JUDAS JOHN BURNS ATTAINS HIS GOAL

President Local Government Board Raised to Ministerial Rank and Salary Here Then Doubled.

By THEO. BOSTHEIN.

(Correspondence of The Call.)

LONDON, June 31.—John Burns has now reached the summit of his ambition. His office, that of the president of the local government board, has been raised to the full rank of a ministerial department, and his own salary has been raised up from £12,000 to £18,000 per annum. Judas, as he is called by his former Communist friends, has received the reward. This one must note, however, has been no easy matter. It took him six months ago there was a widespread feeling even in Liberal circles that John's glorious days were numbered, and that on the very first opportunity he would be sent into the wilderness.

This was due to the fact that throughout the campaign for the Budget and for some time subsequently John Burns had not as much as opened his mouth in defense of the "great" Liberal and the trade union "great" and that at a time when not only his colleagues, but every rank and file of the Liberal party was shouting itself hoarse over the proposed reform, and ministers and lords were stamping the country and working like bladders.

The reason for this strange, not to say provocative attitude, was that Mr. Burns had "blinded" him in the matter of the important duty of the subject on which John had his heart set long ago, intending to use it for the reform of local taxation and thereby gain for himself the immortal glory of a great reformer. Notwithstanding his howling John was not only forgiven and promoted, but his name has now been placed on the list of the "great" and "wise" statesmen of the Liberal party.

Out-Trotting Tories. His colleagues in the Liberal party have been so much impressed by his "wise" and "wise" attitude, that they have decided to raise his salary to £18,000 per annum, and to give him the rank of a ministerial department. This is a most interesting thing in the world. As a result of a recent parliamentary vote, the various secretaries of the Liberal party have been raised to the rank of £12,000 per annum, and the various ministers of the Liberal party have been raised to the rank of £18,000 per annum. This is a most interesting thing in the world.

The action of the bulk of the Liberal party in not opposing the increase of salary is but in accord with the action of the bulk of the Liberal party in not opposing the increase of salary. This is a most interesting thing in the world.

LABOR MEMBERS ACQUAINTANCE. The action of the bulk of the Liberal party in not opposing the increase of salary is but in accord with the action of the bulk of the Liberal party in not opposing the increase of salary.

GOVERNMENT HONORS RUBBER TRUST HEAD

Warship Will Grace Celebration at Samuel P. Colt's Home at Bristol, R. I., on July 4.

PROVIDENCE, R. I., June 30.—Samuel P. Colt, head of the rubber trust, will be honored in a most remarkable manner by the federal government on July 4, when the United States cruiser Tacoma will steam from Newport to Bristol to take an active part in the Colt centennial commemoration.

DIAZ'S NEPHEW WILL BE VICE PRESIDENT

Mexican Despot Also Establishes Bureau to Furnish Dope for Servile Newspapers.

MEXICO CITY, Mexico, June 30.—The fact that the electoral college, which is to meet in this city July 10 and cast the vote for president and vice president, will not make the result known at that time, leaves room for much speculation as to the result in the vice presidency choice. The ballots of the college will be sealed and will not be opened till congress convenes in September.

The report is persistent that General Felix Diaz is to be declared the choice of the electoral college for vice president. He is a nephew of President Diaz and is now on his way to California on leave of absence from his position as chief of police of this city.

TOBACCO JUMPS IN PRICE TODAY

WASHINGTON, June 30.—The increased tax imposed by the Payne-Allen tariff law on smoking and chewing tobacco will be in effect tomorrow. The tax is increased from 6 to 8 cents a pound. The tax on small cigars weighing more than 3 pounds per thousand is increased from 54 cents to 75 cents per thousand. A like increase was made in the tax on cigarettes weighing more than ten pounds per thousand. The tax on large cigarettes is advanced to \$1.25 per thousand, provided they weigh not more than three pounds per thousand, and those which weigh more than three pounds per thousand will hereafter pay a tax of \$3.00 instead of \$1.50 as heretofore.

The law also provides for a change in the size of packages of smoking tobacco, and the weight will hereafter be a quarter of an ounce, and packages must contain a multiple of this unit.

GOMPERS AND GAYNOR IN GABFEST

One of the celebrated speakers at Mayor Gaynor's banquet, Gompers, president of the American Federation of Labor, had not yet spoken, but had seemed to have formed a very high opinion of each other. When Gompers came out of the Mayor's office he said:

GIANT FISH TRUST GETS CHARTER

NORTON, June 30.—A million dollar charter for a fishing boat has been granted to the fishing trust of Norton, N. H.

LINDGREN, SOCIALIST SPEAKER, ARRESTED

Inspector Breaks Up Open Air Meeting Near Cordage Trust Factory, in Greenpoint.

Edward Lindgren, organizer of the Socialist party in Brooklyn, was arrested about 6 o'clock last night as he was introducing Mrs. Bertha Matthews Fraser, candidate for secretary of state on the Socialist ticket, at an open-air meeting at the corner of Noble and Franklin streets, Greenpoint, just outside of the mill of the American Manufacturing Company, commonly called the cordage trust.

Four thousand workers have been on strike against this concern since the forepart of April, and the meeting was arranged to aid them.

Inspector Sweeney, of the 10th inspection district, acting under orders from Police Commissioner Reynolds, made the arrest. He ordered the cops under him to disperse the crowd and arrest Lindgren, which was done.

Lindgren was taken to the Greenpoint station, and a charge of blocking traffic in violation of section 315 of the code was entered on the blotter against him.

Police Purpose Evident. While charging Lindgren with blocking traffic, the police made an attempt to keep a passage open for traffic, their first move being to arrest Lindgren and disperse the crowd.

Police Commissioner Reynolds telephoned for Lindgren to come to the State street headquarters on Wednesday, when a meeting was booked at the same point, and told him that the Socialist party has no right to hold meetings unless the police grant permission for them.

Lindgren told the commissioner that if he broke up the meeting Wednesday another would be scheduled for last night, and if the police interfered the case would be made a test of the power of the police.

ROOSEVELT MEETS TAFT IN BEVERLY

BEVERLY, Mass., June 30.—Theodore Roosevelt and the man he left in charge of the United States while he was away in Africa and Europe, met here this afternoon at President Taft's summer home.

Senator Lodge and many newspaper men were also among those present when "Theodore" and "Big Game" Taft met at the gate in Senator Lodge's car, bound for Nahant and Boston.

"I had a most pleasant time with the President," said the colonel when he whirled out of the gate in Senator Lodge's car, bound for Nahant and Boston.

"I had a most delightful time together," he continued, as an afterthought. "They had a bully time," was the way Secretary Norton put it when he came out later and was besieged by the newspaper men.

MINISTER FIRED FOR TELLING TRUTH

PROVIDENCE, R. I., June 30.—Because he attacked from the pulpit the officials of the town of Cranston, who have winked at illegal liquor traffic and other lawlessness, Rev. C. Conal Mackay, of the Thorston Congregational Church, has been forced to hand in his resignation. The members of the church, who have wakened to the situation, have withdrawn from the church.

SPAIN ISSUES A WARNING TO POPE

Government Hints It May Have to Abandon Tolerant Attitude—Socialists in Demonstration Sunday.

MADRID, June 30.—The Roman Catholic agitation against the measures relating to religious congregations and the toleration of non-Catholics has induced the government to issue an unusual warning to the Vatican and the papal nuncio here.

In a statement issued to the newspapers the government assures its opponents that it will not be influenced by their demonstrations beyond taking steps to keep them in check.

The statement adds that the attacks of foreign newspapers, some of which are even directed against the king's person, and the veiled threats of prelates create this danger.

Dispatches from all parts of the country show increasing vehemence in the clerical and anti-clerical campaigns. The Republicans and Socialists have organized a demonstration to be held in Madrid Sunday, in support of "the emancipation of the Spanish conscience, and the supremacy of the civil power."

RUSSIAN OFFICER PRAISED THE JEWS

And the Newspapers Have Denounced Him as a Traitor.

ST. PETERSBURG, June 30.—Because he expressed friendship for the Jewish soldiers of his command and permitted them to celebrate one of the Jewish festivals by a dinner in the barracks, the Conservative and anti-Semitic press is today demanding the dismissal of General Hesevich, commander of the 1st Russian brigade.

Hesevich not only delivered a Jewish speech at the barracks celebration, but grasped the hand of a common Jew soldier, who had thanked him for his presence, and embraced and kissed him.

JAPS TAKING KOREA

SEOUL, Korea, June 30.—There is reason to believe that within a short time Japan will announce the formal annexation of the Hermit kingdom. It is thought that the only thing which has prevented the announcement is the spirit of unrest against Japanese rule which has been fermented in the country and against which the Japanese authorities wish to guard.

By the terms of a recent treaty the Korean emperor, Yi-Syuk, has turned the policing of this country over to the Japanese. This is believed to be the first step toward annexation, allowing, as it does, Japan to flood the country with troops.

Viscount Terauchi, Japanese resident general of Korea, who is now in Tokio, will return shortly and confer with the emperor and make financial provision for the maintenance of his household.

FORBIDS RELIGIOUS EXERCISES

ILLINOIS COURT DECIDES THEY CANNOT BE HELD IN SCHOOLS. SPRINGFIELD, Ill., June 30.—Religious exercises, consisting of the reading of the Bible, singing and prayer, cannot be held in the schools of Illinois during the time pupils are required to be in attendance, according to a decision handed down by the Illinois supreme court here yesterday.

COBB TO LEAVE EGYPT

LONDON, June 30.—The Daily Telegraph hears that Sir Eldon Cobb, the British agent at Cairo, will become ambassador of Constantinople. Sir G. A. Llewellyn is going to St. Petersburg to replace Sir A. Morrison, who has just been appointed permanent under secretary of the foreign office. This may be the signal for the departure of Sir Eldon Cobb from Cairo.

PARIS IN TURMOIL OVER LIBEUF CASE

Guillotining Delayed by Absence of Executioner—Socialists and Radicals Arouse City.

PARIS, June 30.—Libeuf has been saved from the guillotine, temporarily at least. Despite the pleas of the Socialists and the threats of the revolutionists, the alleged assassin was to have bared his neck to the knife at sunrise.

Late tonight it was discovered that, though President Fallieres had refused to grant a respite, there would be no execution because the public executioner, Anatole Deibler, is not here. It has been discovered that Deibler is taking the baths at the seashore. Special messengers have been hurried from Paris to bring him back to perform his duty.

Tonight thousands of people wended their way to the Boulevard Arago. The police and troops were mustered in strong force, and also that they intended to attack the soldiers and police. The guillotine, in a closed wagon, arrived at the prison late tonight, escorted by mounted municipal troops with drawn sabres. Deibler and his aides promptly set it in place and tested it.

The crowd began to grow unruly and the police extended their lines and roughly prevented any one from approaching the guillotine. The newspaper men had considerable difficulty in getting past the police to approach the scene of the execution.

Meantime the Place de la Republique was a scene of disorder. Revolvers were drawn and the police were ordered to rush the crowd. The troops displayed such determination that even the most evily disposed deemed it wise to beat a hasty retreat.

Executed Will Cause Trouble. The execution of Libeuf, the so-called assassin who killed and mutilated the young girl, Ida Gansbury and Gussie Ehrlich, to George A. Miller and Frankie Fuller, special agents of the district attorney's office. The girls were supposed to go to Seattle, there to enter disorderly houses. Levinson got \$40 for them. Afterward he was arraigned in court, charged with violation of section 2,460 of the Penal Code, which relates to the placing of women in houses for immoral purposes.

It was then supposed by those interested in the conviction of Levinson and the other "white slave" arrested with him that nothing stood in the way of the satisfactory punishment of the man, regarded as one of the most pernicious members of his class in the city.

But about two weeks ago Judge O'Sullivan sent for Levinson, had the man brought from the Tombs and examined him personally in his chambers. Levinson told the judge that he did not think he had been treated fairly, and Judge O'Sullivan apparently agreed with him in this belief.

At any rate the judge appointed James W. Osborne and George Gordon Battle to act as the man's counsel, although Edward Campbell was his common-law attorney, and it was understood that a plea would be entered.

Judge O'Sullivan took this view of the case, and sentenced Levinson on the charge of having attempted to commit the crime. The closing of this case wipes off the calendar the last of the so-called "white slave" cases. The special grand jury which investigated them has been discharged. Levinson, by the way, made a full confession of his guilt, and it is now in the possession of the district attorney's office.

COBB BILL IS KILLED IN ASSEMBLY

ALBANY, June 30.—The Senate today passed a bill to amend the law relating to the Cobbs, a measure which would have amended the law relating to the Cobbs, a measure which would have amended the law relating to the Cobbs.

The bill in the assembly, however, was defeated by a vote of 40 to 34. It requires a vote of 40 to pass a bill in the assembly.

Speaker James W. Thompson, with his four hundred and thirty-two members, will go to the legislature tomorrow to open the session.

HARVARD PROSTITUTES ITSELF, SAYS DR. WILEY

Pure Food Expert Declares University Is Trying to Get Morgan's Money.

WASHINGTON, June 30.—"I do not think that my own university would stoop to that," said Dr. Harvey W. Wiley, the government's chief food scientist, today in commenting upon the conferment of the degree of LL.D. by Harvard University on J. Pierpont Morgan.

"The ostensible reason, that Mr. Morgan is an art connoisseur is obviously insufficient," he said. "The real reason, no doubt, is that Harvard has expectations of gifts that may come. A collector of pictures has no more claim to the degree of LL.D. than a stamp or coin collector."

Dr. Wiley attacked the practice of American universities in giving scientific and literary degrees to "Wall Street kings." This practice, said Wiley, simply cheapens the degrees and since they are unearned he said they can be nothing but empty baubles to their owners.

LIGHT SENTENCE FOR WHITE SLAVE MAN

Harry Levinson, Confessed Pimp, Given a Year and \$500 Fine by Talmoney Judge O'Sullivan.

HARRY LEVINSON, who was indicted by the so-called Rockefeller grand jury for trafficking in girls, was sentenced to six months in prison yesterday by Judge O'Sullivan in General Sessions. The sentence was for a term of not less than one year and four months and the man was also fined \$500. The comparative mildness of the sentence is explained by the fact that "owing to a technical error" in the charge brought against Levinson, he was permitted to plead guilty to the attempt to violate the statute of the law involving, instead of an actual violation.

HALF MILLION MEN READY TO STRIKE

If Railroads Do Not Grant Demands Men, Entire Traffic of South Will Be Paralyzed.

WASHINGTON, June 30.—The 500,000 men of the Southern railroad system are ready to strike against the demands of the four brotherhoods a strike of \$50,000 railroad workers is inevitable. The greatest amount of trouble from all Southern railroads as to the time set for the augmentation of the big strike, and it is believed that the plan is to this paralyzing blow in the traffic at a moment least expected.

Whether the brotherhoods in Washington are debating the question for a strike in the hope that the administration might use the \$50,000 on the railroads to benefit the men is not known. Men in the South are already on strike on all Southern railroads, and the strike on all Southern railroads may be averted if the federal mediators, who have far failed to adjust the controversy, is any event, a strike on all Southern railroads may be averted if the surrender of the companies.

WORKERS MUST PAY

Pittsburg Capitalists Take No Chances and Shut Down for Summer.
PITTSBURGH, Pa., June 30.—Preparations have been made by the National Tube Company and independent interests to close the pipe mills running on the smaller jobbing sizes of merchant pipe through most of July. Practically every steel working industry in the Pittsburgh district closed tonight for the midsummer period of stock taking and repairs.
The mills of the Carnegie Steel Company—closed with the exception of a few departments until July 11. Among the independents who suspended for ten days to three weeks are the Republic Iron and Steel Company, the Pittsburg Steel Company, the Laclede Iron and Steel Company, the Youngstown Sheet and Tube Company. The curtailment of crude steel output through the month, as now planned, will average about 25 per cent.

ULTIMATUM FROM MINERS TO BOSSES

PITTSBURGH, June 30.—Upon the adjournment of a conference now in progress between committees selected yesterday from the Pittsburgh Coal

OPERATORS' ASSOCIATION

and the district officials of the United Mine Workers of America depends the question of a "suspension" of work in this district, involving 40,000 coal miners, effective early next week.
The demands include lower questions of working conditions and are the remains of the struggle between the operators and the miners which occurred in April, and which was temporarily patched up by a working agreement at that time, "to be fully adjusted later."
The questions discussed today were handed up to the operators in the form of an "ultimatum."

CHICAGO, June 30.—Darius Miller, president of the Chicago, Burlington and Quincy Railroad Company, today denied the truth of statements accredited to him concerning an increase in the salary of unorganized employees of the transportation company. He declared that no voluntary increase in the payroll such as, according to reports, would take from the treasury of the company several million dollars a year, is now contemplated.

DECATUR GIRLS WALK OUT.

Because Bosses Nail Down Windows Which Gave Ventilation.
DECATUR, Ind., June 30.—Sixty girls employed at the Waring Glove and Mitten Factory, went on strike this morning because the management nailed down the windows in the work-room on the second story.
The girls say that the condition has existed some time and that they have contemplated this move, but did not obtain enough co-workers until today. Only seven young women remained at work.

DEMOCRATIC MONEY TALKS.

Cash Will Be Spent This Year in New York to Convert Heathen.
INDIANAPOLIS, Ind., June 30.—The Democratic state committee met here today and made final arrangements for launching the state campaign. A state news bureau is to be established at once and daily papers are to receive six letters each week in plate form, and the weeklies will be supplied with a page of matter for each issue.
The plan of the campaign involves the expenditure of more money than was ever used for such a purpose except in national years.

KIDLETS TO GET NEW PLACES IN THE PARK

Swimming and Wading Pools, Etc., Will Be Built to "Popularize" Central. \$100,000 Appropriated.
Unless Mayor Gaynor says he mustn't, Park Commissioner Stover will begin in a few days the construction in Central park of a swimming pool, a wading pool, nursery building, giant slides, running track and other things which form part of the plan of the commissioner and President Mitchell of the board of aldermen to "popularize" the park. The \$100,000 already to carry out the plans is needed in Mr. Stover's hands, having been approved as a part of the corporate stock budget passed by the board of aldermen on Monday, and Mr. Mitchell and Borough President McAneny, who were appointed on May 20 by the board of estimate as a committee to act with Mr. Stover in suggesting plans for spending the \$100,000, will report in favor of the changes.

KILLED BABY AND COMMITS SUICIDE

George L. Catlett is a chemist in the laboratory of the Western Electric Company at 443 West street and his wife's brother, Thomas M. Hodgson, works there as an inspector. The two live in the Havemeyer apartment house at 237 West 14th street. Last evening they went home together and on the locked door of his wife's bedroom Catlett discovered this penciled note:
"Don't come in, George or Tom. Let some one else come in first."
The husband and her brother looked at each other a moment. Then they opened the door. They found Mrs. Catlett lying on a bed improvised on the floor. The two-month-old baby lay beside her and both were dead.

CARMEN SYLVA AT POINT OF DEATH

BUCHAREST, Roumania, June 30.—Queen Elisabeth of Roumania lies at the point of death. Physicians, who have been in constant attendance at her bedside, have abandoned hope of saving her life.
Appendicitis attacked her majesty some time since. Two days ago she suffered a relapse. Her death, now thought to be but a question of a few hours, will remove a queen who did much to restore stability and peace to a troubled country, but whose fame following the superficial tendencies of the period, clings chiefly about a spectacular love affair and her literary productions. Under the pen name of "Carmen Sylva," Queen Elisabeth came to be widely known as a writer of poems, court impressions, and lighter prose.

POWDER EXPLODES, KILLING SIX PERSONS

HELENA, Mont., June 30.—Six persons were killed, twenty or more injured and a number of buildings destroyed as the result of a powder explosion in the store of the Geavon Mercantile Company at Boulder, the seat of Jefferson county, thirty-five miles south of Helena, this evening.
The explosive substance was among the buildings destroyed. A small tank left Helena at 3 o'clock with a cargo of dynamite and nitro, while still others were sent in automobiles. The nature of the news interrupted Helena for several days, and other parties are being formed to visit the scene.

PROBES NICARAGUAN CONSUL'S ACTIVITIES

WASHINGTON, June 30.—Francisco Altuch, consul general of Nicaragua, who is a representative of the Madriz faction, has been taking an active part in the military operations on the east coast of Nicaragua according to a dispatch received at the State Department today. Consul General Altuch, accompanied by General Irias, and a force of about sixty men from the Madriz gunboat Venus, captured the town of Cape Gracias a Dios several days ago.

SENTENCED TO DEATH, HE LAUGHS AT JUDGE

Laughing in the face of Justice Warren W. Foster, who had just sentenced him to death in the electric chair in Sing Sing prison during the week beginning August 8, Morris M. Lustig, a private detective, convicted of murdering his wife, Rhoda Irene Lustig, on October 25, 1902, offered to bet that he would never be executed.
"That's easy; dead easy!" he half-shrilled as he was led from the room in a hysterical condition. Lustig was accused of stealing strychnine from a drug store, which he administered to his wife, who was a native of Pittsburg, Pa., after insuring her life in his favor. The case against him was entirely circumstantial and he asserted again in court that the whole thing was a "plant" and that he had not had a fair trial.
The conviction will be appealed.

NEVER A WARRIOR, BUT GETS PENSION

MIDDLETOWN, N. Y., June 30.—Although he never went to war, E. K. Lewis, of Delhi, has been granted a pension through the efforts of Representative Fawcett and the members of Delhi's G. A. R. post.
Lewis was not a fighter, but his father, two brothers and a number of other relatives served in the Union army during the civil war. Lewis is seventy-three years of age. This act is a strong effort being made in Delhi to honor the memory of the G. A. R. post.

MAYOR SHANK IN VERY BAD LIGHT

INDIANAPOLIS, Ind., June 30.—Mayor Shank addressed a meeting of furniture dealers at a hotel this morning and going down to the street unaided and a horse and got into the buggy. He had just taken up the reins when a lady rushed up, caught the reins and demanded to know where he was going with the rig. He replied that he was going to the stable but the lady said she guessed he wouldn't, as the rig was hers.
The mayor called a friend to prove his ownership of the rig and it was done to his satisfaction, and he started to drive away, but the lady clung to the reins, and just as a man came out of a store and caught the reins from the other side, she expostulated, but the husband's wife, neither of whom knew him, caused him to try to step on her horse and buggy and appealed to the corner policeman.

LORIMER JUROR VERY, VERY MAD

CHICAGO, June 30.—Charles Spare, one of the jurors who voted against bribery in connection with the election of United States Senator Lorimer, today announced that he had authorized his attorney to draw up a suit for \$100,000 against States Attorney Warren, because of the latter's charges that "the Browne jury was fixed and Spare was the kingpin of them all."
Meanwhile Browne sued Springfield and gave bonds under the new indictment; there charging him with conspiracy to commit bribery.
Juror Spare refused to discuss his suit, though he was willing to talk freely about events in the jury room.
"The suit is in an attorney's hands and beyond saying that I have instructed him to sue for the balance and file them at once I do not care to say anything about it," said he.
"The real facts of what happened in the jury room," said Warren, with his "11" look, "are very foolish. Three other jurors besides me with me that were not believed and voted to convict Browne."

REDMOND WANTS TAX OFF WHISKY

LONDON, June 30.—John Redmond, the Irish leader, demanded today the abolition of the whisky tax, the Irish attitude toward the tax having been unchanged. The tax is a source of revenue, it was said, and the Irish people are not to be taxed for the sake of the British treasury.
Redmond, who is a member of the House of Commons, said that he would introduce a bill to abolish the tax.

TO FLY TO GREENWICH

GREENWICH, Conn., June 30.—The late CHURCH E. Harmon, the author of "The Story of the Battle of Gettysburg," is to fly to Greenwich, Conn., to this place Sunday. Mr. Harmon has been announced here on good authority today. Mr. Harmon is a non-in-law of Commodore E. C. Benedict, and it is expected that he and Mrs. Harmon will land on what is known as Tweed Island, just off the mansion. It is understood that he will be made land at Sandy Beach, close to the summer home of William H. Tweed, president of the Delaware, Lackawanna and Western Railroad.

WOMAN GAGGED AND MURDERED ON PIER

Tugboat Captain Attempts to Interfere, but is Driven Off When Assault Took Place.

Gagged and bearing all the evidence of a murder, the body of an unidentified woman was found on the bulkhead between Piers 39 and 40, or near the foot of West Houston street, on the North river yesterday morning.

The conversation between the two grew louder and at length the man seized his companion with the evident intention of forcing her to do his wishes.

At this the woman screamed and Kelly sprang ashore and hurried to her aid. Just as he reached the spot, however, he says, three other men entered from somewhere in the darkness and made him in menacing tones to betake himself to other parts and mind his own business.

MARGARET ANGLIN'S TRIUMPH

SAN FRANCISCO, June 30.—The interest in Margaret Anglin's appearance in a Greek play at the Greek theatre on the campus of the University of California at Berkeley culminated tonight in a triumph for the actress when she appeared before an audience of over ten thousand people in "Antigone" at Sophocles.

At this the woman screamed and Kelly sprang ashore and hurried to her aid. Just as he reached the spot, however, he says, three other men entered from somewhere in the darkness and made him in menacing tones to betake himself to other parts and mind his own business.

ARREST ON MURDERS IN GARY

KANSAS CITY, June 30.—The methods of a gang of murderers and robbers with headquarters in Chicago were described to the police of Kansas City, Kan., yesterday by James Tonofo, a Bulgarian, one of the assassins employed by the gang.

Tonofo had been arrested in Wichita, Kan. He was believed to have been implicated in the murder of a foreigner in a packing-house district here. He denied the charge, but confessed to killing Simon Nestoroff, a baker of Gary, Ind., last May.

A Serbian named Gary was beaten and shot to death last winter. The murderer was never caught. The Gary police believe all three crimes to be the work of the same persons.

BRITISH BUDGET IS INTRODUCED

Chancellor Lloyd-George Says Deficit Has Been Wiped Out and Indications Show Boom in Trade.

LONDON, June 30.—Lloyd-George, the chancellor of the exchequer, arose in the house of commons at 2:30 o'clock this afternoon to introduce the budget. He reviewed the financial situation and stated that the amount necessary under the new budget exceeded that of last year by £2,750,000.

The estimated expenditures for the last fiscal year, he said, were £142,171,000, but the actual expenditures were £137,245,000, leaving a surplus of £4,926,000.

The chancellor announced that there would be no reduction in the whisky tax despite the decrease in the revenue of £1,400,000. The increased consumption of 10,000,000 gallons of whisky, he said, conduced to the well being of the people.

The speaker in Ireland and Scotland have decreased immediately to a great extent after the increase in the tax, said Lloyd-George, and a chancellor who would reduce the tax would be guilty of a crime against the state.

To placate the Irish the chancellor said he had agreed to contribute £228,000 to Ireland's revenue, which was equivalent to the decrease in the revenue from whisky due to the increased tax.

In conclusion the chancellor estimated the expenditures for the next fiscal year at £138,370,000. The speech of the chancellor lasted one hour and twenty-five minutes.

Prime Minister Asquith announced that the government will adjourn parliament at the end of July, and that it would recess in November. July 11 and 12, he said, would be devoted to the second reading of the woman's enfranchisement bill.

BOSSLET BRACKET TO BOSS ROOSEVELT

State Senator Calls Theodore the Backer of a Straddling, Important Bill to Catch Votes.

SARATOGA, N. Y., June 30.—State Senator Edgar T. Brackett, who has been one of the leaders in the opposition to any direct primary legislation, said tonight that he did not think the Roosevelt telegram would have much effect in the senate.

"Up" those whose opposition to direct primaries has been based upon a theory of government thought out and sustained by precedent, Mr. Roosevelt's position or mandate—whatever you please to call it—will have no effect.

"All the little plamires who have been waiting for orders on the subject will, of course, drop in and follow in the direction pointed out by the Roosevelt telegram to Mr. Griscom. How many of these there are in the legislature remains to be seen. I hope there are very few."

"For those men who, like Senator Hinman, Senator Davenport, Senator Rose, and members of the assembly like them, have thought deeply on the subject and have reached their own conclusion, consistent with their notions of what is best, no one can fail to have a warm respect, however much he may differ from their conclusions, but for those men who have simply been falling upon one side or the other of the line, as chance placed them, and who have been hoping that somebody else would decide the question and issue orders to them, this deliverance will, of course, prove oracular."

"The Cobb bill itself is a weakling, a straddle. Its sponsors resemble the boy who is willing to dabble his toes in the water, but afraid to jump in. There is no escape from the proposition that the principle of direct primaries is a good one, which if it is good, it should be applied everywhere and at all times.

"The Roosevelt telegram gained sixteen votes for the Cobb compromise direct nominations bill in the assembly today, but even at that the supporters of this bill lacked fourteen votes of passing it. At the regular session the Cobb bill came up in the assembly. It was defeated by a vote of 86, yeas 66, nays 102.

"Not in years has such a tense atmosphere pervaded the deliberations of the state assembly today. Speaker James W. Wadsworth, Jr., with his floor lieutenant had little to do to hold their forces intact against the Roosevelt telegram and the Cobb compromise bill. It was really astonishing to onlookers when they realized the hold which the organization of the house has upon its members.

"The practice of requiring bail for trivial offenses has brought into existence here a large number of professional bondsmen who will go bail for \$5 and upward. Put these men out of business. You know what I mean, and I have selected you to do a distinct work. I have thought of it a long time, and now it falls to me to appoint men to do it. There were 60,000 persons held over night on petty charges last year in Manhattan and the Bronx alone who were discharged next morning for lack of a valid complaint.

"The matter of petty arrests instead of resorting to a summons or notice, I shall take up with the police commissioner hereafter. You know things can be done only little by little."

KIDNAPPERS ANGRY, THREATEN BOY'S LIFE

Dr. Mariano Scimeca, of 2 Prince street, whose son Michael, was kidnaped on June 22, after the father had received several threatening letters, received a telephone message from an Italian yesterday to the effect that the boy would be killed.

The man informed the doctor that the kidnapers were angry because he had informed the police, and given the matter so much notoriety. Dr. Scimeca sent word to Acting Captain Vachris, of the Italian detective bureau, and the latter, accompanied by one with Inspector Russell, Vachris and a dozen detectives soon traced the telephone call, but when they reached the place from which it was sent, no one could be found who had seen the man who talked to Dr. Scimeca.

WALL STREET IS RAIDED BY BEARS

Financial Fakirs Drive Stocks Lower They Have Been Since 1907.

There was one of the most pervasive breaks in the Stock Exchange yesterday that has happened since the time of the panic of 1907. Some declines during the present year have been as great in certain directions, but the market as a whole has not received the jolt that was felt yesterday.

At the time when the market was dipping lower there seemed to be organized help from somewhere that lifted it out of the depths. The rumor that this came from a certain source could not be verified, but the comparative strength found at the close of the day appeared to indicate that a timely boost had been administered.

"The atmosphere that marked early trading was apprehensive from the very opening. Within the first three hours 1,000,000 shares had changed hands. The pace slackened during the middle of the day, but it became brisk again toward the close. By the time there was an opportunity to look for the bruises that came with a day of hard hitting, it was found that losses of six points were not uncommon among railroad issues and that a four-point drop had happened to many an important industrial stock.

Some of the stocks which went through the most violent changes were Atchafalpa, which had a variance of 6 1/2 between its highest and lowest quotations for the day; Union Pacific, 6 1/4; Southern Pacific, 6; Reading, 5 1/4; Northern Pacific, 6 1/4; Great Northern, 4 1/2; Rock Island, 5 1/4; Missouri Pacific, 4 1/4; Amalgamated Copper, 3 1/4; American Smelting & Refining, 3 1/4; and United States Steel, common, 3 1/4; and National Lead, 3.

MAYOR DENOUNCES BAIL EXACTIONS

Mayor Gaynor, in administering the oath yesterday to the new Special Sessions Court justices and magistrates appointed on Wednesday, made a short address in which he urged that the professional bondsmen be put out of business. He also condemned arrests for trivial offenses and the exaction of bail in trifling cases.

"There is no law," he said, "compelling magistrates to require bail in every case. The law which he urged that the professional bondsmen be put out of business. He also condemned arrests for trivial offenses and the exaction of bail in trifling cases.

THE MOVING PICTURES

Special Train Will Hustle Them Across Continent to East. RENO, Nev., June 30.—No time will be lost by the moving picture men in getting the pictures of the Jeffries-Johnson battle before the public. If the arrangement doesn't miscarry, the machine and operators in automobile will be on the road to Reno, Nev., by the right way east, and carry three shifts of photographers to develop negatives of original films and print new ones as fast as human ingenuity and sense will permit. Films will be dropped off as the train speeds through the Middle West, with enough retained to supply the needs in Chicago, Philadelphia, New York, Cincinnati, St. Louis, Kansas City, Cleveland and other large cities where the demand will be extraordinary.

MORGAN MAY GET IN DRY GOODS TRUST

H. B. Claflin has secured a controlling interest in the firm of Lord & Taylor for the United Dry Goods Companies. The announcement was made yesterday by Mr. Claflin in a letter to the stockholders of the latter concern.

Reports of this transaction have been current in the financial district for some time. In the letter to stockholders Mr. Claflin says: "The undersigned has negotiated for some time with the owners of the business of Lord & Taylor, one of the oldest mercantile houses in New York, and has finally arranged for the purchase of a controlling interest therein."

The directors of the United Dry Goods Companies are of the opinion that this interest should be owned by the United Dry Goods Companies. In order to acquire this interest, and any other interests that may be advantageously obtained, the directors of the United Dry Goods Companies, each holding either common or preferred shares, being entitled to subscribe to an amount of new common stock equal to 15 per cent of his present holdings of stock of either class in the United Dry Goods Companies."

Stockholders of the United Dry Goods Companies, each holding either common or preferred shares, being entitled to subscribe to an amount of new common stock equal to 15 per cent of his present holdings of stock of either class in the United Dry Goods Companies."

PATTEN ESCAPES

Grain Speculator Retires With His Loot Tucked Safely Away.

CHICAGO, June 30.—James A. Patten, the most widely known grain trader in Chicago or the world since the days of B. P. Hutchinson, retired from business today. The only statement he would make for publication was: "I have had a long time in the grain business, have had more than my share of the good to carry, and I am all and am ready to quit. As I have already announced, the house of Bartlett, Patten & Co. finishes business today and will be succeeded by Bartlett, Frazier & Co. tomorrow. My brother, George W. Patten, will retire with me from active business. The corporation which succeeds to the present firm's business will contain all of the junior members of the concern and will start under most favorable circumstances. I am going to rest and look on for a while."

JEFFRIES PUTS AT WORK

RENO, Nev., June 30.—That Jeffries is as strong a favorite today as he will be when the fighters step into the ring is the hope of the wisest bettors, and the fact that he is strengthened by the fact that whereas on Tuesday night it was even money that he would not win inside of fifteen rounds, last night the same price stood for eighteen rounds, despite the fact that he had been in the ring for a longer time than he would surely not let the negro stay longer than seventeen rounds.

Jeffries' work before the moving pictures Wednesday evening may have had some effect on the betting, but the big fellow was far from being impressive, as he seemed to be as he has been in previous workouts. He seemed to puff earlier than usual, a fact that was commented on by many of the 2,000 or more spectators that had taken a chance of another disappointment.

As for this, however, Jim appeared good in every other department. He blocked nicely, ducked under swings with the ease and speed of a lightweight, and pulled away from straight lefts just as fast as he could. His feet worked with mechanical precision. Johnson is not letting up in his work as yet. He was out early today and yesterday he put in the afternoon before a large crowd. As usual, he was cheered and his feet worked with mechanical precision.

QUITE ANOTHER THING

Hull Urges Roosevelt to Compel Passage of Income Tax Bill. WASHINGTON, June 30.—Representative Cordell Hull, Democrat, of Tennessee, sent the following telegram to Colonel Roosevelt this afternoon before he had heard what had happened at Albany:

"Hon. Theodore Roosevelt, Beverly, Mass.—As you are willing now to urge your legislature to enact wholesome legislation, I venture to ask your attention to the income tax amendment before your legislature, which recently failed by but one vote. New York's action is of commanding importance. All parties, the President and you, former President and foremost American private citizen, have endorsed a tax upon incomes. May I suggest your positive influence to the end of New York's ratification of such a tax? It is a measure of economy beneficial alike to the government in augmenting its revenues in the simple way and at the same time relieving the people of the present forms of taxation, most excessive to those best able to bear it."

ACCUSES HUSBAND

Wife of Rich Farmer Says Husband Inflicted Fatal Wound. MT. VERNON, N. Y., June 30.—A mystery surrounds the manner in which Mrs. Martha Brady, the wife of Arthur Brady, a wealthy farmer of Golden Bridge, in the northern part of Westchester county, was shot in her home on Tuesday night last, and the efforts made to keep the matter a secret from the county of Westchester until today, although Mrs. Brady is said to be in a dying condition.

The couple live in a large country house with two servants, two from Golden Bridge station. Mrs. Brady has been helpless for nearly two years and on the night of the shooting they were alone in their home. About 11 o'clock Dr. W. J. Carpenter of Katonah, was called on the phone by Mrs. Brady, who thought a bullet had passed through her husband's lung, was able to talk.

LETTERS TO THE EDITOR

RETURNING TO THE CHARGE.

NEW ENGLAND DRAWS THE COLOR LINE.

Dwight T. Reed, a negro, who also happens to have been born in Portsmouth, N. H., who is a graduate of the Portsmouth high school and who was for four years a student at Dartmouth—the college from which Daniel Webster was graduated—has managed to stir up something of a race question in liberal New England.

The rebuke, or the refusal, occurred in Maine, where some important field work was being carried on. In view of the negro's audacity and presumption in having obtained the appointment in open competition, it is a wonder they did not lynch him.

Magistrate O'Reilly's remark to the striking bakers who had been brought before him: "You are discharged, but, remember, that you keep away from the neighborhood where you were arrested," is a monumental piece of impudence and assumption.
