marriage, but it was not a happy one.

This match, too, proved a failure and the girl returned home a few days later and took up her residence with her parents.

POINTS TO GOLDBERG

Counsel for Klitzko, on Trial for Murder, Springs New Defense. A new point for the defense was submitted yesterday in the trial, which accused Klitzko of killing her, was read into the records of the trial for the prosecution last week, and that other evidence was introduced tending to show that Klitzka had admitted the double murder.

TRENTON DUMPS OUT ROEBLING SUPPLIES

TRENTON, N. J., May 23.—The commission having in charge the erection of the new Trenton city hall, now nearly completed, passed a resolution today ordering that so far as possible all articles and materials furnished by members of the commission be taken from the building.

The charge produced a sensation and brought up the fact that the Roeblings are among the heaviest stockholders of the Otis Elevator Company, and that the Roebling product had been specified to be used in the construction of the city hall.

The commission was composed of Ferdinand W. Roebling, Sr., Quartermaster General C. Edward Murray of the Crescent Belting and Packing Company, and ex-Senator Jonathan H. Blackwell. It was scarcely expected that any member of the commission would be indicted, but the members expressed a desire to avoid future public criticism.

ANNOUNCEMENTS

WOMAN KILLED IN BIG MORNING FIRE

Unwilling to leave her flame swept and smoke filled flat at 333 East 76th street early yesterday morning until she had wrapped up her eleven-months-old baby, Max, so that he wouldn't catch cold, Mrs. Mary Miller was so badly burned that she died in the arms of Fire Captain Ruddy.

William Miller, the woman's husband, baby Max and two other children were removed from the burning building to the Presbyterian Hospital. The fire was a spectacular one in which many persons had narrow escapes. Sixteen families were entrapped in the big flat building and the firemen did some brisk work dropping them into the fire net. Forty persons were saved by the quick work of the firemen.

GIANTS SLAM PIRATES.

PITTSBURG, May 23.—The New Yorks played much better ball than did Pittsburgh today and had but little difficulty in winning. The score was 7 to 1. It is possible that the victory may prove a dear one for New York, since Pitcher Wiltse was hit on the elbow by his pitching arm in the third inning today and may be out of the game some time.

Mathewson, who succeeded Wiltse, pitched his usual ball, which meant sure defeat for Pittsburgh. The loss of the game may be very serious for Pittsburgh also, since Leach became lout in the fifth inning, when he thought Camnitz safe at the plate, and said so. He was sent from the game, and will likely be out for some days.

TRAIN HAD NO HEADLIGHT. Old Flagman, Made Deaf by Train Rumbling, Killed at Crossing. LYNCHBURG, Va., May 23.—Stepping in front of a Washington and Chattanooga railway northbound southern train, which it is claimed did not have a headlight, Robert J. Tyras, aged sixty-five, a Confederate veteran and for many years night watchman at the yard at Monroe, was instantly killed shortly before eight o'clock this morning.

The umbling of the train had made Tyras deaf and he could not hear the approach of the one which caused his death.

WOMEN AT THE PARTY CONVENTION.

By M. L. Stern.

The reports on the national convention in Chicago, which has just come to a close, are still incomplete and somewhat incoherent.

Only two years ago, when the need of special propaganda among women was discussed for the first time, the majority of our men comrades treated this topic with utmost indifference.

At the recent convention not one voice was raised against the work that is being done in the Socialist movement by women and among women in the special interest of their sex.

The first national woman's committee of the Socialist party which was elected at the convention of 1908.

unknown to the party membership at large, has, partly at least, contributed to this change of sentiment, and even if the committee had accomplished nothing else, this fact alone would have justified its existence.

We are happy to note that the national woman's committee will henceforth be a permanent institution of our national party organization, and we extend our heartiest congratulations to the newly elected members of this committee.

The national woman's committee now consists of seven members and they have been chosen with greater regard for locality, no state having more than one member, and the various parts of the United States being fairly well represented.

Theresa Makiel, New York, needs no introduction to the comrades of this city. For two decades she has been an indefatigable worker in the Socialist movement.

May Wood Simons, Illinois, chairman of the first national woman's committee, and associate editor of the Chicago Daily Socialist, is one of the most active women comrades in Chicago.

Winnie Braunetter, Oklahoma, has also been a member of the first national woman's committee, and for some time acted as its secretary.

Lena Morrow Lewis, California, is known throughout the West as a Socialist speaker and agitator. She is the first woman member of the national executive committee and her membership will undoubtedly be productive of a cordial understanding between the two committees.

It was a man, a Comrade from Pennsylvania, who rose at the convention to remark: "I am delighted to note that the number of those who are decreasing who hold the opinion that the woman question does not concern them."

There is a definite demand for an opportunity to pursue courses in the modern languages, classics, English literature, history, economics, politics, sociology, mathematics, the sciences, and other branches.

Those who desire a regular college degree may obtain it by doing the required amount of work. The instruction will be given not earlier than 7 and not later than 10 o'clock in the evenings.

It is earnestly to be hoped that such general arrangements will be made as to enable wage-earning women to enjoy the advantages offered by this new plan.
