DO YOU LIKE GOVERNMENT BY INJUNCTION?

If You Object to It, You Should Read What Candidate Theodore Roosevelt Has to Say About You.

Hundreds of thousands of workmen in the United States within the last year, not to go farther back, have moved to protest against the flagrant injustice of what is called "government by injunction"...

BEN HANFORD ON THE ROAD.

Vice - Presidential Candidate at Work.

Opening of the Campaign in New Hampshire.—A Report of Hanford's Speech at Manchester. MANCHESTER, N. H., July 27.—The Socialist campaign here was opened with a banner-raising and a speech by Ben Hanford, Vice-Presidential candidate of the Socialist Party...

THE TYRANNY OF "INJUNCTIONISM."

It Has Remained for This Sacred-Profits System to Set the Example of a Judge on the Bench Forbidding Lovers to Speak Under Penalty of "Contempt of Court."

We have often heard capitalists and their spokesmen tell how Socialism would interfere with personal liberty—how, under Socialism, you couldn't marry without asking the government's consent, and so forth. Such an idea would never have entered the head of a Socialist. It would never have occurred to the workingmen who are striving for industrial freedom...

"AMERICAN HEROES"

An Example of the Sort of Men Who Do the Bosses' Dirty-Work in Strike Time.

TRINIDAD, Colo., July 25.—Word has been received here that two guards employed by the Victor Fuel Company at Hastings, twenty miles north of here, became involved in a quarrel, and decided to fight a duel. Accordingly they armed themselves with revolvers and began firing at each other. When the guns were emptied the two men drew knives and fought until both were dropped dead.—New York Evening Post.

THE PUBLISHERS' DEPARTMENT.

A Plain and Frank Table to Readers and Friends of The Worker in Regard to Its Present Situation, Its Needs and Its Prospects.

The Socialist Co-operative Publishing Association, publishers of The Worker, have decided that the time has come to make a full public statement of the financial standing of the paper, so that its readers may know its burdens, may estimate its prospects and its needs, and may act accordingly. First a word as to the Association itself. The S. C. P. A. is a body of German-speaking party members, mostly workmen, originally organized for the purpose of publishing the German Socialist daily, the "New Yorker Volkszeitung"...

Colorado Socialists Nominated a Deportee.

A. H. Floaten, Whom the Citizens' Alliance Mob Drove Out of Telluride, Needs Our Ticket—Platform Offers Only Cure for Present Evils. DENVER, Colo.—The following is the platform of principles and demands adopted by the state convention of the Socialist Party of Colorado: The private ownership of the means of production and opportunities of employment is the cause of the class struggle in society, and it affords the opportunity for parasitic appropriation of the products of labor...

CHARITIES BUREAU HELPS MEAT TRUST.

Chicago Poor Authorities Turn Strikers and Their Families from the Door—Why Now and Why Not Before.

CHICAGO, July 30.—The Bureau of Charities has refused not to give any help to the people who have been thrown out of work and reduced to want through the meat workers' strike. In every case, where a striker or his family have applied for aid, they have been refused and told to go to President Donnelly of the Butcher Workmen's Union.

AN ATTEMPT TO WHITEWASH PARKER.

A reader sends us a clipping from an out-of-town paper, purporting to be a dispatch from New York, and headed "Parker Saved the Eight-Hour Labor Bill."

The article explains that "Parker is acceptable to both Labor and Capital in his own state" and contains the following paragraph: Labor loves Judge Parker because he saved the Eight-Hour Law. The Legislature passed an eight-hour bill. Its constitutionality was attacked. The Supreme Court declared the Court of Appeals, and Judge Parker, in an able opinion, declared the statute valid and binding.

IT IS TOO LATE, MR. BRYAN.

By E. S. Egerton.

Though you intend supporting Judge Parker, you claim you "will organize the radical Democrats immediately after election." It is too late, Mr. Bryan. Your devotion to regularly killed radical Democracy, drove thousands of your followers into the Socialist Party, and it is meet that the whys and wherefores of your lateness be now called to your attention.

WORKMENS' TIME IS BOSSES' PROPERTY

British Courts Rule That Union Which Observes Holidays is Liable for Damages to Employers.

It is not only in this country that the courts are being used for an attack on the labor movement. The British courts have just decided that the South Wales Miners' Federation must pay into court \$287,810 damages, awarded the colliery proprietors for "causing the men to break their contracts with their employers" by declaring "stop-days" or holidays. Capitalist law assumes that the whole time of the working class belongs to the capitalists whenever they choose to demand it.

THE EXECUTION OF VON PLEHVE. If ever human people had reason, they would rejoice over the death of any man, that man was the late Russian Minister of the Interior, Von Plehve. In a singular degree he combined the vices of a Judas and a Nero.

NOTE, COMMENT, AND ANSWER. We suppose that Comrade Purdy, whose letter against the party's endorsement of trade unionism we print—on the sake of fair play and peace in the family—elsewhere in this issue, represents a certain element in the ranks of our party.

wide-spread plot against all the high government officials," which some sensationalists and perhaps some interested... This is an important difference, and necessitates separate organization. But it does not necessitate our justifying hostility between the two movements.

THE SLOCOM INDICTMENTS. We are surprised. Also we are pleased—with some misgivings. The men who were really guilty of the gigantic Slocum murder have been indicted.

Our surprise is due to the fact that criminals of this sort—capitalist criminals—are very seldom ever indicted. The qualification of our pleasure in the indictment is due to our doubt whether it will ever go any farther than an indictment.

We have seen a whole series of crimes of this sort committed by capitalists, murders for profit—the Fordling Building collapse, the Ireland Building collapse, the Windsor Hotel fire, the Tarnart explosion, the New York Central Tunnel collision, the Newark grade-crossing disaster, the Troop's Theater fire, the Darlington Hotel collapse.

If any of the Slocum murderers go to prison we shall admit that there is more decency in capitalism than we have thought—not much, even then, but more than we expected.

Our English comrade, J. B. Askew, writing in "Justice," regrets that the Democrats did not nominate Hearst for President of the United States, because "had he been elected he would have had to show his hand, and our friends would have had a good opportunity for getting rid of a man who for years has been able to impose on the working class with a sham anti-trust campaign."

Some of the comrades employed in the national office have had vacations with pay, and this is objected to, because there is no party law expressly allowing it. For our part, we would think it wise (if necessary) to have a party law requiring them to take vacations, because it would enable them to do better work.

the work of that office in the last year and a half are simply wonderful. Now shall we begin to make rules—you must be in the office at eight in the morning, you must not quit till the clock strikes six, you must not take vacations without a special referendum, and so on?

This incident, following so closely upon the trial of the Seattle "Socialist," and the failure of the "New Nation," should impress upon the comrades' minds the seriousness of the task of supporting the Socialist press, and especially in these "hard times" when it is most needed, and should be thoughtfully considered.

In another column we note a correspondence between the Toledo comrades and the National Secretary in regard to the matter of vacations for employees in the national office.

There is a pretty general tendency—often arising, indeed, from the best of motives—to regard all party employees with suspicion, and continuing to say that the party is living at the expense of the rank and file, until they are worn out with worry and humiliation and either resign in disgust or else, while sticking to the post of duty, become really disqualified to do their work well.

It is understood that there are a couple of agents of the national office in the city of Chicago investigating labor and strike conditions, and that these men are working strictly in secret—no one knows who they are or what they are doing.

OF COURSE THEY COMEMENDO HIM. A reader calls our attention to the fact that Mr. Parry's National Association of Manufacturers, in its annual convention this year, passed a resolution commending Governor Peabody for his action in the Colorado miners' strike.

Now comes the news that the Erie "People" has been forced to suspend temporarily, it is hoped. This is an extremely unpleasant surprise to us, for the "People" has, on the whole, for very good work and has deserved supporters. We are most fortunate we are able to say in detail, but are assured that there is reason to expect that its publication will not be interrupted for more than two or three weeks.

"The bear's" of this observation lays in the application on it," as Dick Bunsby wisely says. The principle which Comrade Mitchell lays down elsewhere in this paper—that present law is the world's capital of labor, the accomplishment of measures of immediate relief, though but partial or even temporary, is desirable from the revolutionary point of view, because it fosters aspiration and self-reliance and hope in place of dull despair—is a sound principle and one that Socialists should bear in mind.

But if a people itself is engaged in a war—offensive or defensive—then it is nearly impossible for it to free itself from this sentimental disguise, by which it is induced to give its blood for the profit of the voracious of capitalism and militarism.

THE AIM OF WAR IS ROBBERY AND MURDER IN ITS MEANS. Here is the positive truth affirmed by the Socialist doctrine of economic determinism. The Russo-Japanese war is its brilliant confirmation.

THE RIGHT TO PROGRESS. This country, with its institutions, belongs to the people who inhabit it. Whenever they shall grow weary of the existing government, they can exercise their constitutional right of amending it, or their revolutionary right to dismember or overthrow it.

THE COLORADO JUVENILE LAW.

By Wm. Crouch-Haskell.

The juvenile code established by the state of Colorado has very justly been said to have contributed more to the fame of that commonwealth than its mountains, its gold, its climate, its woman suffrage, or even the unprecedented decision of its Supreme Court in regard to the suspension of the writ of habeas corpus.

Current Literature. Notes on the "Class Struggle" is a very neatly printed pamphlet of forty-eight pages, issued by the Collectivist Society. It contains several articles—"The Alignment," by "Dorpatism," a good sketch of class divisions in present society; "The Better Interest" and "The Second Coming," by Peter L. Burrows; an account of the first all-day meeting of the society, with brief reports from the speakers, and several notes on the program.

IMMEDIATE OR FUTURE?

By Ruben Harvey Mitchell.

What should be the policy of those who desire the industrial emancipation of the people? Shall we seek for partial success in the present, or reserve all for a future date? Shall we try to make a complete and absolute in results? Many who realize the conditions and the need of change doubt the possibility of short strife and revolution.

Freidman spoke in Norwich on Monday, in Montpelier on Tuesday, in Stoughton on Wednesday, and in Pawtucket on Thursday.

Sol. Freidman will address an open-air meeting in New Britain, Saturday evening, Aug. 6.

Rogers V. Debs will speak in only two cities in Connecticut, Hartford and New Haven, during the presidential campaign. Ben Hanford will speak in Bridgeport and probably several other towns. The dates for the presidential candidate will be announced next week.

James E. Carey will fill ten dates in Connecticut during August. He will visit the towns where there are local organizations. Dates and terms have been sent to local secretaries.

D. E. Whitton, the New London machinist manufacturer and philanthropist, declined the challenge to dispute with Sol Freidman on the grounds that the question was not yet an issue near these waters. The local secretaries should be sure to send in all these lists which remain in their possession, as the new lists for the National Campaign Fund will take the place of them.

All of the lists for the half-day's pay fund for the national campaign should be returned at once, together with the money due state and National Committees. The lists have been called in by National Secretary.

West Virginia. The Cabell County convention was held at the Hotel Park in the city of Huntington on July 30, chairman, G. E. Gillespie, secretary, G. W. Barnett. The national platform and state constitution were endorsed and a resolution was adopted declaring the Socialist Party to be the only party that the workingmen or youth producers can expect any relief from and inviting all workers with brains and hand to investigate and consider it if they have anything to say about it.

New Jersey. The semi-annual meeting of Local Union County on July 22 was not so well attended as it should have been. The Secretary reported the receipt of \$24.75 from the (Pawnee Branch) and \$24.75 from the (Western Branch) for the campaign fund, of which \$24.50 had been sent to the State Secretary. The financial report showed receipts of \$95.19 and expenses of \$70.05.

Local Essex County holds a public meeting every Thursday night in front of the Newark Postoffice. On Aug. 13 Henry R. Kearns, our candidate for Governor, and Wm. Killingsbeck will speak on Aug. 13, Geo. Hooley and Jas. M. Reilly, Aug. 25, J. Sackin and Fred.

Local Passaic County is holding special meetings every Friday, ending at the corner of Main and Van Houten streets, Paterson. On Saturday evenings meetings are held in front of the Postoffice at Passaic. Readers of The Worker residing in North Paterson, Little Falls, Singac, and Teapton Lakes are requested to send their addresses to Wm. Glavin, Organizer of Local Passaic County, in order that steps may be taken to arrange meetings in that part of the county.

Open-air meetings will be held in front of the Newark postoffice on Thursday evenings, with the following speakers: Aug. 4, Mrs. Alex. Ersson and Peter E. Burrows; Aug. 11, Wm. Killingsbeck and Henry H. Kearns; Aug. 18, Geo. H. Healy and Jas. M. Reilly.

Ohio. With the approval of the convention of the Thirteenth Congressional District, Comrade Smith of Bellevue, member of the State Committee, has sent to all Ohio locals a letter protesting against the employment of W. G. Critchlow in organizing work, on the ground that his methods, when State Secretary and since, have been such as to discourage sound organization, pile up unjust debts, and develop chaos.

Local Cincinnati has opened headquarters at 1232 Elm street. C. B. Bickett is the agent for The Worker and other party papers and will be glad to take subscriptions.

Massachusetts. The Socialist club of the 7th, 9th, and 12th wards, Boston, will hold a business meeting on Sunday, Aug. 7, 8 p.m., at 600 Washington street. Among the available speakers for the closing

FACTS AND SUGGESTIONS FOR SOCIALIST SPEAKERS.

Some Good Reasons Why Every Workingman Should Vote the Socialist Ticket.

At the request of several street speakers in New York The Worker offers some suggestions that may help you in making an effective exposure of Socialist principles and of the reasons why workingmen should support the Socialist Democratic Party.

In the first place, bear in mind that in a crowd, only a few hear the whole speech and many listen for but a few minutes, and your business is so to speak that the man who listens for only five minutes will get some definite idea.

Second, while it is impossible to give a full exposition of Socialism in five minutes, it is possible to state in less than that time this fundamental idea: IF ANOTHER MAN CONTROLS THE MEANS BY WHICH I LIVE, HE CONTROLS MY LIFE.

Third, while it is impossible to give a full exposition of Socialism in five minutes, it is possible to state in less than that time this fundamental idea: IF ANOTHER MAN CONTROLS THE MEANS BY WHICH I LIVE, HE CONTROLS MY LIFE.

Fourth, while it is impossible to give a full exposition of Socialism in five minutes, it is possible to state in less than that time this fundamental idea: IF ANOTHER MAN CONTROLS THE MEANS BY WHICH I LIVE, HE CONTROLS MY LIFE.

Intelligently cast AGAINST them. So long as the old parties are sure of the workingmen's votes, they will treat the workingmen's wishes with contempt.

The only vote that is not thrown away is the vote that is cast right. The workingman who votes for the parties that permit lockouts and send militia against strikers DOES WORSE THAN THROW HIS VOTE AWAY.

Finally, we suggest to the speaker that he should not try to use in a single speech all the material in his hands, not even all that is given in this article.

Once more, with every fact you use, show the reason for it—private ownership, the means of production, exploitation of labor, conflict of class interests; and take every opportunity to state and restate the way out—to vote for Social Democracy under the Arm and Torch.

AN APPEAL TO WORKINGMEN.

Strikes, lockouts, blacklists, unemployment, bull pens, deportation, clubbing, injunctions—this is our portion, fellow workingmen. The capitalists treat us as if we were things with no will, no heart or reason.

GRAND MASS MEETING Tuesday Sept. 6 AT CARNEGIE HALL

EUGENE V. DEBS, Presidential Candidate of the Socialist Party. Will answer Grover Cleveland's attack on the famous American Railway Union strike in his attempt to defend his sending Federal Troops to break the strike.

George D. Herron will preside. Admission 10 cents. Box seats, 25 cents. Platform seats, 50 cents. Tickets are now on sale at the Labor Lyceum, at the offices of The Worker, "The Comrade," and the Jewish "Forward," at the clubhouses of the Workingmen's Educational Association and various other places.

PARTY NEWS.

Wherever Ben Hanford has spoken so far in Maine, Vermont, and New Hampshire, he has had unusually good meetings. Comrade Littlefield expresses a hope that the old subscribers of the "New Commonwealth," who are getting The Worker in the place of that paper since its suspension, will not fail to renew.

The Wisconsin state convention of the Social Democratic Party (as the Socialist Party is known in that state) has been called for Sept. 3 at Milwaukee. The capitalist papers are already trying to figure out what the Socialists will do.

The Texas state convention meets at Grand Saline on Aug. 6. A big Socialist encampment is planned for the same week. Comrade Bowen of Ashland, Ky., called Huntington, W. Va., recently. He had written Comrade Hanford's pamphlet and sold them all.

The charter of the city of San Francisco provides that the Mayor in appointing the Board of Commissioners, to consist of five, shall appoint two from the Republican party and two from the Democratic party and the fifth from the third strongest party in the state.

A Jewish leaflet, four pages, with the pictures of our national candidates, is published by Comrade Feigenbaum and can be had at the very low price of \$1.50 per thousand copies. It is a convincing document and should be circulated by all party organizations.

At the last meeting of the 33th A. D. B. 2, the resignation of Comrade Blackley was received and ordered to take regular course. The Agitation Committee reported that 50 additional copies of The Worker will be taken weekly, and that 25,000 leaflets had been bought.

The next meeting of the Kings County Committee will occur on Saturday evening, Aug. 13, at the Brooklyn Labor Lyceum. The 9th and 10th A. D. at its street meeting last week again sold 100 copies of The Worker and 10 of the "Volkzeitung."

Comrade LaMonte had to abandon his agitation tour in Missouri on account of sickness. The "Vanguard," edited by J. M. A. Spence of Green Bay, Wis., has been purchased by the Social Democratic Publishing Company of Milwaukee, and will hereafter be issued from that office.

Comrade Littlefield will speak on Socialism at the Spiritualist camp-meeting at Lake Pleasant, Mass., on August 28. A comrade in Saugus, Mass., writes that the Socialist Party is the first in the field there with a fine banner carrying the names of our national candidates.

National Platform of the Socialist Party.

The Socialist Party, in convention assembled, makes its appeal to the American people to defend and preserve the idea of liberty and self-government, which is the basis of our political movement.

Our American institutions came into the world in the name of freedom. They have been seized upon by the capitalist class as the means of exploiting the labor of the people.

Capitalism is the enemy and destroyer of the working class. It is the cause of all our social ills, of all our poverty, of all our suffering.

Our political institutions are being used as the tools of the capitalist class to keep the working class in a state of ignorance and superstition.
